DEATH AND DESTRUCTION IN STORM'S WAKE!

September Building $660,244

NEW RECORD MADE THIS MONTH

Permit Books in Glendale Close Today With Year's Total $7,315,971

By ARTHUR SHERBORNE
Of The Evening News Staff.

SEPTEMBER, like preceding months in 1923, has broken all previous September building totals in Glendale. After a month of feverish activity during which contractors and home builders packed the office of the building department at the city hall, books were closed at noon today with $660,244.

Another significant feature of this year's building progress is the fact that the total for the first nine months of 1923, $7,315,971, exceeds the total for the first nine months of 1922, $4,404,089, by $2,911,882—almost three million dollars.

Going Over Ten Millions

In view of the fact that the entire total of $6,305,971 for last year has been exceeded by $1,010,000 already, H. C. Vandewater, superintendent of the building department, has every reason to believe that the total for this year will surpass the ten million dollar mark.

September, 1924, of course, is expected to break this month's record—but, meanwhile, this month's total stands alone. It surpasses the total of $556,345 for 1922 by $103,899, the amount of $520,009 for 1921 by $140,235 and the total of $486,767 for 1920 by $173,477.

Holidays Are Handicap

The occurrence of two holidays this month is believed to be somewhat of a handicap to September. October is scheduled to exceed this month's record by a large amount. The building office at the city hall will open again Monday morning prepared to register still greater activity during the coming month than ever before in the history of Glendale.

Permits issued recently include the following:

List of Permits

George W. Reeves, 5 rooms and garage, 321 East Dryden street	$ 5,000
W. D. Root, 6 rooms and garage, 1344 East Maple street	5,000
W. D. Root, 5 rooms and garage, 1348 East Maple street	4,000
Luther P. Kettridge, 5 rooms and garage, 514 South Belmont street	3,000
C. J. Fleming, 3 rooms and addition, 641A North Kenwood street	1,950
Lola Barlow, 3 rooms, 224 West Palmer street	1,500
E. T. Galley, garage, 517 West Doran street	130
Walter Hayden, garage, 211 Kenilworth road	100

LEGION MEN HEAR FERRY ON MEXICO

Southern Republic's Military Makes Fine Showing in Parade, He Says

Observations during his recent trip to Mexico City were commented upon by Contractor Peter L. Ferry of 614 East Acacia avenue last night at the regular weekly meeting of the local post of the American Legion. Mayor Spencer Robinson, who also was invited to explain some of his experiences in the "sister republic," was unable to attend.

Commander Chalmer D. Day was unable to remain through the entire session, and turned the gavel over to Vice-Commander Don Packer.

One of the most interesting sights in Mexico, in the opinion of Mr. Ferry, is the pyramids at Chapultepec—some of which are larger than the pyramids of Egypt. The base of one of them is 1000 feet square in area and rises by ten-foot steps to a height of 270.

"Cost Too Much Now"

"Nobody would try to build anything like that today," remarked Mr. Ferry, mentioning the fact that he had roughly esti-

CLUB STARTS TWENTIETH YEAR HERE

Tuesday Afternoon Program for First Meeting Is Most Attractive

By KATHERINE V. SINKS
Of The Evening News Staff

ENTERING upon the twentieth year since its organization in 1904 the Tuesday Afternoon club will meet next Tuesday, October 2 for the first club luncheon, meeting and program of 1923-1924.

As is the custom, this first event of the year will be "President's Day" and 300 club members and guests will be gathered about the president, Mrs. Daniel Campbell, for the 12:30 o'clock luncheon, and this number will be augmented to over 500 for the club meeting and program in the afternoon in the auditorium.

Nearly 1000 Members

This "President's Day" is a unique one in the history of the club, for it is the first to be celebrated in the beautiful new clubhouse, completed and formally opened last March, and is marked by a membership of close onto a thousand women, as compared with twenty-four members on the organization date in 1904.

On this occasion it is most fitting that Mrs. Campbell should receive a message of inspiration from Mrs. Thomas G. Winter, president of the General Federation of Women's clubs. Mrs. Winter says in her message:

Text of Message

"At the opening of another club season may I send you the best wishes of the official family of the General Federation and our hope that the year to come will strengthen and deepen and sweeten our common club life. More and more we realize that every club activity and all the quickening of our intellectual life and our understanding of our problems, all these have a definite relation to national well being.

"It is to be hoped that your membership in the General Federation will be of concrete service to you, but infinitely more important than what you get is what you can give. You can make a real contribution, each in your own way, toward a better America, whether in citizenship, in education, in health, in our institutions, in child welfare, in higher standards of home life, in legislation, or in the outflowing of the spirit that expresses the soul of the nation in art.

Two Million in Clubs

"You are helping to keep the country sane and balanced. You are helping her to achieve herself, to be the leader of the world. This kind of achievement is not individual. It is gained only by phalanx work, by being a great team. Our federation means only this, the team work of 2,000,000 women for a better America. No one of us is working for our own benefit. We are together for the sake of all. The general federation hopes from time to time to send you some timely suggestions about such co-

(Continued on page 8)

Former Premier Lloyd George to Be Sioux 'Injun'

WASHINGTON, Sept. 29.—Former Premier Lloyd George of Great Britain will be a member of the Sioux Indian tribe of America within a few weeks, Secretary of the Interior Work announced today.

A delegation of Sioux Indians from the Cheyenne reservation in South Dakota, will call on Lloyd George as he passes through Minneapolis, on October 15. After being adopted into the tribe, the former prime minister will be given a Sioux name.

PLETHORA O' PUPS PUZZLE PROF. AXE

Pupils' Attention Distracted From Studies as Mutts Battle in Classes

By F. A. GRAHAM
Of The Evening News Staff

TUJUNGA, Sept. 29.—Principal Axe has many troubles at the Tujunga school, even as yon and I, but the one with which he has the least patience is the entertainment of dogs at the school house.

While he admits that the dog is a noble animal and a true friend of man, he desires that the men keep their friends away from the school house, at least until such a time as the district is able to establish a canine department for instruction and entertainment.

It appears that the teachers are opposed to their pupils' dogs attending class. In fact, some of the remarks passed give the impression that dogs are considered a downright nuisance and cordially disliked as adjuncts to school sessions. That is, by the teachers. None of the pupils have as yet registered complaints.

Dogfights Liven Studies

Anyway, trying to keep their minds on lessons while an Airedale is defending his pedigree against an antagonistic souphound is proving a well-nigh impossible task to the pupils. Keeping one eye on a "jography" and one on the conflict, without losing any details of either is beginning to have a decidedly undesirable effect on said pupils' optics. The parents are beginning to wonder which one of their ancestors had crossed eyes, and why their particular offspring should be so afflicted.

Considering the fact that there are eight dogs to every rock in Tujunga, it may be necessary to equip the school janitor with a machine gun, if the school continues to prove such an irresistible attraction to man's best friend.

Espee Engine Dives Into Sacramento River

PORT COSTA, Sept. 29.—As the engine drawing the Oregonian, crack Shasta route train from San Francisco to Portland, pulled on the slip at the Carquinez straits ferry today, the slip gave way, allowing one end of the engine to drop into the water. The train was moved on to the ferry by another track without delay. No one was injured.

LATEST NEWS

$50,000 IN SILK HOSIERY STOLEN AT MILL

LANGHORNE, Pa., Sept. 29.—Four masked bandits early today overpowered the watchman at the hosiery mill here, bound him to one of the machines and escaped with $50,000 worth of silk hosiery.

BAVARIAN DICTATOR DEFIES BERLIN RULER

MUNICH, Sept. 29.—Bavarian Dictator Von Kahr late today defied the German national dictator, Otto Gessler, by refusing to suppress the official newspaper organ of the Hitlerites, Voelkischer Beobachter. Gessler had demanded that the paper be suppressed.

VICTIMS OF MOB VIOLENCE WARNED TO GET OUT

TULSA, Okla., Sept. 29.—Mysterious disappearance of victims of mob violence on the eve of the trial of persons accused of assaulting them, was under investigation here today, according to R. R. Stevens, special investigator from the governor's office. They are warned to get out.

ITALIANS RETURN PART OF INDEMNITY

LONDON, Sept. 29.—King Victor Emmanuel and Premier Mussolini, of Italy, have decided to give ten million of the fifty million lire received in the Greek indemnity settlement toward the relief of Greek and Armenian refugees from Asia, said a Rome dispatch this afternoon.

HOME OWNER HEALTHIER, HAPPIER

Herbert Hoover Says So in Boosting Campaign of House Building

By HARRY WARD
For International News Service

WASHINGTON, Sept. 29.—The maintenance of a high percentage of individual home owners is "one of the searching tests that now challenges the people of the United States," Secretary of Commerce Herbert Hoover declared today in issuing a government manual in connection with the "Own Your Home" campaign of the department of commerce.

Secretary Hoover expressed the belief that business groups are looking at home-owning in a new and more favorable light.

It Is "Square Deal"

"They see that taking a neighborly interest in developing sound financing and other machinery for the use of home-seekers, and insisting on the observance of honest, straightforward methods by those who deal with home-seekers is not paternalism, but good business and good citizenship," he said. "It is the square deal, and it is not only right, but essential, that the cards should not be stacked against the home-seeker.

"Buying or building a home requires the use of sound judgment in seeking that the personal needs of the family are best met with the funds available. It involves not only the carrying on of transactions of financing and buying or building, but it involves the proper determination of location with respect to school, to work and to neighborhood.

Take Pride in Place

"A family that owns its own home takes pride in it, maintains it better, gets more pleasure out of it, and has a more wholesome, healthful and happy atmosphere in which to bring up children.

"The home-owner has a constructive aim in life. He works harder outside his home, spends his leisure hours more profitably, and he and his family live a finer life and enjoy more of the comforts and cultivating influences of our modern civilization."

Lloyd George Starts on Trip to America

LONDON, Sept. 29.—Former Premier Lloyd George, accompanied by his wife and daughter, departed today for America amidst scenes of enthusiasm that recalled the days when he was in the heyday of his power.

"I appreciate your kindness in seeing me off the premises," shouted the former premier from the car window in answer to cheers of the crowd. "Take good care of the old country while I am gone."

The cheering gave way to laughter.

The former premier received an unprecedented send-off. The streets abutting the railway station were lined with thousands of people.

Mike de Pike Booze Scandal to Courts

CHICAGO, Sept. 29.—Echoes of Chicago's first big bootleg scandal, known as the Mike (De Pike) Heitler conspiracy, were heard here today when the federal grand jury returned indictments against sixteen persons, including two former prohibition agents. The true bills returned four counts each.

REV. FREEMAN RAISED

WASHINGTON, Sept. 29.—The Right Rev. James E. Freeman was consecrated today as the third bishop of Washington. The ceremonies were held at the Church of the Epiphany before a large gathering of Episcopal dignitaries and laymen.

FRESH JAPAN QUAKE

LONDON, Sept. 29.—A severe vertical earthquake shock shook Osaka and Kobe early today, said a dispatch from Osaka. No damage and no casualties were reported. Tokio and Nogoya were not affected.

FLOOD TRAIN TOLL SET AT 42

Cole Creek, Wyo., Today Is Giving Up Ghastly Remains of Victims

CASPER, Wyo., Sept. 29.—With the number of dead still undetermined in Wyoming's most appalling railroad disaster in years, dawn today brought hope that rescue workers would be able to reach the submerged cars of Chicago, Burlington & Quincy passenger train No. 30, which plunged into the raging torrent of Cole creek when a bridge collapsed late Thursday night.

Railroad officials still clung to their belief that not more than twenty-five victims are in the watery grave of Cole creek, but statements of rescued passengers indicate that between forty and fifty-five met their death when the floodwaters of the surging stream sealed them in the toppled-over passenger cars.

Rain Hinders Work

With rain still falling and the swift current lapping the portions of the cars still protruding from the water, all efforts at removing the dead bodies were abandoned late last night, and because of the fear that the coaches might break and the bodies float down-stream if derricks and hoisting equipment were attached to them, it was decided to wait until the waters in the normally dry creek had subsided before further attempting to take out the victims.

Rain ceased falling early this morning, and at dawn indications were that the floodwaters would subside during the day to a point that will permit entrance to the submerged coaches of the ill-fated train.

It is feared that all chances of identification will have passed unless the bodies are recovered today, as they now have been in the water more than thirty hours.

Dr. J. F. O'Donnell, Burlington surgeon, stated this morning that the speed of the stream, which has been like a veritable Niagara, will so mar the faces of those in the water, and result in such decomposition that even embalming will be difficult.

Identify Two Bodies

Two bodies from the wreckage, Express Messenger D. E. Schultz of Denver and H. M. Schmidt of Glen Rock, had been identified early today. Two bodies had been washed ashore at Glen Rock, and reports, unconfirmed, were received from the vicinity of the wreck that several bodies had been seen floating down the Platte river, of which Cole creek is a tributary, at daybreak today.

According to Burlington railroad officials, a check-up of their records showed that there were approximately seventy-six persons on the train when it left Casper. Thirty-four have been accounted for, leaving forty-two believed dead. This report was confirmed by some of the surviving passengers, who declared that the train carried its lightest load in months when it started on its fatal journey.

Man Wound Into Jaws of Death by Cable

LOS ANGELES Sept. 29.—After tripping on a cable on the floor of an oil derrick in Boyle Heights, early today, George W. Davis was thrown onto the big "bull wheel" and his body cut in half, killing him almost instantly.

According to accounts of the accident given at the receiving hospital, Davis attempted to jump across the cable, but slipped and fell on it.

Bandits Near Glendale Kidnap and Rob Man

LOS ANGELES, Sept. 29.—Kidnaped by a bandit at the point of a revolver near Glendale early today, C. H. Belland was forced to drive nearly twenty miles through the country and finally robbed by the man and two companions, who trailed his machine with another automobile, according to Belland's story to the police. Belland said the loot taken from him consisted of a valuable watch, diamond stick pin, $9 in cash, his overcoat and hat.

SEVENTEEN DROWN, PROPERTY DEMOLISHED AS CLOUDBURSTS SWEEP MIDDLE WEST STATES

SEVENTEEN known dead and property damage running into thousands of dollars are toll of violent storms, accompanied by cloudbursts and floods in three mid-western states.

Mill creek, near Louisville, Neb., claimed twelve lives when it swept a house and drowned all of its occupants.

Five persons were killed and a number of others reported injured when a tornado descended on Council Bluffs, Iowa, and levelled many buildings within an area of two blocks.

At Council Bluffs thirty-five houses were reported wrecked. Firemen were called out to rescue occupants.

Railroad schedules are seriously impaired. In some sections of Nebraska water is six inches deep on the tracks.

More than a million dollars' damage is believed today to have resulted in central Wyoming as a result of the worst flood conditions experienced in several years.

The Yellowstone highway is submerged, and bridges on the Chicago & Northwestern between Casper and Lander have been swept away.

The great Salt creek oil field is isolated. Oil carrying pipe lines have been broken and huge quantities of crude oil are escaping.

In Sheridan scores of families were forced to flee from their homes when the waters of Big and Little Goose creeks became raging torrents.

Reports from Rock Springs said that the bad weather has caused government air mail flyers much trouble. Pilots claim it is impossible to go over the mountains because of heavy fog and rains.

TERROR IN JAPAN VIVIDLY PICTURED

Rev. A. D. Berry Writes to Julius Soper Family Here About Quake

Vivid word pictures of the recent earthquake and fire are contained in a lengthy letter just received by Rev. and Mrs. Julius Soper of 1305 North Maryland avenue from Rev. A. D. Berry, dean of the Methodist theological school at Aoyama, Tokio, Japan.

This supplements information received from other sources in regard to Miss Mathilda Spencer, who left the Soper home two years ago to return to Japan after a year's visit. She had been a patient at a Yokohoma hospital at the time of the quake. When the building caught fire she was carried out and given passage on the Empress of China to Kobe where she is awaiting a steamship to bring her back to the United States.

Eyewitness Account

The account of the earthquake which occurred while a week-end was being spent at Karuizawa, is as follows:

"We were standing in the middle of the street, talking with folks who were welcoming me back to Japan, when just at 12 o'clock, noon, the earth began to shake beneath our feet. The stores and other buildings all up and down the crowded, narrow street began to sway around, likewise the telegraph and electric light poles.

"I knew at once that it was the worst earthquake I had ever experienced in my twenty-one years in Japan, for it was the first time that I had ever felt and seen the ground shake up and down.

Terrifying Scenes

"Ed and I started at once for the house where his wife and eight children were—and were stopped by another bad quake. After we got to the house the quakes would come again and again. We were all rushing outdoors, in the rain, and back into the house for hours. The children were terrified.

"I made up my own mind that it was all caused by our active volcano, Mount Asama. I expected the quakes to continue until the volcano blew out ot the top in a big eruption. When I saw in the afternoon big clouds of black smoke rise from Asama, I felt that the worst was over. Later, of course, we found that it had nothing to do with Asama.

"We felt shocks during the night, but no bad ones. Of course, we all slept ready to jump out of bed and run for our lives.

"Sunday morning we heard the first sure news—that Tokio was burning and Yokohama was destroyed."

Rev. Berry and a friend started at once by rail for Tokio, which they reached in seven and one-half hours.

"We tramped along the river until we could cross over a pontoon bridge the soldiers had put across, and then to Akabane station—a three-mile walk. We passed hundreds of houses that were smashed to the ground. The people were all out of the other houses. But there had been no fire in the outlying section.

"Every little while we would

(Continued on page 3)

GRAND VIEW'S NEW SCHOOL UNIT DONE

200 Pct. More Enrollment Even Taxes Additional Building, Claim

The new unit to the Grand View school will be ready for occupancy Monday, ccording to the announcement of Richardson D. White, superintendent of the grammar school system.

This means that half-day sessions will not be necessary at this school after this week—except in the first grade.

"The fact remains," asserted Mr. White, "that when the new unit is completed the building still will not have enough rooms to accommodate the enrollment."

The increase in attendance at this school, in the opinion of Mr White, explains the situation perfectly. At the commencement of the second week of school last year 110 pupils were registered at this school. Monday the enrollment was 258—an increase of 148 students. Whereas, the average increase in enrollment all over the city has been 24.7 per cent the increase at this particular school has been over 100 per cent.

302 Enrolled in School

In addition, the kindergarten which had not been established there last year, has an enrollment of forty-four. This makes the total enrollment 302 or 152 boys and 150 girls.

To supply an extra room, arrangements are being made to have a bungalow built on the grounds as soon as possible. Bids for this are now being advertised for and the contract is scheduled to be let October 9. About three weeks will be required for the construction work.

Architect George M. Lindsey of 345 North Harvey drive prepared the plans for the new unit at this school. The general contract was held by the North Pacific Construction company.

Faculty Is Listed

The faculty at this school is as follows: Miss Vera L. Sinclair of 245 Sinclair avenue, principal and sixth grade, 35 pupils; Miss Sara Dunn of 934 North Louise street, B-1, 36; Miss Ollie Hutchinson of 321 North Orange street, B-1 and A-1, 38; Miss Dorothy G. Sherman of 316 Ethel street, second grade, 41; Mrs. Ethyl Carpenter of 508 Burchett street, third grade, 38; Miss Helen Reynolds of 910 Kenneth road, fourth grade, 33; Crs. Ella E. Gray of 933 Glenwood road, fifth grade, 37; Miss Faith Tarling of 426 South Adams street, kindergarten, 44.

Dictator's Authority Enforced by Troops

MUNICH, Sept. 29.—Reinforcements of federal troops poured into Bavaria today to suppress disorder and to maintain the authority of the federal dictator.

During the night the clatter of tanks could be heard in Munich as they rumbled through the streets to guard the barracks.

Searchlights swept the sky.

After daybreak airplanes began to drone over the city, drifting lazily back and forth watching for concentrations of Fascisti.

Troops are guarding the government buildings.

11 MOURNERS TRAPPED AT NEBRASKA FUNERAL

Home Swept Into Swirling Waters of Mill Creek Near Louisville

LINCOLN, Neb., Sept. 29.—Fourteen persons are dead today as the result of an unprecedented cloudburst throughout the eastern part of Nebraska yesterday and early this morning. Eleven mourners at a "wake" over the body of Mrs. Mary McCarver were drowned when the McCarver home was torn from its foundations by Mill creek, which rose six feet in less than one hour, and was swept into the swirling waters of the Platte river.

In addition to the McCarver home, several other houses at Louisville were swept downstream but the occupants were rescued.

Mill creek abandoned its natural channel and swept down the main street of Louisville, driving panic-stricken inhabitants from their homes and flooding the business section of the town to a depth of four feet.

List of Dead

The dead at Louisville:

Mrs. Lou Smith, of Chicago, Mrs. Carver's sister.

Mr. and Mrs. Alfred Laird and two children.

Robert McCarver.

Will McCarver, wife and two children.

Mrs. J. W. Morgan and young son.

All of the dead with the exception of Mrs. Smith, were residents of Louisville.

A man was drowned near York when his car became stalled in a stream which had overflowed its banks. While endeavoring to reach a farm house for aid he fell into a hole and was drowned.

Dr. A. A. Ward of Marquette, was found this morning under his overturned car in a ditch near Grand Island.

The crest of the flood at Louisville was reached at 3 a. m. today and thereafter began to subside.

Bridges Go Out

All bridges in the eastern section of the state spanning the Platte river and its important tributaries are reported out. It is believed that about five inches of rain fell in Louisville, and 5.34 inches were reported from Omaha and 4.96 inches here. Louisville is about half way between Omaha and Lincoln.

In Lincoln and suburbs houses and cellars were flooded and today nearly sixty families living in low lying sections were forced to abandon their homes. Tourists in the automobile camping park here were surrounded on all sides by the waters of Antelope creek and had to be rescued in boats and by rope lines.

OKLAHOMA COURT DENIES PETITION

Request for Mandamus Writ Ordering Election Is Refused by Judges

OKLAHOMA CITY, Okla. Sept. 29.—The state Supreme court today denied a writ of mandamus filed by Campbell Russell, former corporation commissioner, asking that the court direct the state board of affairs and the secretary of the state election board to perform all acts necessary to legally get the initiative "petition No. 79" placed on the ballot in Tuesday's election.

The state Supreme court by this decision put the matter of whether the people would vote on "Waltonism" involved in "petition No. 79" up to the election officials.

Immediately afterwards W. C. Lester, secretary of the state election board, said:

"Now I do not know where I stand. I will ask an opinion from the attorney-general."

CAT CAUSES DEATH

LOS ANGELES, Sept. 29.—The victim of a playful prank of a cat, which pawed off the hose of a gas jet in her home, funeral arrangements were being made today for Mrs. A. B. Brockner, found dead last night from asphyxiation.

Personal Mention

Mr. and Mrs. A. P. McBoyle recently moved from 369 Milford street to Downey, where they will make their home.

Mr. and Mrs. C. J. Letts of 450 West Lexington drive, are leaving Monday for the Grand Canyon, where they will spend a week's vacation.

B. M. Wood of Oxnard was the guest yesterday of his sister, Mrs. Louisa G. Wood, 1470 East Wilson avenue, during a brief visit to Glendale on business.

Misses Dorothy and Georgia Young of 517 North Maryland avenue spent several days this week in Los Angeles visiting at the home of their mother, Mrs. Ernest Wirsching.

Dale T. Wood returned from Redlands University yesterday to visit his mother, Mrs. Louisa G. Wood, and his sister, Mrs. Harry W. Chase, at their home at 1470 East Wilson avenue.

Mr. and Mrs. A. D. Pierce and daughters Dorothy and Lucille of 1311 East Harvard street, enjoyed a very pleasant motor trip to Santa Ana on Tuesday where they were the guests of friends.

Mr. and Mrs. John Green of 1437 East Colorado boulevard, accompanied by Mrs. Green's mother, Mrs. Rose Black, were visitors with former Texas friends in Pomona during the early part of the week.

R. A. Glines of 705 West California street, has just returned home after an enjoyable vacation and hunting trip in the mountains near San Diego. He was gone a week and was accompanied by Los Angeles friends.

Mrs. S. M. Reynolds, who has been visiting at the home of her son-in-law and daughter, Mr. and Mrs. M. Montague Porter of 1343 East Harvard street, for the past three months, returned to her home in Los Angeles on Thursday.

Mr. and Mrs. E. H. Learned of 1549 Glenwood road entertained a few intimate friends at dinner last night in honor of their son-in-law and daughter, Mr. and Mrs. Carroll W. Thompson, whose marriage was a recent event.

Newton Beatty of East Broadway leaves today for Newark, N. J., where he was called on business. During his trip Mr. Beatty will spend several weeks at the home of his parents, Mr. and Mrs. Samuel W. Beatty of Syracuse, N. Y.

Mr. and Mrs. Hubert Jones of West Lexington drive returned on Wednesday of this week from a two weeks' visit in San Francisco and other cities in the northern part of the state. Most of the time was spent at the bay city home of Mrs. Jones' parents.

Thomas McClellan, son of Mr. and Mrs. J. B. McClellan of 126 North Central avenue, left last night for Stanford University where he has enrolled as a first year student. Yesterday Rev. Sam Allison of Denver, Colo., who is sojourning in Southern California, was a guest at the McClellan home.

Mrs. E. H. Baird, who has been visiting her parents, Mr. and Mrs. I. J. Spafford of 314 East Chestnut street, for the past three weeks, leaves to morrow morning for her home in Dyersburg, Tenn. She will meet her husband, Dr. Baird and daughter Arlene in St. Louis, Mo., and will motor the rest of the way home with them.

E. H. Griffith and family, who have recently arrived here from Dalhart, Texas, are now temporary located at Montrose. As soon as they can find a location in Glendale, they will make their permanent home here. The Griffiths have lived in Texas for the past twenty-one years, but are delighted with California and proud of Glendale. Mr. Griffith is in the real estate business and a member of the firm, Carter and Griffith, who have offices at the corner of Honolulu and Ocean View avenues, Montrose.

Mrs. Grace Cunningham of Los Angeles was the luncheon guest yesterday of Mrs. E. M. Lynch of 408 North Jackson street.

Miss Marjorie Imler of Fillmore is spending the week-end at the home of her mother, Mrs. Adelaide H. Imler of 336 West Park avenue.

Mrs. Fannie B. Crouch of 517 North Maryland avenue has commenced the erection of a four-room cottage on the rear of her property.

Dr. and Mrs. W. E. Watkins and son, Harlan, who have recently arrived here from Sturgess, Mich., are now located at 369 Milford street.

Miss Eva Daniels, Dr. Jessie A. Russell, J. H. Franklin, Mr. and Mrs. L. C. Leppelman were among the Glendalians attending the dinner last night in Los Angeles for Hiram Johnson.

Miss Zella Keim of 342 West California avenue left last Wednesday for the northern part of the state for a ten days' visit with relatives on a large ranch near Santa Maria.

Sam Newcomb of Los Angeles, formerly a resident of this city, was a Glendale visitor Thursday. Mr. Newcomb is attending Southern Branch of the University of California in Los Angeles.

Miss Dorothy Haworth of Hollywood returned to her home yesterday after visiting several days at the home of her brother-in-law and sister, Mr. and Mrs. Thomas Jenks of South San Fernando road.

Mr. and Mrs. T. H. Hoshins and family of North Louise street left this morning for San Diego, where they will spend the week-end at the home of Mrs. Hoskins' grandparents, Mr. and Mrs. Robert J. Knight.

Mr. and Mrs. W. J. Farbar are anticipating great pleasure in their home at 219 East Palmer, which they are modernizing by adding French windows and making other extensive repairs in the way of painting and papering.

Faith Bernice Perry, daughter of Mr. and Mrs. C. A. Perry of 111 North Louise street, who has been seriously ill for the past three weeks at a Los Angeles hospital, arrived home today and is somewhat improved, it is reported.

Mrs. C. D. Lusby of 208 Hawthorne street entertained at luncheon in honor of her house guest, Mrs. F. M. Lord of San Jose. Other guests were Mesdames W. A. Wilson, C. R. Lusby, W. E. Lusby and F. C. Hamilton.

Mr. and Mrs. E. B. Ellias were the hosts at an informal dinner last evening at their home, 130 South Orange, celebrating the birthday anniversary of Mrs. Ellias' niece, Mrs. John Hart, of Los Angeles. The guests were Mr. and Mrs. John Hart and Miss Hazel Wadsworth.

Mr. and Mrs. F. S. Morgan and family recently moved from 124 East Acacia avenue to 1280 South Boynton street. Miss Helene Morgan, who has been conducting her studio at the home of Dr. and Mrs. E. L. Eames at 819 South Brand boulevard, will open her studio at her home, 1280 South Boynton street, the first of the week.

Fire Trail to Guard State Institutions

SACRAMENTO, Sept. 29.—Fire trails around the several state institutions will be built as a result of the recent disastrous fire, according to E. G. Twogood, director of the state department institutions.

Last summer the inmates of the Mendocino State Hospital constructed a fire break seven miles long and 100 feet in width, which unquestionably saved that institution from destruction, according to Twogood.

The Mendocino fire trail will be used as a model for trails protecting other state institutions in heavily forested districts.

Urge Continuance of Division of Markets

SACRAMENTO, Sept. 29.—Continuance of the Division of Markets, a subsidiary of the State Department of Agriculture, was urged today by a delegation of shippers and growers who appeared before the State Agricultural Council.

Abolition of the market division is favored by Mrs. Nellie Brewer Pierce, budget-maker for Governor Richardson, and the council is holding hearings to determine the sentiment of the farmers, growers and shippers.

CIRCUS DAY THRILLS

Escaping from its cage in a circus showing at Willaura, Victoria, recently, a lion so frightened horses attached to a lorry on which were a caged lioness and panther, that the equines bolted down the main street and caused consternation among the residents. Attendants stopped the horses and captured the fugitive before the people recovered from the excitement of a circus, a runaway and a jungle halt all in one day.

In many cases persistent rumors are the jury that will convict an innocent man.

Chasing Idle Rumors
News Is What We Want
Fate Plays Its Pranks
Eight Quips and Quirks

By Gil A. Cowan

THEY say that—and there the rumor starts. Chasing idle rumors is the principal pastime of a newspaper reporter.

There are lots of idle rumors around Glendale, but few idle rooms. Also, there is so much news we sometimes think there is no end to it.

So the question resolves itself into what to print—what interests our readers most.

It is the endeavor of The Glendale Evening News staff to write that which the subscribers want.

If you know any news, tell us. If you like certain news, tell us. We want to give you what you want in these columns.

How miserable we poor earthly beings are when it comes to providing against disaster. Japan, for instance, would never believe it would suffer so from earth shock.

No navy man would ever have admitted that eleven destroyers could pile up on the rocks the way the squadron did at Honda head.

Berkeley little dreamed it would be ravaged by fire.

And that railroad wreck in Wyoming—

Why, all the safety devices, all the cunning schemes of men, all the intuition of the soothsayers fail to prevent fate playing its pranks.

If you have read every word in tonight's edition of The Glendale Evening News you will get a bit of joy out of the following quips compiled by International News Service from the newspapers throughout the state:

Just because a man wants a position is no sign he wants to work.—Siskiyou News.

* * *

Computing the value of German marks is easy. Just add three ciphers to the last valuation.—Corning Observer.

* * *

Another good memory test is to name all the receptive candidates for the presidency.—Long Beach Telegram.

* * *

Coolidge gets up at 5:30 every morning. Now what little boy wants to be president?—Santa Rosa Republican.

* * *

The teaching of the constitution of the United States should be required by law in every school in the land. A thorough understanding of our own government is the best way to beat the reds.—Marysville Appeal.

* * *

We trust that in bringing the mail across the continent in twenty-six hours, the burden of our waste basket will not be added to by more useless documents from Washington. The longer it takes to get them here, the better.—Chico Record.

* * *

Some day Obregon will get recognition as one of the big men of his time. He has made Mexico a safe place for investment. Recognition of Obregon by Washington ought to open Mexico's doors to many American dollars, attracted by big possible profit, without the intent of old-fashioned looting.—Sacramento Star.

* * *

No presidential possibility in the United States is receiving more attention from the newspapers of the east, and the press correspondents at Washington, than Hiram W. Johnson. Scarcely a day passes without mention of him, whether favorable or otherwise in the chief journals of New York.

Glendale Appeals to Visitors From North

Mr. and Mrs. F. Stanley Siegfried of Lodi, Calif., drove down to Glendale last Saturday and spent the week with Mr. Siegfried's brother-in-law, Craig E. Stumpf, 535 Spencer drive, returning yesterday. Mr. Siegfried's father and mother of Wilkesbarre, Pa., who have been spending the summer in Central California, accompanied their son on the trip south.

Mr. Stumpf took especial pains in showing the visitors the city and adjoining localities and reports that they are more than pleased with the south and especially Glendale. On this, the "fastest growing city," they are completely sold and it is just a question of disposing of their holdings in the north until they will be located permanently in Glendale.

Scout Roundup Plans Are All Completed

The district scout roundup arrangements are all complete and everything is in order for a gala afternoon and evening at La Crescenta, according to a report of the Scout office.

The Automobile Club of Southern California have been busy all morning signing the route to Los Robles Verdes (The Green Oaks). Directions for getting there are as follows: North on Glendale avenue and Verdugo Road to Montrose, west on Honolulu avenue to Pennsylvania avenue, north one block to gas station and then west again on Honolulu avenue for about one mile to Los Robles Verdes.

The program is scheduled to begin at 3 o'clock. Everybody is expected to bring a picnic dinner which they may eat under the oak trees. The Campfire program will begin at 7 o'clock.

The admixture in most poems is nonsense and brands all poets as fools.

SOCIAL EVENTS

Birthday Dinner

C. W. Houston of 440 West Myrtle street will be honored tomorrow at a family dinner party at the Tuesday Afternoon clubhouse, where Mrs. Houston will be hostess to forty relatives celebrating his birthday.

Yellow and white dahlias and blue delphinium will be artistically combined in decorating the two large tables, one for the older members of the family and the other for the young people.

Dinner will be served at 2 o'clock in the Italian tea room.

Included in the company will be Mr. and Mrs. H. H. Houston of Oakland; Mr. and Mrs. C. V. Anderson and children, Emily, Betty and Vance of Bakersfield; Mr. and Mrs. John H. Alexander and children, Frances and Jack, Mr. and Mrs. R. H. Alexander and children, Mary and Richard, Mr. and Mrs. Wallace Jones and children, Houston, James and Junior, Mrs. M. M. Weeks and Mr. Strathmere of Los Angeles; Mr. and Mrs. E. P. Lock and daughter Mary Frances of Highland Park; Rev. and Mrs. Jack Atwill and son John of San Gabriel; Mr. and Mrs. June M. Selleck, Mr. and Mrs. Dayton Selleck and son Jack of Glendale.

And the following mothers Mrs. M. L. Patterson of Glendale; Mrs. M. M. Houston of Los Angeles; Mrs. Emily Alexander of Los Angeles; Mrs. F. T. Selleck of Glendale; Mrs. D. Jones of Glendale.

And Mr. and Mrs. C. W. Houston and daughters Dorothy and Elizabeth.

♣ ♣ ♣

Anticipate Trip

The announcement that Mr. and Mrs. Edwin W. Evans, and daughter, Coral Mae, will spend the winter in Kentucky was the occasion of a delightful surprise and handkerchief shower, with which Mrs. Evans' friends complimented her on Wednesday afternoon at her home, 1314 South Mariposa.

The self-invited guests were Mesdames W. B. Alexander, F. G Hartman, L. D. Torrey, George H. Peterson, D. B. Edwards, Charles Seger, Albert Cawood, Clark Johnson, Walter Butterly, Edward Strong, Wesley Bullis and Miss Mae Cornwell.

Dainty little gifts were presented to Mrs. Evans and delicious home-made cake and coffee were served.

Mr. and Mrs. Evans expect to leave in about two weeks for Fort Mitchell, near Covington, Ky., where they will spend the winter. The trip will be made by auto, following the Santa Fe trail. An extended visit will be made in New Mexico, the old home of Mrs. Evans.

♣ ♣ ♣

Honor Visitors

Mrs. Robert P. McMullin and daughter, Mrs. Gus Lavison of 1313 North Columbus avenue entertained informally Thursday afternoon in honor of Mr. Lavison's mother and sister, Mrs. G. A. Lavison and Miss Louise Lavison of Memphis, Tenn., who are guests at the McMullin home. Light refreshments were served.

The guests were Mrs. Albert Pickles, Mrs. Marie Petty, Mrs. Joseph E. Foy, Mrs. C. E. Snively, Mrs. Raymond Kimball, Mrs. Herbert Grey, and the guests of honor. Mrs. Lavison and her daughter have taken an apartment on North Kenwood street which they plan to occupy for the winter and may locate in Glendale permanently.

♣ ♣ ♣

Entertains Class

The members of the Berean Bible class of the First Baptist church held their regular meeting Thursday afternoon at the home of Mrs. S. A. Chase, 1439 East Wilson avenue.

There were about thirty members and friends in attendance.

During the early part of the afternoon a short business meeting was held with the president, Mrs. J. F. Moody, in charge. This was followed by an interesting program, consisting of an interesting talk by Mrs. A. Sisley and readings by little Margaret Chase and also an interesting talk by Mrs. C. F. Kent relative to her recent eastern trip.

Plans were also completed for the missionary box to be packed for mission work in China.

♣ ♣ ♣

Dancing Tonight

The Security Benefit Association which has recently organized a new council with Mrs. H. B. Mayer as district manager, is entertaining tonight with a dance at the American Legion hall.

The music for the dancing will be furnished by the popular Kelly Shrine club orchestra. There will be no admission charges and the public is cordially extended an invitation to attend.

♣ ♣ ♣

Luncheon Affair

Mrs. C. J. Letts of 450 West Lexington drive, was hostess on Thursday to a number of friends when she entertained with a luncheon complimenting her aunt, Mrs. W. R. Babcock of Los Angeles, who has been visiting here.

Covers were laid for Mesdames J. P. Barker, L. W. Price, William Holten, N. J. White, A. S. Hoch, Alma Letts, W. R. Babcock and the hostess, Mrs. C. J. Letts.

♣ ♣ ♣

Twelfth Birthday

The twelfth birthday anniversary of Dorothy Erskine was doubly celebrated yesterday at her home 1238 South Maryland, when her parents, Mr. and Mrs. Don S Erskine, entertained several of her little friends at dinner. The guests were Betty and Dorothy Grant and Lena Costa.

♣ ♣ ♣

Meet On Monday

Madrigal club members are to meet promptly at 1:30 o'clock Monday afternoon at the home of the president, Mrs. Paul Hoffman at 327 North Maryland avenue. A large attendance is urged as business matters are to be considered.

Artists' Section

There were thirty Glendale musical artists present last night at the Le Roy W. Bosserman home at 614 South Central avenue, for a meeting of the artists' section of the Glendale Music club.

The meeting was called primarily for making plans for the coming year and after the business was considered, a talk was heard by Mrs. Mattison B. Jones, club president, and an impromptu program was given.

Miss Gertrude Cleophas, curator, announced the following appointments: Mrs. Emma Legge, corresponding secretary; Mrs. Helen Sawyer, reporting secretary; Mrs. Frank Arnold, programs; Julius Kranz, chairman of stringed instruments for programs; Mrs. Frankie Webb, chairman of papers to be presented on programs; Mrs. William Hopkins, chairman of publicity; Mrs. Mabel Franklin Ocker, chairman of the artists' registration bureau and chairman of altruism; Mrs. Calvin Whiting, Mrs. Alexander Mitchell and Mrs. Frankie Webb, hospitality committee.

Those taking part in the program were Miss Long, Mrs. Legge, Mrs. Bosserman, pianists; Henry Cantor and Mrs. R. A. Puffer, Jr., vocalists.

Mrs. Jones' talk was most inspiring. She read an editorial by an eastern musical critic, classing the Glendale Music club with the Philadelphia matinee musical club, the oldest organization of the kind in the country.

The next meeting will be with Miss Cleophas and an all-American program will be given.

♣ ♣ ♣

Needlework Club

Mrs. J. C. Waite of 429 West Lomita avenue, was hostess Thursday to the members of the Navajo Needlework club at luncheon.

The living room of the Waite home was artistically decorated with red dahlias and fern, and a large bowl of French marigolds formed the center piece for the luncheon table.

The afternoon was devoted to sewing and a social time.

Those present included Mesdames E. Bruce, L. O. Carlisle, E. O. Carlisle, J. D. Root, S. A. Koontz, Frank Overton, M. C. Fuller and the hostess, Mrs. J. C. Waite.

♣ ♣ ♣

D. A. R. Gathering

The General Richard Gridley chapter of the Daughters of the American Revolution, is to begin the fall season with a meeting next Wednesday afternoon at 2 o'clock in the parlor of the First Congregational church.

Mrs. C. W. Houston, regent, will preside, and Mrs. Mabel Franklin Ocker will tell of the 1923 congress in Washington, D. C. which she had the privilege of attending.

Greetings from Mrs. Miner, former national regent, will be given by Mrs. E. W. W. Hayward, and Miss Ida Myers will give a ten-minute talk on the Constitution.

♣ ♣ ♣

Surprise Honoree

The L. W. Price home at 1111 East Elk street was the scene of a happy gathering last evening, when a number of friends surprised Mrs. L. W. Price, in the celebration of her birthday anniversary.

During the evening five hundred and a jolly social time was enjoyed. Later a dainty course of refreshments was served.

Those present were Miss Grace Magnus, Mrs. E. Millfeldt, Mr. and Mrs. C. J. Letts, Sr., Mr. and Mrs. L. W. Price and Mr. and Mrs. C. J. Letts, Jr.

♣ ♣ ♣

Bridge Luncheon

Mrs. Homer D. Lockwood of 725 North Louise street, was hostess yesterday to a group of friends when she entertained at luncheon and cards.

After luncheon, bridge was played at which Mrs. J. Boettner was awarded prize for high score.

Those present were Mesdames J. Boettner, Mabel Rudy, Mary Griggs, G. Gilleland, Charles Jones, Abbey, A. J. Maxwell and the hostess, Mrs. Homer D. Lockwood.

♣ ♣ ♣

Luncheon Today

The Mattison B. Jones home in the foothills was the scene today of a noon luncheon, Mrs. Jones being complimented by her mother, Mrs. M. Ewell Smith.

It was an informal affair to celebrate Mrs. Jones' birthday, and there were present Mrs. Jones' three sisters, Mrs. L. A. Phillips of Los Angeles, Mrs. W. E. Evans and Mrs. F. W. Pigg of Glendale, and her daughter, Miss Winnifred Jones.

♣ ♣ ♣

At Bancroft Home

The Glendale Auxiliary of the Children's Hospital, is to meet at 2:30 o'clock Monday afternoon with Mrs. A. L. Bancroft at 1423 South Brand boulevard.

DEATHS---FUNERALS

MRS. JIM H. KNOWLTON

Funeral services for Mrs. Jim H. Knowlton, wife of John C. Knowlton of Los Angeles, will be held at 10 o'clock Monday morning in the Little Church of the Flowers in Forest Lawn Memorial park. The Jewel City Undertaking Company is in charge.

BIRTHS

A seven-pound daughter was born to Mr. and Mrs. W. S. Althouse at the Glendale Research hospital, Tuesday, September 25. She will soon be the pride of a new home being completed at 611 East Orange Grove avenue, the Althouse family having returned to Glendale from Hermosa Beach.

Confidence—

—is the close kin of efficiency. The man who worries over debts will sooner or later find himself slipping in his work.

A little saved each day or week, steadily and regularly, will put you on the road to independence.

TUJUNGA

REHEARING HELD ON PASADENA BUS

Verdugo Hills Line Desires to Make Through Trip, Flintridge Opposes

While no decision will be made by the state railroad commission for a week or ten days on the rehearing of an application by the Verdugo Hills Transportation company to operate a bus line from Tujunga to Pasadena, Mr. Campbell of the transportation company feels confident that the franchise will be granted.

The rehearing was held Wednesday at the request of the Flintridge Motor company, which operates a line from Pasadena to Flintridge.

The object of the Verdugo Hills company is to establish a through service to Pasadena, connecting at Tujunga with its San Fernando line. This would eliminate the present change from one line to another at La Canada, which makes necessary a considerable walk between the two company's stations.

The application was granted several weeks ago, but a rehearing was called by the railroad commission at the request of the Flintridge Motor company on the grounds that the present arrangement is unsatisfactory to patrons of the two lines.

This, the Pasadena company failed to prove, according to Mr. Campbell.

Start on Building

Preliminary work has begun on the property next to the Harris building for the erection of a building to house the Seelig market to be established in Tujunga.

J. W. Harris will build a brick building 40x60 feet, to be finished to suit the tenant. The property was recently purchased by Mr. Harris from G. J. Fischer.

Trees have been cut down and a small real estate office moved from the property in preparation for building activities.

The building will be one story with open front used by most of the Seelig stores. It will form a unit of the block of business houses on the north side of Michigan avenue between Sunset boulevard and Hillhaven road.

The permanent nature of the buildings on the north side of Michigan avenue should insure the raising of the grade of the street at the point, as all are on a considerable higher level than the pavement.

To Register Children

A teacher will be delegated to attend to the registration of children between the ages of 3 and 18 years at the school house during the first week in October.

A recently enacted state law requires this registration of the children by parents. For their convenience the hours of 1 to 3 have been set for this purpose all during next week.

Future requirements of the school will be based upon this registration and the trustees urge the parents not to neglect this duty. A teacher will be at the school house for this purpose every day next week from 1 to 3 o'clock.

Spain's Senoritas Refute Beauty Claims of French Madamoiselles

Top, left to right: Genoveva Dix, Louisa Pujol, Anita Gaufres. Middle row, left to right: Mercedes Leroi, Carmen Flores. Below: Amalia Jak-Rak, Lotus Ruis.

Spanish senoritas are ready to dispute the French claim to monopoly of all things pertaining to feminine beauty. Backed by artists and writers, the beauties from the land of the dons are ready to compete with the fairest from across the Pyrenees for beauty honors on the continent. After a nation-wide competition Spain has selected a group of beauties to challenge France for the beauty supremacy.

Rev. Julius Soper Hears Friends Safe in Japan

(Continued from page 1)

pass a weird stream of refugees pouring out of the city loaded down with the things they had been able to save. All the stories of refugee crowds fleeing from danger were there being enacted in the night. And to add to the climax there was an immense fire raging in the city.

Refugees In Distress

"After an hour a train pulled in from the city, packed to the steps with refugees—the most pitiful sight I have ever seen. They began to pile out in utter confusion and all they could do there was to drop on the track or out in the fields and wait for morning."

As no more trains were being run into the city Rev. Berry and five other Americans, who were with him, walked the ten miles to Aoyama. The right of way was along a mound of earth upon which thousands of families were seeking safety.

"Some had rude shelters over their heads. Most of them had no shelter. They lay in groups all along the track. Many lay across the track with the rail for their pillow. Of course the quakes had not stopped yet, but would come every little while.

His House Saved

"The people were wonderfully fine. There was no unnecessary noise and there were no hoodlums, and no drunken men. Everybody was kind and good. Water, which was at a premium, was out in front of houses for people to drink free.

"We got to Aoyama at last, about 2:30 in the night. We came in the grounds and the first thing we saw was the condition of the buildings. It was too dark to see details, but the darkness did not hide the ghastly ruin of the theological school.

"Little groups of people were camped all over the school grounds. That was the thing that struck up most—the fact that almost every living being in Tokio was out under the sky that second night after the earthquake.

"We came on down toward my house and my eyes welcomed the sight of the dear old house still bravely standing after all that shake."

Civil Action Sequel to Criminal Trial

A sequel to the criminal action that was tried a few days ago in Judge Harry W. Chase's court, in which Harry Malidosian was fined $10 for blacking the eye of his employer, Simon Pasgian, owner of a fruit stand at Adams and Colorado, was heard yesterday when Malidosian sued Pasgian in a civil action for $5.50 advanced by him on behalf of Pasgian. Following the rendering of a judgment in Malidosian's favor, Pasgian filed suit for $50 for doctor's bills, and this case will be heard on October 6.

Sam Gatto confessed judgment in a suit before Judge Chase, brought by James Galbraith, for $25, which the latter claimed he had loaned to Gatto.

Oratory Will Flow at Five Minute Contest

The Five Minute Home Town contest that is to be held by the Glendale Realty Board, in the Chamber of Commerce auditorium at 8 o'clock tonight, to select a speaker for the contest at the state convention at Sacramento next month, is to be combined with a tribute to the members of the Glendale City Council for their work in closing the sewer contract with Los Angeles.

President C. D. Thom will occupy the chair and will convey to the city officials the greetings of the Glendale Realty Board, to which Mayor Spencer Robinson will respond for the city. The high spots of the contract will be explained by City Attorney Ray Morrow. Dr. Jessie A. Russell will recount the plans for the realty caravan that is to start for Sacramento October 9.

The Five Minute speakers, among whom are James M. Rhoades, Mrs. E. L. Foor, Charles B. Guthrie, Dr. Jessie A. Russell, W. L. Truitt and Peter Hanson, are expected to put on a keen competition, as the spirit of rivalry is acute.

Mayor Robinson will sing while the judges are considering their verdict. The speakers will be introduced by George W. McDill, and E. P. Hayward and C. W. Ingledue will act as timekeepers.

Joint Reception for Y. W. and Y. M. C. A.

The joint reception of the Occidental college Y. W. C. A. and Y. M. C. A. was held last evening in the girls' gym. The entire freshmen class, most of the upper classmen and the faculty joined in a delightful social good time.

A splendid musical program was presented. Charles Miles played the accordion. Miss Harriet McConnell sang several numbers. Joseph Roucek, a Czecho-Slovakian, rendered some classical pieces and later some popular airs of his country.

The large gym was very attractively decorated in the Oxy colors, orange and black. The delicious refreshments were in the form of orange ice cream and dainty chocolate cookies.

Miss Beth Walker and Howard Harper deserve credit for the splendid reception.

Noted Baritone Will Sing at Club Concert

Clarence Whitehill, talented baritone, is to be the first artist greeted by the Glendale Music club for the year 1923-1924. Mr. Whitehill is to appear in concert Friday night, October 12, at the Tuesday Afternoon clubhouse.

This opening event is to be the most brilliant beginning of any year's work in the history of the club. Mrs. Mattison B. Jones states that practically all ticket reservations have been made. Season stickets at $5 for eight events are on sale at the Glendale Music store and the Brunswick shop. General admission tickets can be secured at the door the night of the concert, but they will not be reserved.

STYLUS STAFF MEETS

A Stylus staff meeting was held yesterday afternoon for the purpose of organizing the members. New members added to the annual are: Irvin Carver, boys' sport editor; Ruth Chambers, literary editor; Wilfred Jackson, cartoonist.

Women Are Guests at Kiwanis Luncheon

Glendale Kiwanians played host yesterday. It was ladies' day, and wives, mothers, sisters and sweethearts were the honored guests at the regular Friday luncheon held at the Tuesday Afternoon clubhouse.

In order that the lady Kiwanians could get a more accurate idea and true appreciation of the club and its work the regular order of business was carried out as usual.

Kiwanian Bert Parker was reported to be seriously ill with pneumonia. Six or more attendance prizes were awarded the lady Kiwanians and in several instances Kiwanians present without a feminine guest were fined.

Following the regular routine of business, President Ferguson turned the gavel over to Bert Berry, chairman of the program committee, who introduced the speaker, Kiwanian Bishop Stevens of Los Angeles, who delivered an inspiring address on "True and False Optimism." Mrs. John D. Cole, 122 West Arden, rendered two well-selected vocal numbers which were keenly appreciated by the members and their guests.

Jackson Is Homesick for Southland Again

New England may be all right, but there is at least one person who prefers Southern California. He is none other than Postmaster D. Ripley Jackson—booster first, last and always.

Captain and Mrs. Jackson and daughter, Miss Helen Jackson, of 1800 South Brand boulevard, and Mr. and Mrs. W. C. Waring, of 719 South Maryland avenue, have been in Springfield, Mass., attending the annual convention of the National Exchange club.

"I have been motoring all over," writes Mr. Jackson, who is president of the Glendale Exchange club. "I am counting the days until it is time for me to return to God's country. I have a fine cold, and just long for my California. I get 'The News' every day, and enjoy it very much."

Packer Family Will Be Home October 4

Two months of sight-seeing in various eastern cities have about satisfied the wanderlust of Mr. and Mrs. Stephen C. Packer and their daughter, Miss Doris Packer, 362 West Riverdale drive, according to a letter received this week by Don Packer, of the Packer Auto company, 245 South Brand boulevard, and the family will be back home in Glendale by October 4, if the present plans are not altered.

Mr. Packer, who is the Studebaker distributor in the Glendale territory, was a visitor to the Studebaker plant at Detroit, where he was shown every possible courtesy by the officials and was given an opportunity to inspect every operation carried out in the factory there. He was unable to visit the main plant at South Bend, Ind.

SHOWING HIS PICTURES

Attorney Harry W. Chase, 103 North Brand boulevard, is showing copies of the pictures that were taken of him by the identification bureau in the Los Angeles county jail last week when he made a tour of inspection of that institution with the former constable of Burbank township, Henry Purrier. The officials of the bureau sent Attorney Chase three copies of his pictures, which show him in a very unflattering light.

FILLMORE TAKES DOUBLE BEATINF

Glendale High A and B Squads Trample on Visiting Football Team

By NEAL E. SOOY
Written for The Evening News

Fillmore High School's varsity football team met a double defeat yesterday, when both the Glendale heavyweight and 130-pound local elevens trampled on it roughshod. The varsity secured a 19-0 score on the visitors in the first half, and the midgets continued the good work by beating them 20-0 in the last two quarters.

As the heavyweights play Oxnard today, the regular Glendale varsity did not play, the A squad subs taking their places. Crow, fullback, was the best player on the locals, making two of the three touchdowns. Dietrich was responsible for the other marker. He also converted the pill over the goal posts once.

Fillmore played a defensive game all the way through, choosing the kickoff every time, except the first, and punting the instant they got the ball. One trick play netted them twenty yards, but after that they were never dangerous.

Story of Game

Glendale kicked off at the start of the game and Fillmore punted after failing to make yards. From this time on Glendale held the ball until Crow made a touchdown on a line buck. Dietrich failed to convert. Fillmore kicked and the Dynamiters again held the ball and steadily advanced within striking distance when the quarter ended. Score: 6-0.

Crow took the ball over the line on an end run in the second. Dietrich converted. Fillmore kicked and Glendale went twenty yards, but lost on a fumble. Fillmore punted. Walton took the ball forty yards around end before he was stopped. He received a badly hurt shoulder when he fell, and was forced to quit playing. Dietich scored on a pass, but failed to add the extra point. Fillmore kicked, but the whistle stopped further playing. Score: 19-0.

Lightweights Score

The midgets (B squad) were even more successful than their big brothers. LaFranchi and Stillwell were the stellar players for the Red and Black. Lovell was good on converting. The whole team played well, in fact, and are shaping up fine.

Glendale kicked off and Fillmore immediately returned the ball. Frenchy took the pigskin across the line a few plays later. Lovell converted. Fillmore kicked and Glendale punted. Fillmore punted. Glendale fumbled and Fillmore punted again, the quarter ended with the ball in the locals' hands.

McAllister bucked his way over the line in the first of the second. Lovell failed to convert. Glendale kicked. Fillmore punted. Frenchy made another touchdown. Lovell added the point. Fillmore kicked but the game ended a few minutes later. Score: 20-0.

How They Stacked

The line-up of the squads follows:

"A" squad—Bradner, left end; Hibbs, left tackle; Weaver, left guard; Zaun, center; Hartman, right guard; Fannon, right tackle; Denny, right end; Gingery, quarterback; Badour, left halfback; Dietrich, right halfback; Crow, fullback.

"B" squad—Stillwell, left end; Sturgess, left tackle; Green, left guard; Muff, center; Jonkey, right guard; Reed, right tackle; Flair, right end; LaFranchi, quarterback; Shuler, left halfback; McAllister, right halfback; Lovell, fullback.

Fillmore — Harmonson, right end; Young, right tackle; Shields, right guard; Johnson, center; Rehart, left guard; Lawton, left tackle; Brocker, left end; Clark, quarterback; Mossbarger, right halfback; Warmick, left halfback; Riggle, fullback.

Substitutes: Fillmore — Colson, Brown, McDonald, Danton, Pellsworth, Jones.

Glendale: "A" squad—West, Offutt, Blanche, Walton, Paulowsky. "B" squad — Heideman, Roberts, Maydwell, Deadwater, P. Thompson.

Referee—Doc McGillis.

Knights of Columbus to Meet William Lane Nine

Glendale Knights of Columbus nine Sunday plays the William Lane team of Hollywood on the local diamond, corner of San Fernando road and Park avenue. The visiting aggregation is reported to have defeated the Glendale Merchants three weeks ago by a score of 7 to 3.

The Caseys hope to hold their opponents hitless with Lefty Bacon on the mound. Pirroni will do the receiving. The game is called for 2:30, with a large number of fans expected by Manager Dell.

BRUINS DEVELOP DEFENSIVE LINE

Andy Smith Drills Eleven in Art of Holding Its Own

By J. EVERT SMITS
Written for The Evening News

BERKELEY, Sept. 29.—During the week of practice Andy Smith has concentrated on the defense and was successful in developing an almost impenetrable one, as was shown in the Alumni game. The Bruins then had no offensive, and were unable to gain any great yardage with the few plays that had been developed. Since last Saturday, Andy has been working on the more complicated plays and when the Bears take on the St. Mary's outfit this afternoon they should be able to pile up a top-heavy score.

The Saints use the Notre Dame system which is famous for its aerial attack, and the action which was lacking in the last game, will be much in evidence today.

Blewett Is Sensation

At Wednesday's bleacher rally the varsity took on the freshman squad in a spectacular scrimmage that brought out the ability of several new backfield men. Bill Blewett playing at half provided the sensation of the day, when he carried the pigskin through the entire freshman eleven after receiving the ball on the ten yard line from the kick-off. His change of pace together with an uncanny dodging ability brand him as a dangerous open field runner. Andy used two separate backfields and one proved about as efficient as the other. The babes could give the varsity no competition, and had the ball in their possession only once during the game.

White Shows Well

Gordon White, who transferred from the Branch this year, has been working out at tackle in the nightly scrimmages, and looks like a candidate for the regular berth. If he continues to nip plays behind the line like he has done in the freshman scrimmage, he bids fair to develop into a second McMillan. It will be remembered that White was the individual star at the Branch last year playing at full.

Although the struggle with Stanford continues as the "big game" on the official schedule, the contest that is attracting the most interest is the game with U. S. C. two weeks preceding it. The southern university is considered the chief obsticle between the Bears and another championship, and the battle in the Los Angeles Coliseum on November 10, will draw a large number of students to the south.

In spite of the fact that the two institutions continue to hammer each other through the columns of the press, the U. C. campus has considerable respect for the spirit shown by Southern California and admires the manner in which she has developed in recent years. The Bruins realize that U. S. C. will put the best team she has ever turned out on the field this year and are preparing for some stiff competition.

Tiger Babes Win First Game From Lincoln

By LARRY RAYMOND
Written for The Evening News

While the Oyx varsity eleven was entertaining the Manual Arts team in a fast scrimmage on Paterson field yesterday afternoon the Tuffy Conn freshmen proteges held an exciting game with Coach Mallete's Lincolnites on the latter's field. The Tiger babies won 12 to 0.

The game started slow, but soon proved to be a very attractive affair. The Oxy yearlings have been practicing together only twelve days and turned out a nifty squad that plowed right through the Railsplitters for downs. Two fumbles cost Lincoln the game.

The lineup:

Lincoln—Striff, L. E. R.; Sales, L. T. R.; Default, L. G. R.; Smith, C.; Hardini, R. G. L.; Jetty, R. T. L.; Long (capt.), R. E. L.; Griswold, Q.; Riggs, R. H. L.; Nolan, L. H. R.; Burns, F.

Oxy Frosh—Teachout, L. E. R.; Hitch, L. T. R.; McHann, L. G. R.; Cuthbert, C.; Kleinpell, R. G. L.; Condie R. T. L.; Godet (capt.), R. E. L.; Brobst, Q.; Purser, R. H. L.; Gregory, L. H. R.; Pitzer, F.

Scores—Touchdowns for Oxy, Kleinpell and McFadden one each.

TAGGING THE BASES

The Giants won the National league pennant for the third straight time by scording a 3-to-0 decision over the Dodgers, Nehf outpitching Grimes. Timely hitting by Meusel and Stengel decided the issue, if any. It was McGraw's ninth championship since he took over the Giants in 1902.

The Yanks staked themselves to a raucous afternoon by disposing of the Red Sox by a mere matter of 24 to 4, most of the hitting coming at the expense of Ehmke, who pitched a no-hit game recently.

Grimes' triple and homer gave the Cubs a 2-to-0 verdict over the Pirates.

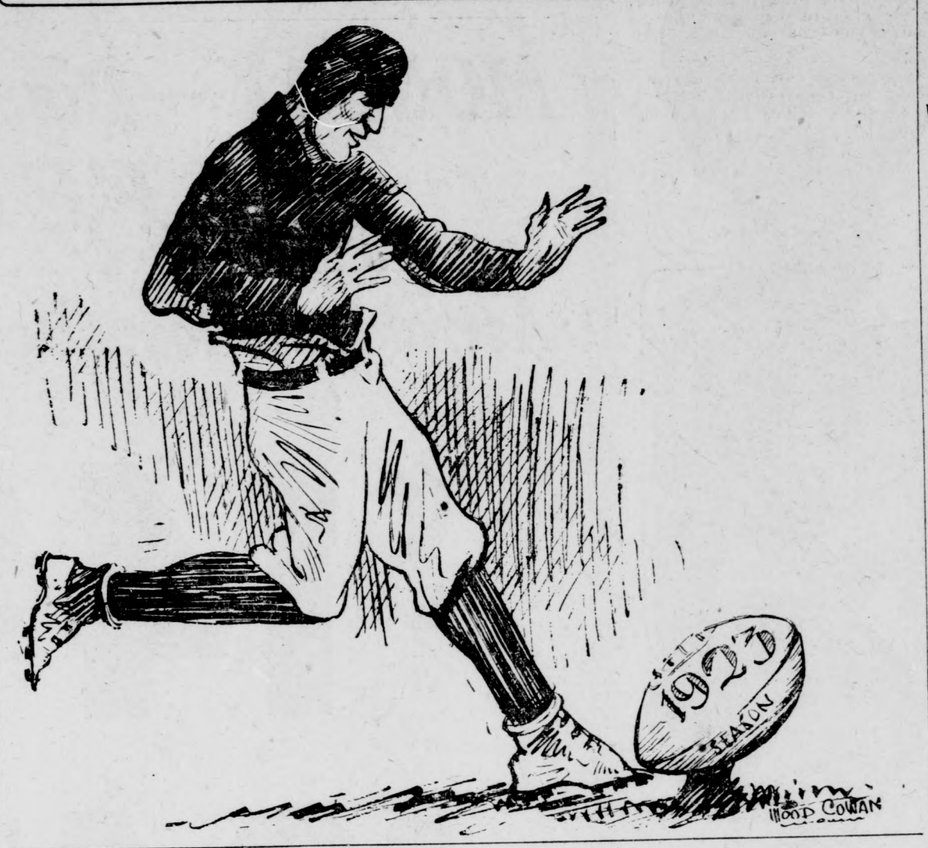
THE KICK OFF

By Wood Cowan



Sport Snaps by JACK KEENE

A new swimming star who may bring back to Hawaii some of her lost swimming laurels has been found in Henry Luning of the Hui Makani club, according to C. D (Dad) Center, who has taken a major part in the development of all of Hawaii's famous swimmers in the last few years.

Luning is a comer in both the back stroke and in sprint swimming, and is perhaps Hawaii's best bet for honors in the fall swimming meet which will take place in Honolulu on September 22. While he has not yet made any wonderful records, Center believes that he can develop him into an excellent man.

There is very little doubt but that some competitors here will make world records in the harbor meet on September 22.

Hawaii's fight to regain her old supremacy as the producer of the world's greatest swimmers, the fame of which has made her known the world over, is now in progress. Australia, one time holder of the title, is also making a bid for her lost laurels.

Most of the world's swimming records are at the present time held by mainland Americans. Hawaii has somehow lost out.

Island swimmers no longer have a long list of records tacked after their names. Johnny Weissmuller and Norman Ross have copped most of the one time world records held by Duke Kananamoku, Warren Pealoha and Pau Kealoha. Duke still has a measly fifty yards open water record left to him, while Warren Kealoha still holds the 100 and 150 yards and the 100 meters back stroke in open tidal water marks.

In the list of women swimmers Hawaii's only name on the list is that of Mariechen Wehselau, holder of the world's record for fifty yards in open tidal water and fifty yards bath. It is true that Hawaii now has a group of feminine swimmers who will probably make records in the next meet, but at present the laurels do not rest there.

Gertrude Ederle and Ethelca Bleibtrey hold the majority of world's records at the present time. Both Center and Mrs. E. Fullard-Leo of the A. A. U. believe the Hawaiian girl swimmers in competition with these two famous mermaids would beat them and establish new world's speed marks.

There are no new stars on the mermaid lists among girls old enough to compete for records, but those whom Hawaii hopes to see defeat the mainland girls are: Mariechen Wehselau, Lillie Bowmer, Helen Moses, Connie Davis, Janice Lovett and Eleanor Bickerton.

What the other islands are developing in the way of swimmers in both sexes is practically little known in Honolulu. Recent moves on the part of athletic clubs on Kauai, Hawaii, and Maui may stimulate interest among talented swimmers there.

* * *

These are uneasy days for football coaches who have some of their stars trying to "catch up in summer school."

Glendale Eleven at Oxnard This Afternoon

Glendale Union High school's varsity football team is at Oxnard today, playing the beach lads. Coach N. C. Hayhurst is confident that the locals will bring home the bacon. A change in the backfield lineup may take place, as a result of Walton's injuring his shoulder in last night's game. The full extent of the injury is not known, but it is expected that he will have to stop playing for a few days. Walton is a fast and shifty player, and his loss will be fellt in no little way.

Leading Elevens Go Into Action Today

NEW YORK, Sept. 29.—Nearly all of the leading college teams, with the exception of the big three, will go into action this afternoon in the formal opening of the 1923 football season. A few minor games were played last week, but the majority of the larger institutions were not involved. Among those which will be seen in action today are California, Chicago, Iowa, Cornell, Georgia Tech, Notre Dame, Columbia, Pennsylvania, Penn State, Cornell, Army, Navy, Detroit, Syracuse, Washington & Jefferson.

Some of the more important games on the schedule follow:

California vs. St. Mary's at Berkeley.

Columbia vs. Ursinus at New York.

Iowa vs. Oklahoma Aggies at Iowa City.

Georgia Tech vs. Oglethorpe at Atlanta.

Chicago vs. Michigan Aggies at Chicago.

Brown vs. Haverford at Providence.

Cornell vs. St. Bonaventure at Ithaca.

LaFayette vs. Muhlenberg at Easton, Pa.

Pennsylvania vs. F. & M. at Philadelphia.

Notre Dame vs. Kalamazoo at South Bend.

Syracuse vs. Hobart at Syracuse.

Papyrus Disembarks From Aquitania Today

NEW YORK, Sept. 29.—Declaring that a good horse will run well, any place, any time, Basil Jarvis, trainer of Papyrus, prepared to move the colt today from the Aquitania to his quarters at Belmont park, where he will race America's leading three year old on October 20. The English trainer added that he was satisfied that the winner of the derby at Epsom downs would be able to run his true race in the big event.

The colt, he conceded, has never run on a sand track, but he expressed confidence in the English champion's ability to adapt his racing to all conditions here.

Papyrus is said by keen observers to be a splendid looking colt. He stands 15.3 and weighs between 1000 and 1100 pounds, and bears a striking resemblance to Zev, who, it is generally understood, will be selected as the American entry for the race.

Sarazen, Hagen Square After Eighteen Holes

PELHAM COUNTRY CLUB, N. Y., Sept. 29.—Playing cautious golf, Gene Sarazen and Walter Hagen finished the first eighteen holes in their 36 hole match for the professional golf championship of the United States all square today.

The match see-sawed back and forth throughout the entire distance, with first one and then the other leading. Neither man, however, was able to obtain a lead of more than one hole.

FIGHT RESULTS

At New York—Joe Welling won decision over Hughey Dwyer, Australia, 10 rounds.

At Boston—Pat McCarthy defeated Hambone Kelly, South Boston, 10 rounds; Walter Lee, Pacific coast lightweight champion, won from Wild Man Goldman in 8 rounds. Sid Terris, New York, defeated Frankie Ryan of Everett in 5 rounds.

About 16,500,000 books have been printed in the world since the invention of printing in Europe in the fifteenth century, it is estimated.

Trojans Meet Caltek in Gridiron Battle

LOS ANGELES, Sept. 29.—Eyes of the southern California gridiron world were turned today on Bovard field here where the University of Southern California football eleven, expected to prove one of the most powerful aggregations ever to represent the local institution, stepped out to face the assault of California Tech's machine in the first game of the season. The Trojans were a heavy favorite over the engineers in what appeared to be a one-sided affair.

The preliminary struggle on this afternoon's program sent the Loyola college eleven against the U. S. C. freshmen.

Hoping to secure enough points in the first half to insure victory, Coach "Gloomy Gus" Henderson of U. S. C., sent his first string men against the engineers.

Today's game was listed as purely a practice affair on the part of both sides.

M'GRAW DECLARES GIANTS WILL WIN

Will Rest His Regulars for World's Series Games Starting October 10

By DAVIS J. WALSH
For International News Service

NEW YORK, Sept. 29.—"The present Giants are at least as strong a club as ever I handled. They are as good as they were last year, and the records prove that we were just about good enough then. We will see what we can do about fooling the wise crackers again."

John McGraw made this statement after the Giants had won their third straight pennant under his leadership. The Giants, he contends, are a sounder, more evenly balanced outfit than the club he jockeyed to three consecutive championships between 1911 and 1913 and lack only pitching strength to be rated superior to his champions of 1904-1905.

"I am making no predictions about what we will do in the world's series," McGraw declared. "All I can say is that my club will play good baseball. It always does in a tight series.

Has Two Winners

"Our pitching has been criticized from various angles. Let me say that it was good enough to carry through the big series. I have two winners in Nehf and Bentley, with Scott, McQuillan, Watson and Ryan to round out the staff."

McGraw will rest the regulars as much as possible between now and the opening of the series—October 10. He does not intend to allow the noble athletes to lay off the pace altogether merely to take a "breather" for a few days and then increase their pace gradually with the idea of reaching top speed at the big moment.

That is part of the McGraw system. Notorious as a driver with scant regard for pandering to the whims of the ballplayers, yet he handles the reins with a glove of velvet and few men who have worked under him ever nursed a grievance. He has the divine gift of leadership.

CARPENTERS ADAMANT

PORTLAND, Sept. 29.—The carpenters' union flatly refused today to reaffiliate with the building trades department of the American Federation of Labor. The action means that more than 300,000 members of the union will remain outside the building trades department for at least another year.

THEATRES

THE GLENDALE

The high lights on the program at the Glendale Hheatre tonight will be the presentation of Snyder's trained animals, which is said to be one of the greatest animal acts before the public today. Another specialty number to be shown tonight is The Four Musical Misses, in a melange of modern and classical numbers, and three additional acts of high class vaudeville.

Hoot Gibson, who has been playing in "Out of Luck," will be seen in this vehicle for the last time tonight.

Opening tomorrow, Sunday, September 30, for a three-day run, is the latest Norma Talmadge picture, "She Loves and Lies," a Joseph Selznick production that gives this popular star abundant opportunity to display her versatility and charm. In this play Miss Talmadge portrays two sides of the well known eternal triangle, being her own rival for the affections of her husband, whom she has married as a matter of convenience to tide him over some financial worries.

Babe and Cy Keeping the Old Bell Ringing

PHILADELPHIA, Sept. 29.—The major league home run race remained a deadlock today, when Cy Williams crashed out a home run yestercay in the first inning of the game with Boston. It was his thirty-eighth homer of the season. Ruth had hit a homer in the game with Boston, also making his total thirty-eight. Babe took the candy from Ehmke.

BLAMED FOR FIRE

SACRAMENTO, Sept. 29. — State Forester M. B. Pratt announced here today that the board of forestry has filed an action against the California Door company of San Francisco, charging that concern with responsibility for the fire which destroyed the mining town of El Dorado last week.

THE GATEWAY

"The Bright Shawl," the Richard Barthelmess picture that has been packing the Gateway since it was shown here, will wind up its presentation tonight, and will be succeeded tomorrow by the picture version of Sir Anthony Hope's great novel "Rupert of Hentzau," which, with its companion story, "The Prisoner of Zenda," is rated as one of the really great romances of the day.

The story, in which love blends with an intrigue that seeks to win a kingdom, lends itself admirably to presentation on the silver screen, and it has lost nothing in its treatment at the hands of the excellently balanced cast that has been chosen to play the leading roles.

The play hums with romance, fighting and love scenes that keep the audience interested from the rise of the curtain to its fall, and those who have read the story have been loud in their praise of the faithful manner in which the great romance has been followed in the play.

Fred Wright, Jr., Leads in Del Monte Tourney

DEL MONTE, Sept. 29.—In the third round of match play in the state amateur championship at Pebble Beach yesterday, Fred Wright, Jr., came to the eighteenth green in the morning round 3 up on Rudie Wilhelm, former Pacific Northwest champion. Wilhelm, after his spectacular record round of 69 Thursday, found himself without his putting touch this morning, and lost several holes on the green, while Wright, playing at the top of his form, traveled an errorless round.

Playing with Charles E. Foley, conqueror of Willie Hunter, Jack Neville hit his old form in the morning round, and was 5 up at the end of the first round.

The catbird and Baltimore oriole come to us in the spring, rear their young and depart in the fall.

VACANT LOTS AND ACRES

LOOK THRU THESE

IMPROVE VACANT LOTS

like the following, for income while you hold the property for increase in value—
50x140 Near High School..$6,750
56x140 On South Brand..$25,000
50x150 On E. Colorado....$10,000
let us show you what can be done.

IF YOU HAVE A CLEAR LOT we will build you a house, double bungalow, duplex, flat or bungalow court and lend you the full cost of the building. Get our prices. See our plans. Make a big return.

WE CAN FINANCE the purchase of any kind of improved residential or business property like the following:

5 Room Modern House—Double garage—Close to High School, $6250.

8 Room House—Fine Builtins. Garage. Close to Brand Blvd., $15,000—$5,000 down.

MONEY TO LOAN on reasonable terms—3 to 5-year, straight mortgage, 10 to 15-year, semi-annual, 3 per cent installment or 8 to 16-year monthly repayment trust deed up to 45 per cent to 50 per cent of appraisal with 2nd trust up to fifteen per cent to 20 per cent additional. Also liberal building loans.

WE DISCOUNT TRUST DEEDS and first mortgages and lend on trust deeds as collateral.

BEFORE YOU BUILD OR SELL see us about the financing. Don't go it alone and see us too late, with loans not suited to the proposition and paper hard to dispose of. Every once in a while you should

HAVE AN INSURANCE SURVEY made of your property. There is no charge. We have an expert here every two weeks from headquarters. If there is any violation you may not be aware of you could not collect. Some slight change might reduce your rate. It costs you nothing to make sure.

NASH
GOOD VALUES IN USED CARS

Remember that we are in the business of selling new NASH MOTOR CARS, and as it is to our advantage to make as many friends as we possibly can; one good way to make friends is to sell dependable used cars. A year or so later when the customer gets ready to buy a new car he knows where to go.

1—1921 7-passenger Nash Sedan. Front bumpers, excellent condition.
1—1921 Nash Six Sport, wire wheels, extra wheel, bumpers, new paint, perfect condition.
1—1920 Nash Six Roadster. Wind-wings, bumpers. Good shape mechanically.
1—1919 Nash Six Touring. Wind-wings, tonneau shields, special top, bumpers, overhauled.
1—1922 Nash Six Touring. Exceptionally good rubber. Mechanically perfect.
1—1918 Nash Six Touring. Good mechanical condition.

These cars are ready for immediate service and PRICED VERY LOW. Write us for a complete list of all cars with description.

In the Justice's Court of Burbank township, County of Los Angeles, State of California, Harry W. Chase, Justice:

Ed Egnew, Plaintiff, vs. W. F. Bedell, Jane Doe and Richard Roe, Defendants, Summons:

The People of the State of California Send Greetings To W. F. Bedell, Jane Doe and Richard Roe, defendants.

You are hereby directed to appear in an action brought against you by the above named plaintiff in the Justice's Court of Burbank Township, Los Angeles County, State of California, and to answer before the Justice at his office 103-A North Brand Boulevard, Glendale, in said Township, the complaint filed therein, within five days (exclusive of the day of service) after the service on you of this Summons, if served within the Township in which this action is brought; or, if served out of said Township, but within said County, within ten days, or within twenty days if served elsewhere. And you are hereby notified that unless you so appear and answer said complaint, as above required, said plaintiff will cause your default to be entered and take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for relief demanded in the complaint, togethed with the costs of suit.

Given under my hand this 16th day of May, 1923.

HARRY W. CHASE.
Justice of the Peace of Burbank Township, County of Los Angeles, State of California.
Aug. 4-11-18-25 Sept. 1-8-15-22-29

PLAN COLORADO'S LIGHTING SYSTEM

Property Owners of Street Meet and Agree to Widening Program

Harmony was the keynote at the meeting of interested property owners last night in the council chamber at the city hall in regard to the improvement of Colorado boulevard, at which over 100 persons were present.

A permanent organization was formed and named the Colorado Boulevard Improvement association. Officers elected, who actively participated in last night's meeting, were J. M. Boland of 213 West Broadway, president; A. W. Hewitt of 1325 East Colorado boulevard, vice-president, and Harvey Patterson of 1330 East Colorado boulevard, secretary. The next meeting will be held at the same place Friday, October 12.

The report of a committee, composed of Mr. Hewitt, R. W. Meeker of 1320 East Colorado boulevard, and Russell Graham of 1120 East Colorado boulevard, recommended that property owners should go ahead and have the new sidewalks and conduits for the ornamental lights installed without waiting for the condemnation suit, involving the widening of the street, to be settled in the superior court.

Endorses Plan

This suggestion was endorsed by Assistant City Engineer V. B. Stone, who explained the procedure. He called attention to the fact that the city cannot order the sidewalks laid until the condemnation suit is off the court calendar, which he admitted probably will not be until the fall of 1925.

This action was agreed upon unanimously by those present, and the meeting adjourned with the understanding that as many property owners as can do so will have this work done at once.

The cost of having the four buildings, which will interfere with the widening of the street, moved back ten feet also was discussed. Councilman Sam Davis of 333 North Louise street, estimated that this cost would not be over $2500.

A committee to collect funds for this purpose was appointed. It consists of W. E. Mercer of 632 East Broadway, R. W. Meeker, R. Khodigian of 1101 East Colorado street, S. C. Kinch of 328 North Brand boulevard and Russell Graham.

G-r-r-r Professor Will Taste of Courage Cup

BERKELEY, Sept. 29.—Dr. Albert S. Schneider, lecturer at the University of California, and a member of the faculty of Northwest College of Oregon, will quaff the "courage cup" in the first experiment made by civilized man of the mysterious and potent drug used by the savages of Amazon.

Dr. Schneider many months ago subjected himself to other narcotics to obtain for science the actual results to senses and the effect upon humans. His method is to take small doses at regular intervals and make detailed notes of his sensations until he is completely under the drug's influence.

Manchurian Farmers Buy California Hogs

SACRAMENTO, Sept. 29.—The first shipment of California hogs ever sent to Manchuria is scheduled to leave San Francisco late today, according to word received by Dr. J. P. Iverson, chief of the division of animal industry of the state department of agriculture.

Importation of pure-bred swine is urged by the Manchurian government, Iverson declared, in order to improve the native stock. Additional shipments will be made within a few weeks.

NEW YORK STOCKS

NEW YORK, Sept. 29.—The stock market closed irregular today. Stocks encountered a good bit of selling in the short session of trading, which carried some issues down 1 to nearly 3 points, a few of them reaching new low records for the year. Towards the close of the market the tone turned irregular.

Motors, tires, accessories and some of the independent steel stocks were heavily sold, new lows for the year being made in the early dealings by Studebaker and Kelly-Springfield tire.

With the exception of Sinclair Oil, which was fractionally higher, and Pan-American Petroleum, which was up 1 point to 55, the oil list was heavy.

Steels and rails were irregular. Government bonds unchanged; railway and other bonds were heavy.

Stock sales today were 326,200 shares; bonds, $3,831 000.

Stock sales for the week were 3,688,200 shares; bonds, $42,863,000.

CHICAGO GRAIN

CHICAGO, Sept. 29. — Grain slumped to a slow stage today, selling activities indicating that the market had been heavily overbought. News was without feature and proposed government aid to wheat growers failed of the stimulating effect shown previously. Wheat closed 1½ to 2¼c off. Corn was off ⅜c to 2¼c and oats ⅝c to 1⅛c. Provisions held steady in the face of the grain slump.

SAVANT EVOLVES SMOKELESS FUEL

Superior to Anthracite Is Scientist's Claim for New Invention

PONTYPRIDD, Wales, Sept. 29—By low temperature carbonization of small coal Prof. S. Roy Illingworth of the South Wales school of mines, has evolved a smokeless fuel declared to be more effective than anthracite, but without the disadvantage of anthracite.

It is claimed for the new fuel that it will save London ratepayers at least $25,000,000 per year by the abolition of the smoke fiend.

The professor declares that by subjecting all small coal to certain processes all the volatile matter is extracted and whereas previously a 1000-degree Fahrenheit temperature was required, the low temperature carbonization of 600 degrees is sufficient.

The new discovery, whilst dispensing with smoke, also conserves the coal without depreciation of heating properties.

The fuel was subjected to severe tests under boilers against the best Welsh coal and proved successful. The tests also showed an almost entire absence of ash.

The new fuel has a higher calorific value than ordinary coal. The small coal of which so much is being wasted now can be converted to universal use in suitable sizes for domestic use.

Fears of combustion are banished and the weather resisting qualities will enable the fuel to be stored for practically an unlimited period without deterioration in value as is the case with ordinary coal. A fully-equipped experimental station is to be erected at Pontypridd to demonstrate the scheme.

Legionnaires Hear of Mexico From Ferry

(Continued from page 1)

mated the quantity of stone used. "The cost would be prohibitive."

Adobe huts are not common in Mexico City. Most of the buildings there are built of stone. The streets are well paved and clean, and the city is full of government buildings.

Mexican Independence Day, which occurs on September 15, was celebrated while Mr. Ferry was in Mexico City. The parade, which was arranged for the occasion required three hours to pass. In the line of march was an entire army division with all its integral units.

Officered By Germans

The Mexican army is not to be laughed at, according to Mr. Ferry. The soldiers made a fine appearance, carried themselves well, and seemed to be well equipped. Most of their officers are Germans.

With the exception of the mounts seen in the parade, no horses were seen in Mexico. Plows, which in many cases are little more than sharpened sticks, are pulled by oxen. Hauling is done on the backs of sturdy burros. Mr. Ferry laughed as he called attention to the number of these animals a rancher would need if he tried to operate on an American scale.

Although he has no desire to leave the United States, Mr. Ferry is convinced that Mexico is a land of opportunity. He expressed his opinion that if a young man with a little capital and willing to work hard would go down there, he would be likely to make his "stake" in a short time.

Earnings of L. A. Gas Show Important Gain

Earnings for the month of August and for the year ended August 31, 1923, of the Los Angeles Gas and Electric corporation have been released by Bond & Goodwin & Tucker, Inc. The figures show very substantial gains.

Gross earnings in August were $774.106.93, with net earnings of $303,355.41. These figures compare with $678,061.36 gross and $227,142.27 net for August, 1922.

Gross earnings for the year ended August 31, 1923, were $12,197,728.82, compared with $11,440,030.55 for the previous year.

Net earnings were $1,438,225.18, compared with $1,025,560.98 for the previous year.

The balance for dividends and surplus increased from $1,590,445.68 as of August 31, 1922, to $1,987,455 as of August 31, 1923.

Mystery Deepens in Rancher's Death Probe

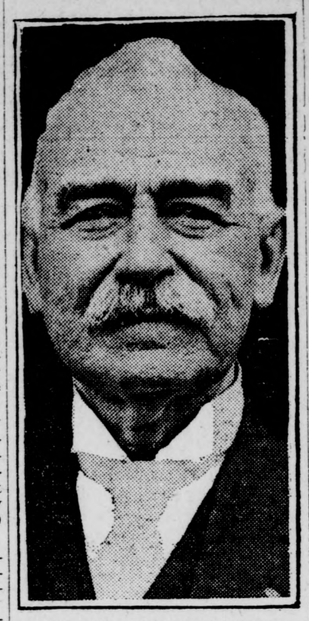
STOCKTON, Sept. 29.—The mystery of the supposed death of Alexander Kels, well to do cattle dealer, deepened today with the admission of authorities that the question of whether the charred body found in an automobile on the Woodson ranch, near Lodi, on September 13, was that of Kels or another man may never be answered.

The body was buried as that of Kels. He was believed to have been lured to the spot, robbed and murdered. Then an autopsy performed raised doubts as to the identity of the body. However, it was burned beyond recognition and it was admitted today by authorities that unless some evidence that Kels is alive is uncovered it will be impossible to say that the charred body is not that of the cattle dealer.

REALTY MEN MOVE

Stumpf & Caldwell, real estate men, will move from their present office at 105 South Central avenue to their new location at 219½ East Broadway, the first of next week.

Ohio Man Chosen For G. A. R. Head At Recent Meeting



GAYLORD M. SALTZGABER

Gaylord M. Saltzgaber, Van Wert, Ohio, will head the fast dwindling G. A. R. for the next year. The Ohioan was chosen at the recent Milwaukee encampment.

Tuesday Club Starts Twentieth Year Here

(Continued from page 1)

operation. Please give them fair consideration."

This is the message of the national federation, and greetings from the state federation will be brought by Mrs. John C. Urquhart, who will be an honored luncheon guest and speaker. An invitation has also been extended to Mrs. O. W. March of Chico, first vice-president of the state federation, who is now in Los Angeles.

Greetings from District

Greetings from the Los Angeles District federation will come from Mrs. John W. Shenk, district chairman of American Citizenship, who will speak during the luncheon hour on "Our Duty as American Citizens."

There will be 300 women seated about the luncheon tables and an interesting feature will be a press table, over which Miss Eva Daniels, chairman of publicity, will preside.

The singing of "America" with Mrs. H. R. Boyer at the piano, is also included in the luncheon hour program.

To Hold Reception

Before the assembly in the auditorium, a half hour reception will be held in the lounge room honoring the club's advisory council, including the members of the board of directors, curators of sections and chairmen of committees. This will enable club members and leaders an opportunity to become acquainted and greet each other.

Announcement is made that the regular meeting of the club will begin in the auditorium at 2:30 o'clock and close promptly at 2:40 o'clock. There will be a brief talk by Mrs. Urquhart before the program at 3 o'clock.

It is most fitting that the first program of the year should be one arranged by a talented member of the club, Mrs. James Henry Ballagh, founder of the Matinee Musical club of Los Angeles, chairman of the creative section of the Glendale Music club, and a resident of 308 North Louise street.

Presents Pageant

Mrs. Ballagh will present "Lullabies, Songs and Dances of the Nations." This pageant Mrs. Ballagh arranged and presented before the Matinee Musical club earlier this year, and Mrs. E. W. W. Hayward, chairman of programs of the Tuesday Afternoon club, was delighted to secure an engagement with Mrs. Ballagh for this coming Tuesday.

Associated with Mrs. Ballagh in the presentation will be a few members of the Matinee Musical club and other talented artists. Each artist will portray some country and those taking part and their portrayal will be:

List of Artists

Ester Fricke Green, Madonna, member of the Matinee Musical club, and organist in the Angelus temple in Los Angeles.

Lucille Gibson Plesants, Norwegian, member of the Matinee Musical club, lyric soprano, chairman of music for the Daughters of the American Revolution.

Nell Lockwood, Indian, talented contralto.

Mary Belle Chapman, Spanish, dramatic soprano.

Helen McDade, French, soprano, recently from Pennsylvania, now a resident of Glendale.

Joseph J. Gilbert, American, flutist, with the Los Angeles Symphony orchestra.

Kinko Goh, Japanese, young Japanese girl.

Julia Pelley, Italian, Glendale girl, talented dancer and pupil of the Pearl Keller studio.

Irene B. Palmer, African, member of the Matinee Musical club, soprano.

Helen Johnston, member of the Matinee Musical club, talented dancer.

Speaks for Art

Introducing this very wonderful program, Mrs. Ballagh gives the following quotation from Schumann, "Without encouragement, Art can not prosper."

"I am delighted in bringing this sketch to the Tuesday Afternoon club," says Mrs. Ballagh, "and as fortunate in having such a wealth of talent at my command. It is a happy combination of music and art and I am confident will appeal to the Glendale club women."

The program arranged by Mrs. Ballagh will be:

Numbers on Program

1—Tableau, "Virgin and the Infant" (after Botticelli). "Mary's Manger Song" (Mary Salter), sung by Mrs. Plesants.

2—French, "Berceuse" from Jocelyn (Godard).

3—Negro, a lullaby.

4—Italian, street dancer.

5—Norwegian, "Sov Saa Stille" (Agatha Grondhal).

6—American, "Rondo Pastorale" for flute (Arthur Blakeley). "Evening," poem and words by Joseph J. Gilbert, poem read by Mrs. Ballagh, Joseph J. Gilbert, flutist, with the Los Angeles Symphony orchestra.

7—Spanish, "El Manton de Manilla" and "La Paloma" (Yradier).

8—Russian and Scotch dances.

9—Indian, "Beware of the Hawk, My Baby" (from the opera "Natoma" (Herbert); Zunian Lullaby (Troyer), (sung in the language of the Zunian Indian).

10—Japanese, classic dances of the Japanese, Kinko Goh, with accompaniment sung by her father.

11—Tableau, "Sistine Madonna" (from Raphael).

Arthur Blakeley will preside at the piano.

LA CRESCENTA

WOMEN PLAN FOR CHURCH BUILDING

Rector From Eagle Rock to Confer With Members at Thomas Home

The women who are interested in the erection of the Episcopal church here will meet with Mrs. Seymour Thomas at her home, Cuddle Doon, on Friday afternoon, October 5, to discuss plans for the erection of the church and also to form a guild. Dr. Renison, rector of the Eagle Rock church, will be present to give a short talk.

Mrs. Thomas received a $10 check from Paris a short time ago, from a lady who had been followed around on her travels by a garden party announcement, the party being some time in June, and the announcement not being received till some time last month. The garden party alone netted the church fund $700.00.

The meeting will open next Friday afternoon at 3 o'clock. Mrs. Seymour Thomas will serve tea from 4 to 4:30.

Mrs. Wooley has taken over the butcher shop in her store, which she had leased out and will handle the meat department with her groceries. Mrs. Wooley will be assisted by Mrs. Rose and will handle government inspected meats only.

Elmer Bennett, who has been confined to his bed for some time with an attack of sickness, is again able to be out.

Improves Property

Dr. Weber has had the shrubbery in the parking of his property removed and the paving extended to cover the ground. With the addition of the new store to his stone building and the paving work, Dr. Weber is adding to the business value of this corner property and with the handsome brick building Tom Benito is erecting on the other corner, Los Angeles avenue and Montrose avenue intersection looks quite citified.

Monday, October 8, will be a holiday for children in this locality, as the teachers will attend the convention at Glendale.

James Telfer, son of Dr. Gavin Telfer, state health officer, is recovering from his recent sick attack.

The Frances Morgan School of Dancing will open classes for the winter on Saturday, October 6. New dances have been prepared by Miss Morgan for both advanced pupils and beginners, and ball room and interpretative dancing will be given in different classes. A feature of this season's work will be the baby class in folk and aesthetic dancing. Pantomimes, based on Mother Goose rhymes and fairy tales will be included in the work.

Those intending to join any of the classes should be on hand promptly at 10 o'clock next Saturday morning in La Crescenta auditorium.

Hunters Get Buck

Mr. and Mrs. P. B. Watkins returned from their hunting trip to the High Sierras bringing back a goodly supply of venison. After their return they entertained with a venison dinner at the Mack Collins home, their guests being Mr. and Mrs. C. A. Taskins, Dr. and Mrs. Telfer and sons James and Robert, and L. M. Tillinghast.

Mrs. Wooley of Honolulu avenue has as her house guests her sister and niece, Mrs. Stromquist and Phylois of Lindsbury, Kansas, and another sister, who, with her husband, has just arrived from a trip around the world. The travelers are Mr. and Mrs. Booher, and they expect to remain for a time, visiting here and in Long Beach. Mr. and Mrs. Wooley and relatives celebrated the fiftieth wedding anniversary of her parents, Mr. and Mrs. Renius of Long Beach in a novel way.

A church wedding was held with floral decorations, flower girls and music, as the original wedding was held fifty years ago, with the exception of a daughter acting as bride's maid, and a son as his father's attendant. The wedding was held in the Trinity Lutheran church of Long Beach, the Reverend Snyder officiating.

After the wedding the party returned to the Renius home, 811 Linden avenue, where a reception was held, fifty guests outside of the family responding to the invitations. The family's gifts to the happy couple were to the mother, a diamond ring, and to the father, a gold signet ring and gold headed cane. Many valuable gifts from friends were also received.

Mrs. Wooley plans on holding a large family reunion here a week from Sunday.

He Will Speak At Convention Of Alliance

REV. E. J. RICHARDS

Home secretary of the Christian and Missionary Alliance, who is to speak every night at the convention September 30 to October 7 at the Gospel Tabernacle church at the corner of South Louise and Chestnut streets. He comes from New York.

Rev. C. H. Chrisman, Pastor Here, Announces Speakers for Session

Activities of the fall and winter at the Gospel Tabernacle church at the corner of South Louise and Chestnut streets, will have an inspiring beginning tomorrow, when a week's convention of the Christian and Missionary Alliance will be opened with noted churchmen in attendance as speakers.

Rev. C. H. Chrisman, pastor of the Glendale church, announces that there will be sessions every afternoon at 2:30 o'clock and every night at 7:30 o'clock, except Saturday.

Heading the list of speakers is Rev. E. J. Richards of New York, home secretary of the alliance. He will speak every night.

Others on Program

Then there are Dr. Frederick W. Farr, pastor of the Calvary Baptist church of Los Angeles; Dr. Elwood P. Lyon of Pasadena; Rev. George W. Davis, pastor of the Gospel Tabernacle of Los Angeles, who speaks Monday afternoon; Miss Hattie O. Shaffer, who speaks to the children every afternoon at 4 o'clock; Mrs. Thomas Mosley, returned missionary from China; Mrs. George Simmonds, returned missionary from South America.

Mrs. E. C. Hormel will direct the music. An orchestra of fifteen pieces will play every night.

New Executive Joins Dept. Store Forces

The association of Samuel A. Lewis with the Brand Department Store, 233 North Brand boulevard, brings to the commercial community of Glendale an executive who has had years of experience in some of the biggest establishments in the country, and a man who knows the needs of dry goods buyers intimately, having filled the positions of buyer, manager and merchandise manager.

Mr. Lewis' faith in the future of Glendale has been strengthened by a close survey of business conditions in practically every city in Southern California, and his decision to establish himself here came as a result of his investigations that extended over several weeks.

The women of Glendale are assured by Mr. Lewis and the management of the Brand Department Store that their needs in the latest and most fashionable grades of merchandise will be supplied by an organization that is in close touch with every source of supply in the country, purchases being made by Mr. Lewis during periodical buying trips back east.

Issue First Number of 'Community Life'

The first number of Glendale Community Life, a periodical dedicated to the further progress and development of America's fastest growing city, has been issued by Bernard & Son, printers, 106 South Maryland avenue.

Various phases of local development are told in the wealth of reading matter in the publication which reflects great credit on both the editorial and mechanical departments of the Bernard & Son plant.

Local Artist Plays in Organ Recital

Miss Mildred Brockway of 211 Richland avenue, Glendale, is to participate in the organ recital Monday night, October 1, at the First Presbyterian church, Twentieth and Figueroa streets, Los Angeles. The affair is being given by members of the American Guild of Organists, and the program will begin at 8:15 o'clock.

Miss Brockway will play "Sonata in D Flat" (Rheinberger), "Melody" (Smart) and "Marche Royale" (R. G. Hailing).

EAGLE ROCK

PSYCHOLOGICAL WORKER IS BUSY

Reorganizing Schools After Test of Students' Intelligence

The Eagle Rock schools are being reorganized from the viewpoint of grading pupils, Miss Georgia Shane having been sent here from Los Angeles by the Board of Education to conduct a series of four group tests that will clear up the situation, not only with regard to backward pupils but to those who have tendency to forge ahead more rapidly than others.

Miss Shane's title is school counselor. She is one of a staff of twenty-six such, at work in the Los Angeles schools. Tests will be given in intelligence, arithmetic, spelling and reading. The results will be studied by the counselor, weighed with the teacher's judgment, and each child's accomplishment quotient recorded. The Eagle Rock school system will then be reclassified from this viewpoint.

How It Is Done

"In this reclassification," states Miss Shane, "an attempt will be made to group the children who have equal educational standing and ability to progress, while the problem cases will be segregated and studied by a representative from the psychology research department.

"In this latter connection, it very frequently proves there is a slight handicap, easily overcome, standing in the way of the pupil's advancement. Sometimes it is lack of drill in the fundamentals, or in the combinations in arithmetic, or lack of phonetics in reading, or an incorrect method in spelling, or any one of a hundred and one reasons readily analyzed and usually correctable without much difficulty."

Investigate Methods

"The work of the counsellors is to investigate methods of instruction and not to supervise it," sums up Mrs. Susan Dorsey, Los Angeles superintendent of schools.

"The requisites of a counselor," says A. H. Sutherland, "are teaching experience, ability to deal with special types of children, ability to administer and diagnose the various tests, ability to handle suggestions, and judgment in arranging classes. The counsellor is not a bookkeeper or statistician, but a social educator."

Local Notes

Mr. and Mrs. Leroy Charles have returned to the home of the bride's parents, Mr. and Mrs. George H. Wolf, 333 East Ridgeway avenue, for a visit after a brief honeymoon trip last week. They will build a home of their own in Eagle Rock in the near future. Mr. Charles is in the employ of a Los Angeles firm. Mrs. Charles, formerly Miss Carol Wolf, has lived in this community nine years and is well known among the younger set.

J. J. Broomall of Rosemont avenue, again carried off first honors at the California Dahlia show, San Francisco, last week. The winning bloom was an "Ambassador."

Under Agricultural Instructor Shaver, the Eagle Rock school grounds are rapidly becoming beautiful, as the boys, with their teacher's instructions, wage deadly war on the weeds that have long flourished in the vacant lots there.

Represent O. E. S. Chapter

Local Eastern Star circles will be represented at the Golden Jubilee of the Grand chapter, at San Francisco, October 16 to 19, by Mr. and Mrs. M. T. Lee, Mr. and Mrs. Ward, and Miss Fanny Baiey. Mr. and Mrs. Lee plan to go north a week ahead of this date, to attend the sessions of the grand lodge. Miss Bailey plans to attend the big reception given the Grand Matron and Grand Patron, by the Bay City chapters.

Entries in the second annual Dahlia show at the Women's Twentieth Century clubhouse, Thursday, October 4, may be phoned by calling Mrs. J. C. Clausen at Garvanza 1885, or Mrs. R. W. Stephens at Garvanza 0774. Tables for entries can be reserved up to Tuesday night.

BORROW OLD FORD

A Ford never gets too old to be stolen according to C. H. Van Nordheim of 513 South Columbus avenue who yesterday had his 1915 "flivver" borrowed.

AUTOMOBILE SECTION

PART TWO — GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, SATURDAY, SEPTEMBER 29, 1923 — PAGES 1 TO 6

HELP MOTHERS WITH BABIES IN ARMS!

PRODUCTION CONTINUES INCREASE, REPORT

September Figures Show a Steady Gain; Cut in Prices Is Aid

DETROIT, Sept. 29.—The automobile industry is fast on its way toward rounding out a production of close to 4,000,000 vehicles. September production will be in excess of August in spite of the fact that many companies have slowed up operations to an appreciable degree to change over their machinery for new models that have already made their bow or will within the next few weeks.

In contrast to some plants are figures made public by the Ford Motor Company. Change to the new models by that concern was made with but little delay. In fact, production of the new type was made practically overnight and in every plant of the company. Right now engineers are putting across a similar task for the Lincoln company. Several changes are being made at the Lincoln plant and at the same time production is maintained at the peak.

Certainly the 1924 season is off to a flying start both through the introduction of many new models and aided by price reductions. These factors have prompted officials to watch closely their production schedules and in most cases these have been stepped up.

Buick In Full Swing

Buick is in full swing on new models and output will be increased next month. Cadillac is rapidly getting back into full swing following introduction of new models. Chevrolet is turning out more than 2,000 cars daily, cut in price having stimulated buying. Production of "Flint sixes" has been started at the new Flint plant of Durant motors. Star plant at Flint will start operations about January 1. Lansing plants of Durant are operating on a schedule of 300 Star cars and of thirty Durant cars daily.

Officials of the Mason Truck Company are to be shifted back from Bridgeport, Conn., to Flint, and W. C. Durant has let the contract for construction of an additional building at Flint.

Hupmobile officials report

Experienced Executive Is Appointed Distributor Of Rickenbacker In Glendale

Lewis F. Reed Takes Agency for Popular Car in This Territory

OF more than passing interest to the automobile public of Glendale is the announcement by the Leon T. Shettler Co., Southern California distributors of the Rickenbacker car, that he has appointed Lewis T. Reed to be the exclusive dealer for Rickenbacker cars in Glendale, Eagle Rock, Burbank and Tujunga.

Present owners of Rickenbacker cars, and those who are favorably considering the car with a view to owning one later, will be glad to know that there is an aggressive dealer handling this popular line, a dealer with an all-around experience in the automobile business covering more than eighteen years, who can be reasonably expected to know enough to see that the line he handles is properly advertised, sold and taken care of after being in the hands of the owners.

In recounting his years of experience in the automobile business Mr. Reed said:

"I have been actively engaged in the motor car business since 1905, and my experience covers not only the active sale of automobiles, but also several years actually doing service work as a mechanic and a shop foreman. The last eight years have been spent in managerial and executive positions with some of the largest automobile houses in California. This includes six years as local manager of Packard and other high grade accounts in Fresno and Sacramento for the state distribution of these lines, and being, for a considerable time, wholesale sales manager for the Packard in San Francisco, and a year and a half with the Leon T. Shettler Company in Los Angeles, Rickenbacker distributors, as a member of the firm in charge of the wholesale business.

Selects Glendale

"I have owned property in the vicinity of Glendale for the past fifteen years or so and, in fact, now own two residence properties in Eagle Rock. Being in close touch with business conditions in Glendale, I have chosen it as the proper place in which to go into business for myself, an object I have long had in mind.

"During my connection with the Leon T. Shettler Company, in which firm I still retain my interest, I have come into contact with the sale and delivery of more than 1,050 Rickenbacker cars and have had the opportunity to observe

(Continued on Page 2)

Lewis F. Reed, newly appointed Rickenbacker agent, sees bright future for car in Glendale territory. Photo by Dolberg.

Coming Events In Auto World Are Scheduled

Following will be found listed a number of coming events in the motor world:

September 28-October 5—Automobile show, district fair, Fresno, Calif.; auspices Fresno Automobile Dealers' Association; Ray W. Wakefield, show manager.

September 29 — Automobile race, Fresno, Calif.

October — Automobile show, civic auditorium, Watsonville, Calif.; auspices Watsonville Automobile Trade Association.

October — Annual convention, California Automobile Trade Association, Bakersfield.

October — Production meeting, S. A. E., Cleveland.

October 1-6—Automobile show, Utah State fair, Salt Lake City; Carl Snow, show manager.

October 4-10—Automobile show, Grand Palais, Paris, France.

October 13-20—Chicago closed car show, Coliseum; auspices Chicago Automobile Trade Association.

October 17—Automobile race, Kansas City.

October 24-November 2—Truck and traction show, Grand Palais, Paris.

October 28—Spanish grand prix, Barcelona.

November 1-15—Annual automobile show, Buenos Aires; auspices of Automobile Club Argentino.

November 2-10 — Automobile show, Olympia hall, London.

November 4—Proposed opening of still unbuilt Oakland speedway.

November 4-10—First American salon of American Automotive Association, Hotel Astor, New York City.

November 12-17 — Nineteenth annual automobile salon, Hotel Commodore, New York.

November 12-17 — Automotive Equipment Association's annual convention and show at Coliseum, Chicago.

November 13-15—National Tire Dealers' Association convention, New York.

November 22-December 1—Motor transport exhibition, Olympia hall, London, England.

November 29 — Thanksgiving day race, Los Angeles.

January 5-12—New York national show, 8th Coast Artillery armory, 196th and Jerome avenue.

January 26-February 2—Automobile salon, Hotel Drake, Chicago.

Motorist Tax Beats Record of Railroads

The annual tax paid by motorists of the country for the operation of their automobiles exceeds the yearly tax of all railroads of the country by the amazing sum of more than $60,000,000. This does not include income taxes of the automotive manufacturer or the individual motorist.

NEW POLICIES IN HIGHWAY BUILDING

Chairman of State Board Writes His Views on Road Construction

By HARVEY M. TOY
Chairman California Highway Commission

The California Highway Commission came into office a little over seven months ago, and it has been quite a chore for us to familiarize ourselves with all of the details of this stupendous work. That, however, has been done not only by our traveling thousands of miles over California highways, but by calmly studying the situation and conferring with those who, because of their familiarity with the subject, might give us enlightenment.

Needless to say, we have learned a lot, and as time goes on we will continue to acquire knowledge that will the better enable us to build the proper kind of highways and thoroughly maintain them.

We are taking every advantage that is possible of the mistakes of the past and hope and know that we are going to supply the users of the highway with something that surpasses the thin and inadequate pavements that have been built.

Change In Methods

The old commission endeavored to standardize a design. We do not believe in that. It is folly to build the same design or type of highway where the traffic is light as where it is heavy, or where the subsoil may be spongy and where it may be thoroughly compacted rock.

We are insistent that our engineers make the design meet conditions, and that is what they are doing. From this sort of policy it is readily ascertainable that in some places we will build considerably wider and heavier pavements, while in the outlying regions of the state, where the need for highway is great, we will first build a graded roadway and surface it with local materials. This will open much of our undeveloped part of the state and, we believe, will encourage agricultural pursuits in those regions more than anything else. When the need becomes greater, and funds are available, it will be possible for us to lay a pavement and then we will have a compacted grade upon which to do it.

Too much haste has been used, with the result that the pavements have broken down as the grades settled. Then, again, there has not been the study made of how to treat these soils so as to make a poor soil into a good and substantial subgrade.

Our engineers are giving this matter the greatest thought and are now making detailed investigations. We are going to know more of this subject before millions more of money is spent. The providing of a stable foundation is nothing more than an elementary principle of any kind of construction, and I am sorry to say that it has too long been overlooked here in California.

Our engineers have investigated these tests; in fact, actually co-operated in them, and we are utilizing every bit of knowledge that was obtained there. Probably more than anything else, these tests showed the need for more investigations.

Question of Finance

There is another angle to this highway situation aside from the details of construction, and that is the important one of finance.

We came into office finding almost a depleted treasury, so far as construction funds were concerned. True, we had some money, but the nature of the activities of the old commission and the mandates of our constitution have tied our hands so that we cannot spend it in all cases where we would like.

There are very few of these requests but that have merit. Many of them are obligations incurred when the bond issues were passed. Others are meritorious in that the work is vitally needed.

The financing of maintenance and reconstruction is well taken care of by the new Motor Vehicle act passed by the last legislature, in which is included the 2-cent gasoline tax.

Our engineers have estimated that it will require about $200,000,000 to complete the present state system. This money must be forthcoming if we are to do the work. My own opinion is that the citizenry of the state want the job done and at as early date as possible compatible with good engineering and sound business.

A means must be found for raising this money. In the past we have had long-termed bonds and short-lived roads, making it

(Continued on page 3)

DARE DEATH AT RAILWAY CROSSING

Drivers Swell Lists of Accidents in Spite of All Warnings

Despite all warnings against recklessness, especially on the part of automobile drivers, fatal accidents at grade crossings on the Pennsylvania railroad more than doubled in July, as compared with the corresponding month last year. This is brought out in a report of the company's insurance department which shows that in July, 1923, there were forty-six persons killed and thirty-nine injured in grade crossing casualties, as compared with twenty-one persons killed and thirty-five injured in July, 1922.

The increase in fatalities was 119 per cent. In one instance nine persons were killed in a single automobile, in another four were killed, and there were three accidents in each of which three persons were killed.

Helpless In Emergency

Study of these accidents powerfully emphasizes the fact that many persons are driving motor cars who are not only helpless in emergencies but also totally fail to realize their responsibilities for protecting from death and injury those who ride with them. The contrast between this condition and the rigid rules and regulations of railroad companies with respect to their locomotive engineers is thus brought out in the insurance department's report.

"For safety reasons, the railroads do not permit anyone excepting those on duty to ride with a locomotive engineer, and persons who have business on engines are forbidden to distract his attention. It is frequently seen that automobiles and trucks are

(Continued on Page 2)

New Autoplane Travels On Roadway or In Air

BERLIN, Sept. 29.—To avoid an automobile accident by gently soaring over the reckless driver who edges you off the road now has become possible. A Bavarian inventor at Augsburg has successfully combined an automobile and an airplane in such a way that it promises to become entirely practical for both modes of travel.

The plane is six feet high, sixteen feet long and has a wing spread of fifteen feet. This is mounted on the three-wheeled type automobile chassis which is so popular in Germany for delivery trucks, the front wheel only being directly motor driven. It is provided with a four and a half horsepower motor (European calculation) and aside from ground travel develops a speed of seventy-eight miles an hour in the air. Takeoffs have been carried out successfully under ordinary road conditions.

New Motor Act Regulates Passenger Vehicle Baggage

ALTHOUGH the summer auto camping season is drawing to a close, much discussion has arisen since September 1, when the new motor vehicle act went into effect, as to the carrying of baggage on passenger vehicles and the width of loads on trucks.

In order to settle this matter, in the way of an explanation, the Automobile Club of Southern California, through M. B. Towman of the Glendale office, has issued the following advice to autoists covering this important detail of highway law:

How wide can loads on motor trucks actually be? How can you load your baggage on the running boards of your autos for trips this fall?

In plain words, no load nor vehicle shall exceed ninety-six inches—or eight feet in width. This is a general basis of the ruling.

But there are some important exceptions to this. For instance, it shall not apply to farming implements nor to loads of loosely piled material such as hay or alfalfa, which may be ten feet in width.

These "loosely-piled" loads, which do not include crated, baled, boxed, nor sacked material, must not exceed 120 inches, or ten feet.

However, vehicles which were owned and in operation at the time of the passage of the new act are wider than ninety-six inches, may continue to operate if they are wider than ninety-six inches but do not exceed a width of 102 inches, if used upon roads which are more than fifteen feet wide. Practically all main roads in California are wider than fifteen feet.

You cannot carry loads on your passenger cars which extend beyond the line of the hub caps of the machine on the left-hand side. The load cannot extend more than six inches beyond the line of the hub caps on the right-hand side. This means anything extending beyond the hub caps of the car, such as crates, suitcases, tents, trunks or fishing poles.

CLUB URGES MORE CARE AND LESS HURRYING

More Consideration on Part of Motoring Public Is Plea of Club

CONSIDER mothers with babes in their arms or babes in buggies, Mr. Motorist. Parents are registering complaints that when they are attempting to cross highways or streets with babies in their arms, the motoring public gives them little consideration.

Numbers of them have asked that the Auto Club of Southern California call the attention of auto owners to this situation, says M. B. Towman of the Glendale branch of the club.

It is pointed out by the club officials that motorists should give the same consideration to pedestrians that they expect pedestrians to give to them, particularly when these pedestrians are mothers carrying small children in their arms.

In Fear of Death

One letter received from a parent says that his wife reports that she has been forced to stand for many minutes at a time in the center of some busy road or street, trying to reach the opposite edge, while motorists whirled and eddied about her in a seemingly never-ending stream.

Others report that some mothers have been forced to give up trying to cross certain boulevards or streets on their way home from the corner grocery because the

Ford
THE UNIVERSAL CAR

New Sedan

Changes featured in the new Ford Sedan make it a better looking, roomier car.

A higher radiator with a trim apron at its base lends dignity befitting a closed car. The higher hood and enlarged cowl curving gracefully to the dash give a stylish sweep to its body lines, and afford additional leg room for occupants of the front seat.

All body fittings—window regulators, door grips, door latch levers, door lock, dome light—are finished in nickel. The upholstery carries a fine dark line on a soft brown background that does not easily show dust or dirt. Silk window curtains to harmonize for the three rear windows enhance the style of the car and add to the comfort of its passengers. See the new Sedan and other new Ford body styles at our showroom.

These cars can be obtained through the Ford Weekly Purchase Plan.

BIG DRIVE-AWAY BY AUTO AGENTS

Studebaker Dealers Take 150 Light Six Models To Supply Demand

On Thursday, September 20, 150 cars were driven from the South Bend factory of the Studebaker Corporation to fill retail orders of Studebaker dealers.

This was the largest drive-away ever held by Studebaker at this season of the year, according to Don Packer, local agent, 245 South Brand boulevard.

These cars were 1924 model Light-Sixes and included the full range of body styles—roadsters, touring cars, coupe-roadsters and sedans. The long line of cars made an impressive spectacle as they passed through the streets of South Bend, and crowds gathered along the route to admire the attractive lines of the new cars.

Such an unusual drive-away was made possible by the continuous, large demand for Studebaker cars from all sections of the country. All plants are running at capacity in an effort to meet this demand.

Since the Light-Six was introduced three years ago, more than 150,000 Studebaker Light-Sixes have been sold, and their popularity is constantly growing. Even the present output of over 625 cars a day cannot adequately meet the insistent demand for all models of Studebaker cars.

Production Continues to Steadily Increase

(Continued from page 1)

a demand for new models giving every indication that record-breaking production will be maintained. Reo plants are running close to capacity with the company receiving a large share of motor business. High volume of sales continues, according to Captain Eddie Rickenbacker, with the company turning out around seventy cars daily.

Wills St. Claire is another company that is rapidly getting back to normal. Since reorganization, productiton is gradually being increased. The company has spent much time building up its dealer organization.

40,000 Fords Weekly

Ford domestic production continues in excess of 40,000 weekly. Output for the week ending Monday was 40,665 cars and trucks. For the week 1,826 tractors were built and the Lincoln division produced 185 cars. August sales of the Ford Motor Company aggregated 161,567 automobiles and trucks, or 39,608 greater than in August, 1922. Ford trucks continue to be increasing in demand from business and agricultural interests, with sales for last month reaching 17,441, a gain of more than 5,000 over last year.

Hudson is keeping up with the good work. Reduction was made in prices this week on all super-six models, cuts ranging from $75 to $100. Present selling price of speedsters is $80 less than the original price of the super-six in 1915.

The Market Changes

Tire markets remain unstable. Firestone company has cut prices on Ford size tires from 11 to 18 per cent. This cut has been made by the United States Rubber Company cutting prices on fabric and cord tires in Ford sizes from 12½ to 22 per cent. Other manufacturers are expected to join. This is the outgrowth of the dealers offering this size of tires in special lots at reduced prices.

Alterations costing $2,000,000 are nearly completed at Oakland factory at Pontiac, Mich. When completed the plant will have doubled its capacity to 500 cars daily.

King Motors, recently purchased by Buffalo interests, is being removed to the Empire state city. Production is expected to start there about October 15.

Reed Is Named Agent for Rickenbacker Car

(Continued from page 1)

the remarkable degree of success that the car has achieved in the hands of owners. I have also been in a position to learn the exact facts as to the financial and business condition of the factory, and know that this is the most favorable possible.

"I have also been, for several years, personally acquainted with Captain Eddie Rickenbacker and know that he and his associates are all live wire manufacturers and designers who have kept their cars ahead of their competitors in design and will, undoubtedly, continue to do so. As an instance of Captain Rickenbacker's farsightedness I may say that the first Rickenbacker car laid down on the drawing board early in 1919 had brakes on all four wheels and that this company has been experimenting ever since, or four years, to perfect the four-wheel brake system recently announced as a part of the Rickenbacker car."

Strong Organization

Rickenbacker owners in Glendale will be pleased to learn, Mr. Reed points out, that the service at the new Rickenbacker agency will be handled by "Jimmie" Zimmerman, who has been engaged in technical service on this car since its introduction into Los Angeles, first as technical service man for the Los Angeles dealer and later as foreman of the shop in the Hollywood agency.

The sales department is in charge of Fred Van Sickle, formerly sales manager for the Reo dealer in Fresno. He will be assisted by L. J. Baker, an automobile salesman whose past record shows an unusual degree of success.

All present Rickenbacker owners are invited and urged to come in and get acquainted with the new organization, and they are asked to feel that "Jimmie's" knowledge and experience with Rickenbacker service is cheerfully at their command.

RADIO BATTERIES NEED ATTENTION

Replacement Expense Is Cut By New Equipment, Expert Claims

One of the most common complaints that radio set owners are constantly making concerns the neecssity for replacing their dry batteries after a few months of use, claims Henry M. Kuhn, local Willard dealer, whose place at 300 South Brand boulevard is often referred to as Radio Battery headquarters of Glendale.

"The expense of such replacements is not great in many instances, but the fan who has taken to radio as something more than an experiment and a hobby finds that it means constant attention to batteries and more or less frequent replacements," says Mr. Kuhn.

"Radio battery experts have had all this in mind for a long time and have finally produced a battery that not only eliminates all such trouble but possesses advantages that mark a revolution in radio battery usage.

"This battery is the new Willard CTR type radio storage battery that can be used equally well either as "A" battery or "B" battery. It is a single cell about the size of the common dry battery and has the great advantage of being easily recharged and kept constantly at full capacity.

"Heretofore storage batteries for radio have held their own because of unvarying voltage, greater capacity and rechargeability. Dry cells have enjoyed favor because of their small size and low price.

"But the new CTR cell can claim these advantages also, in addition to all the acknowledged advantages possessed by the storage battery for radio use. It is small and inexpensive and is easily recharged on home electrical current.

"Owners of peanut tube sets have been waiting for this cell for a long time."

INCREASE SHOWN IN FORD OUTPUT

August Sales of 161,567 Cars and Trucks Bring Total to 1,212,563

DETROIT, Mich., Sept. 29.—August closed the summer season for the Ford Motor company with sales of 161,567 cars and trucks, 39,608 more than were delivered at retail during the same month last year, it is just announced in a letter to Jesse E. Smith, local Ford agent, 115-125 West Colorado street.

The remarkable increases which have characterized Ford sales so far this year, bringing them to a total of 1,212,553 for the eight months up to September 1, promise to maintain the same proportions during the fall season.

At least this is indicated by the number of orders on hand at the first of the present month. The new type of Ford cars, now in the hands of practically all dealers in the country, are attracting widespread attention.

The tendency toward enclosed car buying is growing more noticeable, and in this connection the four-door Ford Sedan is gaining in popularity as the family car. This Sedan has enjoyed a lively demand ever since its introduction, and now, with improvements which have come as a result of the higher radiator, it is more attractive in appearance than ever before. The Ford coupe, which is new in design and with many refinements, is enjoying unusual popularity.

Business and agricultural interests continue to make increasing demands for Ford trucks, and sales for August reached a total of 17,441, a gain of 5147 over August, 1922.

BODY SQUEAKS

A body resting unevenly on the frame of a car will cause a cracking sound. By placing strips of leather between body and frame (preferably where body bolts pass through frame) this noise is often overcome. A rubbing or rattling noise can most frequently be attributed to the edges of doors rubbing against their frames.

Continue to Flirt With Sudden Death

(Continued from page 1)

filled to capacity and the drivers are so crowded that access to the brakes and gear shift lever is impeded. The conditions under such circumstances may be so distracting that when an emergency arises a crash is likely to occur as a result of that interference. If similar conditions existed on passenger locomotives disastrous wrecks probably would be as numerous as crossing accidents.

"The Pennsylvania railroad system has often operated an entire year without a passenger being killed in a train accident, but it is likely that if locomotive engineers treated their responsibility for the safety of passengers as lightly as many drivers of automobiles do, that record could not have been made."

Disregard For Safety

The report cites several cases of shocking disregard of automobile drivers for the safety of themselves and those with them. Among them are the following:

"An automobile, occupied by eight persons, running thirty-five miles per hour, ran into the side of a locomotive standing on a crossing, all the occupants being injured.

"An automobile, occupied by four persons, was driven into the twenty-fourth car of a freight train, killing three persons and seriously injuring the other.

"An automobile, occupied by the driver and four men companions, was driven into the side of a freight train standing on a crossing. The driver was arrested for driving while intoxicated.

"The driver of a motor truck attempted to drive across tracks ahead of a passenger train after other automobiles had stopped. The truck was struck, one person being killed and one injured.

"An automobile was stopped at a crossing on signal of the crossing watchman, when another automobile running at high speed knocked the standing car directly into the path of the approaching train; one person was killed and another injured."

PACKARD

SINGLE-SIX

It has to be a pretty good Yankee car that can overcome my initial prejudice; but when after doing that it contrives to fill me with an uncontrollable lust for possession, then I can assure you it is something right out of the common rut.

The Single-Six Packard costs (IN ENGLAND) something under nine hundred pounds, and is, in my humble opinion, as near being the very best car in the world as makes no difference. This is heavy praise, I know, but it can't be helped—I must speak as I find.

If I had leisure and one of these cars, I would like to drive it round Coventry and Birmingham and Manchester, and other places where motors are mostly made, and take British managing directors out for a run, just to show them, you understand.

The plain fact is that this is a car in which I simply cannot find a fault.

It is as docile as an angel, but goes like the very devil. It is supremely well sprung, it is uncannily silent, it is a miser on petrol, it steers no heavier than a wisp of cigarette smoke, it climbs like a chamois—in short, it just does anything that it should, and does most things a good deal better than you would think possible.

Mind you it is not one of these undergeared contraptions, for without any fuss or flurry it will do its modest seventy on the level, nor has it got a huge engine, yet it will do White Hill, Henley, with four up, at a minimum of twenty-five miles an hour. The Hindhead brings it down to about fifty-five! The Single-Six is, of course, not to be confused with the Twin-Six.

Yes, believe me, people, the six-cylinder Packard is a very wonderful car indeed. I wish it were made in this country, and I can't for the life of me see why it shouldn't be, though, owing to the higher cost of raw material over here, it would naturally come out more expensive.

I heartily wish the Packard were British.

It is easily amongst the first half-dozen best cars in the world, at a figure which has hitherto been associated with, comparatively speaking, mediocrity.

JEWETT SMASHES FORMER RECORDS

Advances to Third Place in Six-Cylinder Sales in Entire State

The Jewett car made another long advance in sales during the past month, leaping up to a total of registrations that place it third in six-cylinder registrations in the state, according to statistics received by Ralph B. Bliss, local agent, 308 East Colorado street, who has contributed materially to the total sales of the Jewett.

The accomplishment of the Jewett is said to have broken all previous comparative California sales records. Agents for the Jewett and the Paige in Southern California are enthusiastic over the showing made and are out to set a still better record in the next few months.

"The welcome that automobile buyers are giving the Jewett shows that the car is giving satisfaction to owners and that it is being warmly endorsed by those who know what the car is capable of accomplishing under any and every driving condition," says Mr. Bliss.

Tells New Policies on Building State Roads

(Continued from page 1)

very apparent that a new method or a combination of methods must be devised.

The last legislature provided for the creation of a non-salaried commission to solve the problem and report to the next session. I believe this commission will shortly be appointed by Governor Richardson.

In conclusion, let me point out that the highway commission is but the servant of the people. An agency, if you will, of transferring the funds given it by the public into highways. We have no other object nor are we actuated by any other desire than to serve well.

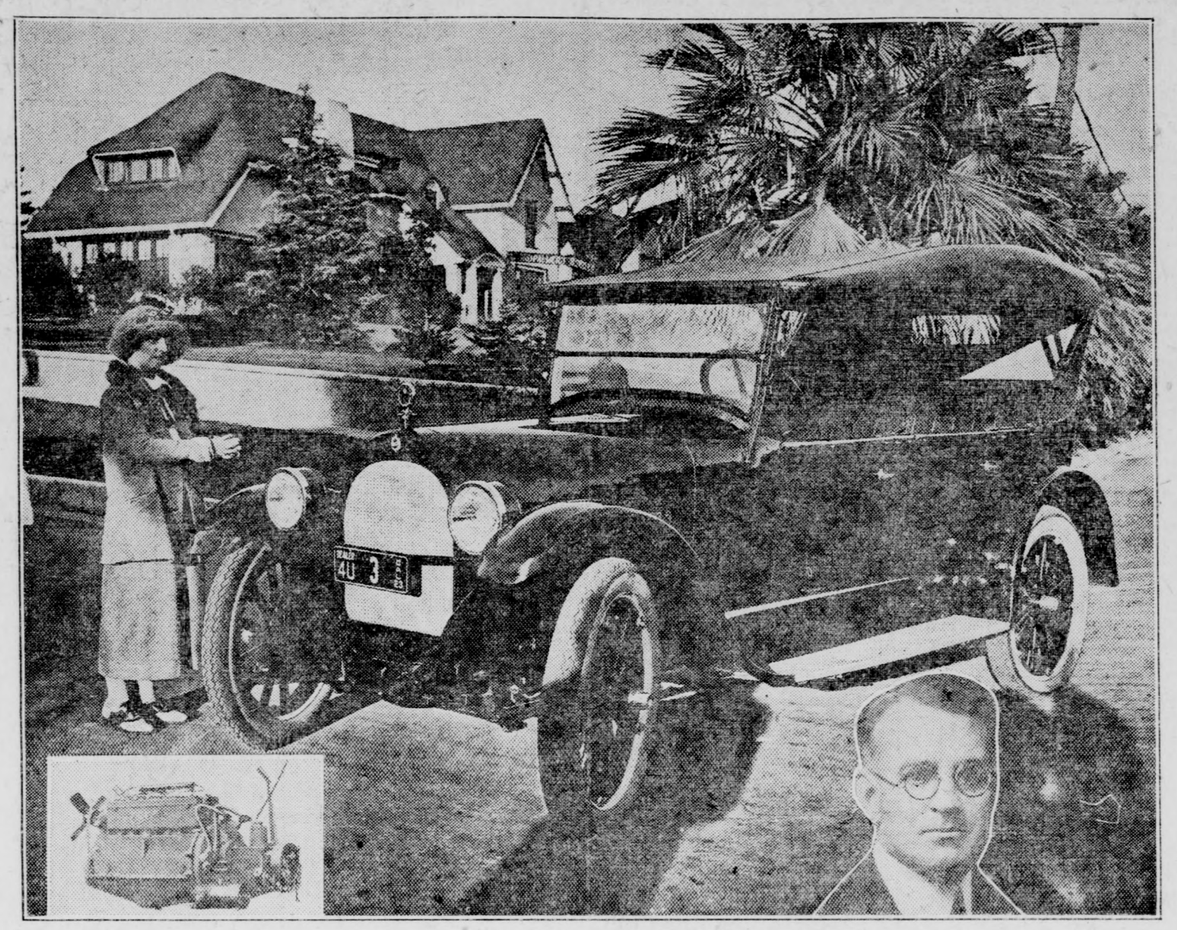
If the truck owners, who are an important part of the traveling public, and the one class who are 100 per cent of the time following business pursuits, desire more and better highways, they can best obtain them by putting their shoulders to the wheel in the endeavor to supply us with construction funds.

It is our function to spend the money given us, judiciously and well, but it is the duty of the public to say whether or not we shall be supplied with those funds. As I said before, it is my impression that the public wants to proceed.

I hope this information may be of some value to The Glendale Evening News and its readers. I can assure you it is a pleasure to supply it.

OLDS SIX-CYLINDER CAR IS SENSATION OF AUTO WORLD

Latest Creation Placed on Sale at Price That Establishes New Class For Motor Costs



Little "Miss Glendale" is shown in the photograph with her hands clasped before her in admiration of the new Oldsmobile Six-Cylinder that has just been produced by the Olds Motor Works at Lansing, Mich. C. H. Hunter, Glendale distributor, in insert, is already booking orders for the new Six. The other insert shows the powerful new motor installed in the latest Oldsmobile.

Six Body Styles Made by Fisher Included In List of New Models; Output Will Be 100,000 First Year

AN entirely new automobile, in a new price class, has been created for the American public, according to an announcement today by the Olds Motor Works of Lansing, Michigan. This new car is of the six-cylinder type, with six body styles, at a price range between approximately $750 and $1100.

The various body types of this lowest priced six-cylinder line will consist of a five-passenger touring car; two-passenger roadster; a five-passenger sport touring; a two-passenger cab, a closed car designed especially for business use; a four-passenger coupe and a five passenger sedan, on bodies designed by Fisher. An unusual feature of all these models is their extremely easy riding qualities. It is literally impossible to throw anyone from the seat on the roughest roads.

In Everyone's Reach

The company says the car was designed to meet the long felt need of a six-cylinder automobile at a price within the reach of everyone. Only through the cooperation of the engineering staff and the great resources, purchasing and manufacturing facilities of the General Motors Corporation could such a car be produced at such a low price.

It is the program of the Olds Motor Works to turn out 100,000 of the new Oldsmobile Six during the coming year, according to C. H. Hunter, 208-210 West Broadway, the local agent, who is now taking orders for the new model. The new car marks the entry of the Oldsmobile manufacturers into a field that is, for them, a new one, as they have specialized on Fours and Eights in the past. No changes either in the styles or in the prices of the Fours and Eights are contemplated, Mr. Hunter declares.

Standards Maintained

The new six-cylinder Oldsmobile is up to the high standards maintained by the Olds Motor Works, Mr. Hunter claims, and no sacrifice has been made in the quality or in the finish that have placed this firm in its present enviable position in the motor world.

He asserts that the latest member of the Oldsmobile family will develop into the sensation of the year in automobile circles, in view of the low price at which it is offered and the high quality that is built into every part of the car.

CHALMERS SHOWS LUXURY, BEAUTY

Refinements in Late Models Product of Long Study By Engineers

Since the Chalmers plant was taken over by the Maxwell-Chalmers organization, engineers have been constantly at work endeavoring to make improvements that will put this car just a few steps ahead of anything in its class and along the line with the policy adopted at the time of the reorganization of the Maxwell company and which, in the last two years, has placed the Maxwell in an enviable position, causing it to be recognized as the world's greatest motor value. Some of the biggest brains in the automobile industry are today at the head of the Maxwell-Chalmers organization.

In the new Chalmers, the beauty of its design appeals to everyone. Its splendid equipment and its brilliant performance on hills and highways tell its own story, and there is far more luxury today in the new Chalmers than has ever been offered before to the American public at anywhere near the price.

The Glendale Motor Car Company, Maxwell-Chalmers dealers, of 124 West Colorado street, have made a number of deliveries in this territory recently and are filling orders as rapidly as the cars can be received.

BUICK'S SERVICE STATIONS SHOWN

Tanner & Hall Distribute Map Showing Locations of Calif. Agencies

In line with their policy to render every possible assistance not only to their own clients but also to every Buick owner, Tanner & Hall, Buick distributors, 237 South Brand boulevard, are giving away a map showing all the Buick service stations in this state and in Nevada, as well as the roads in Los Angeles and vicinity and San Francisco and vicinity.

"The service rendered Buick owners," says Ray L. Galvin, sales manager, "does not end when a Buick agency delivers a car. It is planned to cover every possible exigency that a Buick owner may be called on to face, and the service is the same in every part of the country, wherever a Buick agency is located.

"This policy has been one of the biggest factors in building up the popularity of the Buick, to give the owner the maximum service with the minimum of cost, and every car turned out by the factory must measure up to the standard set by the manufacturers, that of bearing its share in maintaining the prestige of the Buick name and reputation."

The maps will be distributed free by Tanner & Hall as long as the generous supply on hand lasts.

THRILLS ON LONG TRIP FROM EAST

Chevrolet Touring Car Gives Proof of Power, Economy in Grueling Journey

From Newark, N. J., to Glendale, Calif., is a long trip that is sometimes fraught with all sorts of chances, but it failed to daunt Mr. and Mrs. Charles D. Davis and their son, who have just arrived here after a series of adventures that furnished all sorts of thrills.

They left Newark on August 22 and arrived here on September 24, taking thirty-three days for the trip, but they would have made better time if they had not been held up by floods in New Mexico, Arizona and Missouri, according to their account to C. L. Smith, local Chevrolet dealer, Colorado and Orange. The trip was made in a Chevrolet touring car, and on the entire trip they averaged over twenty-five miles to the gallon, on one day making thirty miles in an all-day run of 204 miles across the Kansas prairies.

Among their other adventures they were stuck in the mud one night and had to sleep in their car. They were present when Ray Patterson tried to swim the Colorado river, as he had often done before, but failed to estimate the strength of the current and was drowned.

Raton Pass, a severe test for any car, was negotiated in high, with the exception of half a mile where they had to slow up to pass another car.

TICKET HOLDERS AWARDED PRIZES

Smith-Sloan, Inc., Spending $500 Among Winners In Gift Shower

The fortunate persons who gathered up the cards that were scattered from the clouds last Saturday by Charles Davis, the aviator for Smith-Sloan, Inc., 228 South Brand boulevard, Overland and Willys-Knight distributors, have been turning them into the office this week and have been receiving the premiums that the cards entitled them to in the distribution of the $500 in prizes offered by the firm.

Some of the prizes are cash prizes, others are automobile accessories, and others take the form of discounts on the purchase of cars, and Harry C. Kennedy, sales manager, declares that those who have yet failed to bring in their tickets should do so at once, to see whether they are entitled to a prize. No pressure will be exerted to make the ticket holders purchase anything, and the firm is anxious to have the final details cleared up and to award all prizes.

The stunt staged by Smith-Sloan, Inc., attracted wide and favorable comment not only among the residents of Glendale generally but among the automobile dealers of the city.

Pedestrian Was Not Mere Novice at That

A motor car, driven by a very determined looking young lady, had just knocked down a man, fortunately without injuring him.

She did not try to get away, but stopped the car and faced him manfully.

"I am sorry it happened," she said grudgingly "You should take more care when you are walking. I am an experienced driver. I have been driving a car for seven years."

"Well," replied the victim, "I'm not a novice myself. I've been walking for fifty-seven years."

ESSEX VICTOR IN PIKE'S PEAK RUN

Mountain Classic Captured In Thrilling Dash By Daring Driver

Roaring to a spectacular finish at an average speed of forty miles per hour, Glen Shultz of Colorado Springs piloted his Essex Special to victory in the annual Pike's Peak hill climb, according to reports received by the Kelley Motor Company, 228 North Brand boulevard, local Essex dealers.

In addition to the Penrose trophy, Shultz pocketed a $500 prize awarded him as winner of Class 1. This class is limited to cars of 183 inches or less of piston displacement and a weight of more than 1,600 pounds. The Essex covered the twelve miles, 2,200 feet in less time than any other car in the race, and came within 22.9 seconds of equalling the record for the course set by Ralph Milford in a Hudson Super-Six in 1916.

Shultz's time was 18 minutes 27 3-5 seconds, the next best time being 19:21 2-5. The course was in fine shape, and the crowd, numbering over 5,000, was pitched to the highest point of excitement.

The Essex went into "Bottomless Pit" traveling at the rate of sixty-seven miles per hour, and came out at fifty. It was one of the most daring exhibitions of skill ever witnessed.

When it is considered that the average grade is 7 per cent and at times runs up to 10½ per cent, some idea of the strain on the motor and chassis may be had. Taking turns on two wheels and skidding to within a few inches of the edge of the road overlooking 2,000 feet of sheer drop are incidents experienced by the successful driver.

More Care and Less Haste, Plea of Club

(Continued from page 1)

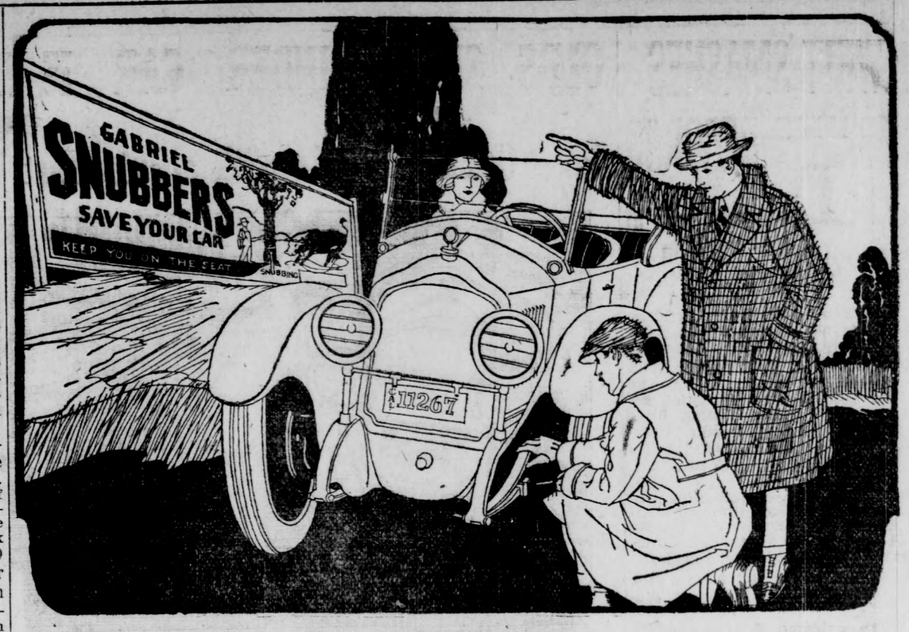
auto drivers would not be courteous enough to slow up and allow them passageway. Some of the complaints state that the writers do not believe that the majority of motorists are so heartless as to ignore the mother problem, but that it is just thoughtlessness.

Much More Timid

Curb the thoughtlessness, urges the auto club. Remember that a mother with the responsibility of a small child is much more timid than the average pedestrian, and if it is difficult for a full-grown man to leap across the street it is much more difficult for a mother hampered with children to make the crossing.

The club asks that the next time you observe a parent with children trying to get over the highway, that you give them proper and courteous consideration.

It is the apparently safe breakers that take the most toil.



Snubbers would have prevented this

"A broken spring! Well—here goes my appointment, Jack."

"Looks like your own fault, Jim. You've passed that sign often enough to know that you should have had Snubbers long ago. That broken spring would have paid for them—and they certainly do just what that sign says, keep you on the seat and save your car."

A set of Snubbers can be put on your car in two hours. Drive in at noon, drive home at night with Snubbers. You will feel the difference.

NEWS WANT ADS BRING RESULTS

More Motor Luxury for Every Penny Than You Ever Bought Before

When you examine the improved Chalmers Six and take your first ride, reject all previous standards suggested by the new low price—$1185.

First let the car—its appealing beauty, its splendid equipment, its rich appointments and its brilliant performance—tell its own story.

Of one thing you may be sure. It will be a story in values you have never heard before—a story that would be hard to believe, were the evidence not before you in concrete terms. Chalmers engineers, with greater experience and greater resources than are commonly available, have made the supreme effort.

It is entirely up to you to render the verdict. The nature of that verdict can never be in doubt, for we are confident you can buy in the improved Chalmers Six far more luxurious motoring for every penny expended than the industry has ever before offered.

CHALMERS SIX PRICES
5-Passenger Touring $1185
7-Passenger Touring $1295 Sedan-Coach $1535
7-Passenger Sedan $2095
Prices f. o. b. Detroit. Revenue tax to be added

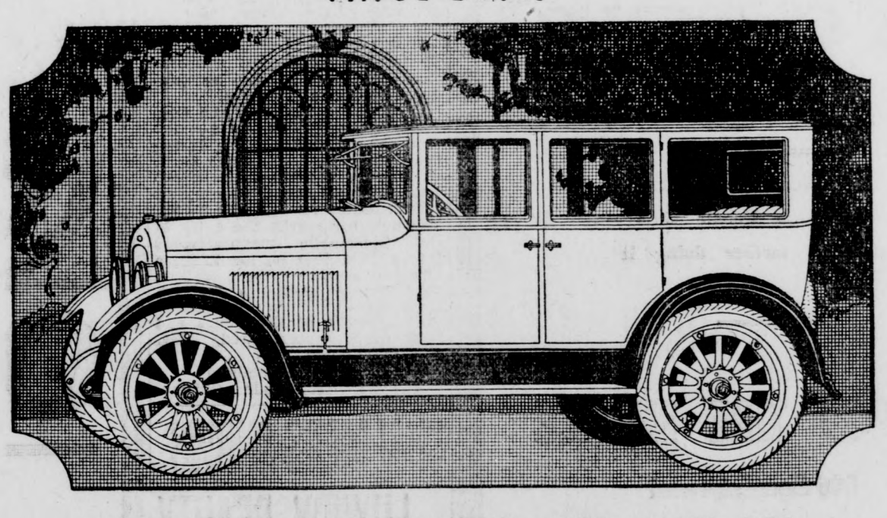
JEWETT SIX

PAIGE BUILT



THE NEW JEWETT SIX SEDAN

TWELVE IMPROVEMENTS—NO ADVANCE IN PRICE

Even though Jewett Six has steadfastly dominated the thousand dollar field, its makers were not satisfied.

THE NEW JEWETT SIX now comes to you with 12 major improvements and 41 refinements—but at no advance in price. This fine Sedan is only $1495, factory.

Larger brake drums—now 14 inches in diameter; larger, stronger wheels with 25 per cent increase in the margin of safety; positive pressure chassis lubrication, using oil, not grease; improved valve mechanism; improved Rayfield carburetor, giving still greater mileage per gallon and smoother getaway; more convenient position of gear-shift lever; new type of spark and throttle control; new instrument board, assembling instruments in oval panel; new type non-glaring reflectors in headlights; thicker upholstery in open car; deeper front seats, and tilted more comfortably; and velour upholstery in this sedan model.

Jewett Six was a wonderful value when it first appeared 18 months ago—and now, the NEW JEWETT SIX is truly marvelous in its up-to-the-minute completeness and refinement. All without advance in price.

See the Jewett sedan, illustrated. At $1495, f. o. b. factory it is more than ever a wonderful buy. A demonstration any time you say.

TODAY—Democrats Plot Revenge; New England in "Saddle"; The Need for "New Blood."

By GEORGE R. HOLMES
For International News Service

WASHINGTON, Sept., 29.—The Democrats are planning some sweet revenge upon the Republicans.

Long did the Democrats writhe under the shouting of the Republicans that: "The South's in the saddle at Washington," during the Wilson administrations.

Perhaps it was true, perhaps not, but the Republicans used it on every occasion and with telling effect in the Western and Northern sections of the country.

Now the worm has turned, and those agile-minded gentlemen who manufacture Democratic campaign arguments, etcetera, are getting ready to tell the country in stentorian tones that:

"New England is in the saddle at Washington."

There is a good deal of truth in the Democratic assertion, for a close examination of the government these days reveals that an astonishing number of New Englanders are in the saddle, with their feet firmly fixed in the stirrups.

In all three branches of government—executive, legislative and judicial—the dominance of men from the Northeastern part of the United States is clearly apparent.

Calvin Coolidge, a Vermont and Massachusetts Yankee, is president of the United States.

John W. Weeks, of Massachusetts, is Secretary of War in his Cabinet.

Henry Cabot Lodge, of Massachusetts, is majority leader of the Senate—a position of some power and eminence.

Frederic H. Gillett, of Massachusetts, is Speaker of the House of Representatives—also a position of some power and eminence.

In the powerful Senate Committees the prevalence of New Englanders is still apparent.

Senator Lodge is Chairman of the Committee on Foreign Relations.

Senator McLean, of Connecticut, is Chairman of the Banking Committee.

Senator Brandagee, of Connecticut, is Chairman of the powerful Judiciary Committee.

Senator Hale, of Maine, is Chairman of the Naval Committee.

Senator Fernald, of Maine, is Chairman of the Public Buildings and Grounds Committee.

And so on.

In the Judicial Branch of the Government there is William Howard Taft as Chief Justice. Although the ex-President was born in Ohio he has become to all intents and purposes a New Englander, maintaining his home in New Haven, Conn., and spending most of his time away from Washington in New England.

The other representatives of New England on the Supreme Bench are: Justice Oliver Wendell Holmes and Louis D. Brandeis, both of Boston.

The Democrats are going to make much of this in the coming months of hectic politics. Already there are well-developed plans to carry appeals into the solid South and into the politically restless West to "break the hold" of New England on the Federal Government at Washington.

The Republicans themselves, particularly those from the West and Middle West, realize that, with the elevation of Mr. Coolidge to the Presidency, things do look a little top-heavy—with New Englanders at the head of all branches of the Government.

This realization may manifest itself at the opening of the new Congress in December by some changes in leadership in both House and Senate.

For some time there has been an undercurrent of revolt against Speaker Gillett. No one questions his fairness and impartiality in presiding over the House, nor his fitness for the job, but there are any number of leading Republicans from west of the Alleghenies who are in favor of a Speaker from the grain belt. There are numerous candidates for the job, and three outstanding ones—Representative Graham, of Illinois; Representative Anderson, of Minnesota, and Representative Longworth, of Ohio. It is likely, however, any of them would be satisfied with the Republican floor leadership instead of the Speakership.

ENGLISH BEAUTY WINS LOVE

Supplants Mary Baker In Heart of M'Cormick

Miss Joan Stevens, English beauty, who will wed Allister McCormick

Miss Joan Stevens, London beauty, and daughter of the Hon. Mrs. Melton Astley, has supplanted Mary Landon Baker, Chicago's jilting heiress, in the affections of young Allister McCormick. The wedding will take place in Paris early next month unless McCormick is left waiting at the church again.

On the Spur of the Moment

PLANKS FOR SOME CANDIDATE'S PLATFORM

Peanut butter that will not stick to the roof of the mouth.

Voiceless cats and noiseless radio receiving sets.

A good cartoonist and sporting department for the Congressional Record.

Statesmen whose ideas keep up with their output of language.

A Piggly-Wiggly bank where you can help yourself.

A way to reduce without either exercise or diet.

Sheet steel shirts that will be laundry-proof.

Golfers who can forget it when other people want to talk.

A prohibitive tariff on garlic.

Fewer people talking about work and more people doing it.

Efficiency experts who can save a firm enough money to pay their own fees.

Flappers who are not equipped with enormous appetites.

* * *

THE VACATION

When we take the vacation
To which we have been looking
For the past twelve months,
We are going to a quiet spot
On the Atlantic coast,
Inhabited by simple natives.
We will not see a magazine,
We will not see a newspaper,
We will not see a typewriter,
We will not hear a radio,
We will not hear a telephone,
We will hear no gossip,
We will see nobody we know.
We will see nothing that
Will remind us of the city.
In this simple, quiet place
We expect to stay two weeks,
But, actually, we shall
Probably stay about two days.

* * *

Two hundred million dollars in currency and gold was moved in New York from one bank to another in fourteen armored motor cars, each guarded by six armed men and equipped with a machine gun which could shoot twenty-one bullets a second. Is it possible that the owners of this money thought there was anybody in New York dishonest enough to touch a penny of it? Why, the very idea! Who could ever dream of such a thing as a holdup in New York?

* * *

We have always noticed that the birds who yell the loudest about "hard times" are the same ones who never have a nickel during soft times.

* * *

Waitresses in trousers will not be introduced in large New York restaurants, although the bifurcated uniform is now quite the rage in England. Trousers are not necessary. The apron pockets are sufficiently large to hold all the tips.

* * *

WE ARE COMING, FATHER MOULTON, 200,000 STRONG

We have finished our vacations,
And, with various sensations,
We resume our occupations
As your groveling slaves.
We are your gay contribs, sir,
We wait upon your nibs, sir,
With prehistoric squibs, sir,
We've dragged from out their graves.

We scratch a willing quill, sir,
And when there's space to fill, sir,
We somehow fill the bill, sir,
That much you will admit.
Now beat it to the station,
And take your own vacation,
'Twill be but relaxation
For us to do your bit.

* * *

They are taking straw votes on the presidency everywhere now. Straw votes are valuable in that they always show what is not going to happen.

* * *

"Police Have Claws in Murder Case."—Headline. We can only hope the word should be "Clews."

* * *

A vacation always looks better while you are waiting for it than it does when you are on it. Because, when you are on it, you can't help counting the days that will elapse before it is over. A vacation begins getting over just as soon as you start on it.

* * *

FAMOUS AMERICANS

The middle-aged lady who always reads the financial page because she once owned three shares of something.

The old fogy who takes half an hour to tell the dullest story you ever heard.

The sap who talks about his trip on the large yacht when you take him out in your rowboat.

The woman who keeps insisting that she hates anything "loud and vulgar."

The girl who, when riding in your flivver, spies a Rolls-Royce and gurgles, "Now, that's what I like!"

The hostess who looks grieved when you refuse the third helping of the worst pie you ever tasted.

The girl who wants to talk Schopenhauer on a moonlight night.

The very homely girl who doesn't want to talk Schopenhauer.

Adventures of Billy Whiskers

By Frances Trego Montgomery

Stubby sees Button who is being chased by a colored cook for stealing pancakes. It reminds him that he is hungry.

"Where in the world can Nannie be," he said to himself. "I do hope nothing unpleasant has happened to her. She is such a sensitive, dear little thing. No, I think I'll go without my dinner and hunt some more, for Nannie too many be hungry and alone somewhere. I wonder if Billy or Button has found her yet. Evidently Button has not or he would not be around stealing food without her. I have half a mind to run after him and see if he has even discovered her trail yet."

Suiting the action to the word, Stubby went flying down the middle of the Zone, shooting around people, running in front of them and nearly tripping them up. In fact, he did trip one old man in Turkish trousers who turned suddenly, and Stubby ran straight into him, getting all entangled in his wide flowing trousers. The Turk thought he did it on purpose, so tried to kick him with his free foot, but when he raised it to strike Stubby, he caught his heel in the loose folds of his trousers and toppled over. Stubby and the man rolled in the dust for a minute or two before they could extricate themselves, much to the delight of the crowd who stood by and laughed at them, being in holiday mood and ready to laugh at anything the least bit ludicrous. At last they were both on their feet and the Turk tried to give Stubby a parting kick, but he dodged. The Turk lost his balance and fell over backward, losing his cap and also his wig and whiskers of black hair which he was wearing to make people think he was a real Turk, when in reality he was a man who had been born and brought up in the slums of San Francisco. He and all the others who were supposed to be Turks in his booth were only make-believe Turks. Not one of them had ever seen Turkey, or been across the water.

"Wow! Wow!" barked Stubby. "You ought to be exposed after trying to fool all the people that go in your booth to have their

fortunes told by a real Turk, and to eat Turkish paste candy and buy Turkish embroideries, jewelry and so forth that is really made right in this country."

(Tomorrow—Stubby makes a new friend.)

Mr. Ford is willing to run for president, according to a dispatch from Detroit, and evidently he is willing to run now while the running is good.

One report says: "There are over 10,000 motion picture actors in this country alone." What do you mean, alone?

London has one woman blacksmith and one female bricklayer.

Uncle Wiggily Bedtime Stories

— By Howard R. Garis —

UNCLE WIGGILY AND BABY'S BOTTLE

"Oh, Mrs. Twistytail! How do you do?" exclaimed Nurse Jane Fuzzy Wuzzy one day, as she hurried down the steps of the hollow stump bungalow. Mrs. Twistytail, the lady pig, was coming along wheeling a baby carriage.

"I am quite well, Nurse Jane, and how are you?" asked Mrs. Twistytail, with a polite grunt as she wrinkled up her rubbery nose.

"Oh, I'm just wonderful!" squeaked the muskrat lady housekeeper. "And how is the dear baby?" For Mrs. Twistytail had a little baby pig in her carriage, you must know.

"Baby is very well—a little bit restless and fretful, for she is cutting teeth," said the lady pig, "but not so very cross."

"Can't you come to the movies with me?" asked Nurse Jane. "They have a lovely picture there called 'The Mystery of the Cheese Cake.' I'm just crazy to see it."

"I'd like to see it," grunted Mrs. Twistytail, "but I can't take Baby and I can't leave her alone, so—"

"I'll look after the baby for you, Mrs. Twistytail," offered Uncle Wiggily, who was sitting at an open window of the bungalow. "Go on to the picture with Nurse Jane. I've seen it, so I'll take care of Baby for you."

"I'm sure it is very kind of you, Uncle Wiggily," spoke Mrs. Twistytail. "I would like to go with Nurse Jane. Baby will give you no trouble. She will sleep most of the time. But if she should happen to awaken just give her the bottle. It's in the carriage all filled with sour milk."

"Yes, that's so; little pigs like sour milk," murmured the bunny rabbit gentleman. "All right, ladies, toddle on and I'll look after the baby pig."

So Mrs. Twistyail and Nurse Jane went to the movies to see the Cheese Cake picture and Uncle Wiggily sat down near the carriage to twinkle his pink little nose and watch Baby Twistytail.

At first nothing happened, but, after a while, when a fly had tickled Uncle Wiggily's pink nose two or three times, there was a movement in the carriage and Baby said:

"Wah!"

"Hum! I wonder what that means?" thought Uncle Wiggily; but not knowing much about pig talk he couldn't be sure what it was. Then, after a while, the baby grunted:

"Goo-goo! Gah! Zung!"

"Hum! That's different," said Uncle Wiggily, after listening carefully. "I guess she must want her bottle." So he hunted around in the blankets of the carriage until he found the bottle of sour milk with a rubber nipple on the end. The rabbit gentleman handed the bottle of milk to Baby Twistytail. She put the rubber nipple in her mouth and said:

"Gurr! Gurr!" Then she smiled at Uncle Wiggily.

"I guess that's what she wanted," thought Mr. Longears, and he turned away to take a little sleep in the shade, when, all of a sudden, a stream of sour milk struck him in the eye.

"Oh, my goodness!" exclaimed Uncle Wiggily, wiping the sour milk from his eye.

"Gurr! Gurr! Ha, ha!" laughed Baby Twistytail. At least it sounded as if she were laughing. And when the bunny gentleman looked at her, Baby had the nibble end of the bottle pointed right at him. Then she squeeed the rubber, as you squeeze a rubber ball full of water, and—"zing!" more sour milk squirted out and splashed Uncle Wiggily in his other eye.

"Oh, my goodness, Baby! You mustn't do that! Naughty! Naughty!" scolded Mr. Longears.

"Zu! Zu! Wah!" murmured the baby pig, and she squeezed the rubber end of her bottle again, and—"zing" more sour milk down Uncle Wiggily's neck!

"Oh, stop it!" begged the bunny uncle. "Take your lunch, Baby Pig, and don't be naughty!"

"Ha! Speaking of lunches, it's time for mine!" suddenly cried a harsh voice, "and my lunch is going to be nibbled ears!" And with that out from the bushes jumped the Fuzzy Fox.

"Gurr! Zing! Ga! Woo!" yelled Baby Twistytail, and then she aimed her bottle straght at the Fox and pressed on the rubber nipple.

"Zip!" a stream of sour milk struck the Fox in both eyes at once.

"Oh, wowzie wow!" howled the bad chap. "I never expected this!" And he ran around in a circle and turned a somersault and then he flopped away off in the woods, wiping the sour milk from his eyes as he ran, so he didn't nibble any ears that day.

"Baby, you are a good little pig," said Uncle Wiggily.

"Gurr! Goo!" murmured little Miss Twistytail, and then she went to sleep. And if the pancake doesn't turn upside down after the maple syrup has gone to sleep on it, I'll tell you next about Uncle Wiggily and the bonfire.

POEMS That LIVE

RECOLLECTIONS OF THE ARABIAN NIGHTS

When the breeze of a joyful dawn blew free
In the silken sail of infancy,
The tide of time flowed back with me,
The forward flowing tide of time;
And many a sheeny summer morn,
Adown the Tigris I was borne,
By Bagdad's shrines of fretted gold,
High-walled gardens green and old;
True Mussulman was I and sworn,
For it was in the golden prime
Of good Haroun Alraschid.

Anight my shallop rustling through
The low and blooming foliage, drove
The fragrant, glistening deeps, and clove
The citron shadows in the blue;
By garden porches on the brim,
The costly doors flung open wide,
Gold glittering through lamp light dim,
And broidered sofas on each side;
In sooth it was a goodly time,
For it was in the golden prime
Of good Haroun Alraschid.

—Alfred Tennyson.

TRADE ASSN. IS OLD

The modern trade association has as its ancestor the guild merchant of medieval times, but it has a much broader conception of commerce, and a more important place in civilization than its forbear had, a position of eminent usefulness and increasing importance.

WANT GAELIC COLLEGE

Gaelic must come back says the Duke of Atholl, who, like his sister, the Lady Helen Tod, is a tower of strength in matters Celtic in Scotland, and is chairman of a committee which is working on an ambitious scheme for the development of Gaelic on the cultural side through the establishment of a Gaelic college in Iona. Gaeldom is hopeful that the Duke of Argyll, whose father was practically the founder of An Comunn Gaidhealach, will also suppeprt the scheme.

Once on a time there was a woman who was always satisfied with the way her husband acted when there was company.

Speaks Fluently But No One Understands

NEW YORK, Sept. 29.—John Doe, a dark-skinned genial stranger in this city, speaks fluently, has a pleasant personality and in most respects seemed to be a normal, well-balanced member of society.

There is just one thing that sets him apart from the "madding throng."

Nobody can understand his language.

Some weeks ago John Doe (it was bestowed on him) was struck by an automobile. While convalescent in Kings County hospital he grew almost eloquent—but nobody "got" him.

Recently Probation Officer O'Connor took him first to the East Side, where divers and sundry tongues are spoke, thence to the water from where sailors from foreign lands failed to "sabe his lingo," and to the American museum, where Arabic and Chinese were vainly tried on him.

Thus far New York remains a Tower of Babel to John.

CEMENT OUTPUT HITS NEW LEVEL

August Production Records Pass Former Figures by Wide Margin

All records for the production and shipment of Portland cement were broken in August, according to figures just issued by the U. S. Geological Survey. Several times this year people who have been in doubt as to the productive capacity of the cement industry have had their guesses shattered by the way the industry has kept pace with demand. Production during August was 12,967,000 barrels, an increase of 350,000 barrels over July, the best previous record, and 1,300,000 over August last year. Production for eight months ending August 31 was nearly 88,000,000 barrels, or more than was produced in any one of the entire years 1915, 1918 or 1919.

Shipments from the mills during August were about 15,000,000, or more than 600,000 barrels greater than in any previous month. Shipments for the first eight months of the year were nearly 91,000,000 barrels, or more than 19 per cent greater than ever before.

Exceed Production

Although shipments exceeded production during August by about 2,000,000 barrels, the stocks of cement in manufacturers' hands at the end of the month were somewhat greater than last year and amounted to slightly over 6,000,000 barrels.

Present conditions indicate a substantial fall demand for cement, so returns for the full year should be far beyond any previous experience. Building permits issued in August show a substantial increase over last year. There is a very heavy volume of building now under construction and prospects for winter construction are considered good. Many highway officials have expressed a determination to complete this year's roadbuilding programs, so the amount of cement consumed in concrete pavements will undoubtedly be greater than in any past year.

A marble wall in time will crumble,
With lagging steps a man will stumble.

BUY NOW FOR FUTURE SAVING

Quick Service Quality

Buy Bentley lumber and you will be assured of maximum saving in money now, as well as in the future. Why? Our lumber is dependable. Our prices are as moderate as you will find anywhere for good lumber. For every dollar spent with the Bentley Lumber Co. you are assured of full value in quality and lasting service. The largest and finest stock of lumber in the San Fernando valley is in our yards.

We invite you to visit us and we will give you every bit of help possible in the building of your home—all of which will be given you without the slightest obligation on your part.

CHURCHES

THERE will be three outstanding events in Glendale church life tomorrow, the opening of a week's convention of the Christian and Missionary Alliance in the Gospel Tabernacle church on South Louise and Chestnut streets; the final services of the Glendale Presbyterian church congregation in the old church at Broadway and Cedar street; and the first service of the First Lutheran congregation in the annex of the new church building at 233 South Kenwood street.

The Christian and Missionary Alliance convention will be the first gathering of the kind to be held in the new church building, and it will open tomorrow and continue until October 7. Rev. E. J. Richards of New York, home secretary of the Alliance, will head the list of speakers. He will speak every night.

Sunday's program and additional speakers will be found in other columns of this edition of The Glendale Evening News.

Congregational

Church at North Central and Wilson avenues. Rev. C. M. Calderwood, pastor; O. E. Von Oven, church school superintendent; Howard Edward Cavanah, director of music; Miss Lilla E. Litch, organist; church school 9:45 o'clock; morning worship 11 o'clock; sermon by Rev. Calderwood, "Religious Education"; Christian Endeavor meeting with refreshments and business 6:30 o'clock; evening service 7:30 o'clock, address by Rabbi Edgar F. Magnin of B'nai B'rith temple, Los Angeles.

Music in morning: Organ prelude, "Romance Sans Paroles" (Moszkowski); duet, "Jesus, Lover of My Soul" (Solly), Mr. and Mrs. H. E. Cavanah; offertory, "Idylle" (Merkle); contralto solo, "Like as a Father" (Scott), Mrs. H. E. Cavanah; postlude, "Postlude" (Dunham).

At night: Organ prelude, "Prelude" (Bassi); duet, "O Mother Dear, Jerusalem" (Lansing), by Messrs. Cavanah and Carman; offertory, "Twilight Devotion" (Pease); tenor solo, "Fear Not Ye, O Israel" (Buck), by J. A. Myers; postlude, "Gloria in Excelsis Deo" (Dunham).

Central Christian

Church at Colorado and Louise streets. Rev. Clifford Cole, pastor; Will J. Myers, choir director, Church school, graded, trained, teachers, 9:30 o'clock; morning worship 10:30 o'clock, sermon by Rev. Cole, "Three Stages of Conversion, Childhood, Youth and Adulthood"; young people's meetings 6:30 o'clock; evening service 7:45 o'clock, sermon by Rev. Cole, "Why Men Go to Bed Hungry."

Music in morning: Anthem, "My Task" (E. L. Ashford).

At night: "Tarry With Me" (J. A. Parks), sung by quartet, Gordon S. Mize, Mrs. Floyd Mercer, Mrs. R. P. Jodon and DeVoyne Davidson.

First Baptist

Church at corner of Wilson avenue and Louise street; Rev. Ernest E. Ford, pastor; R. W. Carver, musical director; Eva Kurtz Ghrist, organist; R. L. Kent, superintendent; Sunday school 9:30 o'clock; rally day exercises, graduation and promotion exercises, giving of diplomas and Bibles; young people's meetings 6:45 o'clock; evening services 7:45 o'clock, sermon by Rev. Ford, "Deity and Dust"; official board meeting Monday and Tuesday nights; annual meeting Wednesday night; Tri Mu Men's Bible class round-up Thursday night; young people's social and rally Friday night; communion service next Sunday morning.

St. Mark's Episcopal

Church at corner of Harvard and Louise streets. Rev. Philip W. Kemp, rector; Holy Communion 7:30 a. m.; church school 9:30 a. m.; morning prayer and sermon 11 o'clock. There will be no evening service.

Vested choir led by Mrs. Charles A. Parker. Mrs. Joseph Kitt, organist.

Music in morning: Prelude, "Improvisation" (Jadasshorn); processional, "For All the Saints"; Venite (Robinson) Te Deum (Stephens); Benedicite (Handel); Introit, "Blest Are the Pure in Heart"; offertory anthem, "The Radiant Morn"; recessional, "Jerusalem the Golden"; postlude, "Finale" (Sheppard).

Gospel Tabernacle
(Christian and Missionary Alliance)

Church at corner of Louise and Chestnut streets. Rev. C. H. Chrisman, pastor. Sunday school 9:30 o'clock; morning service 11 o'clock, sermon by Rev. E. J. Richards, "Who Are the Spiritual?"; service at 3 o'clock, sermon by Dr. Frederick W. Farr, "The Power of the Word"; young people's meeting 6:30 o'clock, led by Joseph Kirk; evening service 7:30 o'clock, sermon by Rev. E. J. Richards, "The Two Paths."

Christian Science

Church at corner of Maryland and California avenues. Sunday services at 11 and 8 o'clock, subject, "Reality." Testimonial service on Wednesday night at 8 o'clock. Reading room, Ralphs building, open daily except Sundays and holidays, 12 until 5 o'clock; Tuesday, Thursday and Saturday 7 till 9 o'clock.

First M. E.

Church at corner of Wilson avenue and Kenwood street. Dr. Henry I. Rasmus, Sr., pastor; Rev. Henry I. Rasmus, Jr., associate pastor. Sunday school (graded) 9:30 o'clock; Prof. A. W. Tower, superintendent; Miss Isabelle Isgrig, musical director; Mrs. T. W. Randall, organist. Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by one of the visiting pastors from the conference; young people meet at the usual hour; evening service 7:30 o'clock, sermon by one of the visiting pastors from the conference.

Seventh-Day Adventist

Church at corner of Isabel street and California avenue; Elder R. W. Parmele, pastor; Sabbath school (Saturday) 9:30 o'clock; preaching service 10:45 o'clock; preaching Sunday night at 7:30 o'clock; district prayer meetings in fourteen districts of the city, in the church Wednesday night at 7:30 o'clock; Y. P. M. V. Friday night at 7:30 o'clock.

Glendale Presbyterian
"Church of the Lighted Cross"

Broadway at Cedar street. Rev. W. E. Edmonds, pastor; Rev. Louis Tinning, assistant paster; H. S. Finlay, S.S. superintendent; Mrs. Fannie Marple Retts, musical director. Sunday school, fully graded, 9:30 o'clock. Men's Bible class, City Hall, 9:30 o'clock; morning worship 11 o'clock, sermon by Rev. Edmonds, followed by the Lord's Supper and reception of new members; Christian Endeavor meetings 3, 6 and 6:15 o'clock; evening service 7:30 o'clock, sermon by Rev. Edmonds, "The Closed Door"; mid-week prayer service will be held in the new Sunday school building at 7:30 o'clock.

Music in morning: Prelude, "Rock of Ages" (selected); prayer response, "The Soul That Clings to Thee" (Batiste-Bird); anthem, "O Saviour of the World" (Goss), Miss Elizabeth Mottern, soprano; Mrs. Fannie Marple Retts, contralto; J. Malcomson Huddy, tenor; Norman W. Kelch, bass; gospel solo, "Calvary" (selected), Mrs. Retts; postlude, "Gloria" (Mozart).

At night: Organ recital, 7:15: (a) "Traumerei" (Schumann), (b) "Berceuse" (Barrell), (c) "Aria" (Handel); quartet, "Great and Marvelous Are Thy Works" (Marsh); tenor solo by Mr. Huddy; offertory, "Offertory" (Leysberg); quartet, "Grant Us Thy Peace" (Kirkpatrick); postlude, "Jubilante" (Solby).

First Lutheran

"The Friendly Church." Church at 233 South Kenwood street. Dr. H. C. Funk, pastor. Sunday school 10 o'clock; morning worship 11 o'clock, sermon by Dr. Funk, "Possessing the Land."

J. W. Niebank will sing, accompanied by Miss Mary Sherrick.

Central Avenue M. E.

Church at South Central and Palmer avenues. Rev. V. Hunter Brink, D. D., pastor; Dr. Joseph Marple, musical director; Mrs. Casper Tuttle, pianist; D. C. Bear, superintendent; Mrs. Elsie Moore, chorister; L. Baker, president of Epworth League; Sunday school 9:30 o'clock; morning worship 11, sermon by Rev. Brink; Epworth League 6:30 o'clock; evening service 7:30 o'clock, sermon by visiting pastor from the conference.

Holy Family Catholic

Church at corner of Elk and Louise streets. Rev. Michael Galvin, parish priest; Rev. Patrick Curran, assistant. Masses at 6:30, 8, 9:30 and 10:30 o'clock. Rosary service closing with benediction at 7:45 o'clock. For the convenience of the congregation, four masses will be held every Sunday.

Pacific Avenue M. E.

Church at the corner of Harvard street and Pacific avenue. Rev. H. C. Mullen, pastor. Sunday school 9:45 o'clock; morning worship 11 o'clock, sermon by Dr. E. A. Palmer of Banning; young people meet at the usual hour; evening service 7:30 o'clock, sermon by Dr. H. J. Hartsell of Los Angeles, formerly pastor of the church.

Latter Day Saints

Services in K. of P. hall at the corner of South Brand boulevard and Park avenue. Teacher training class, Clara M. Pinkston, instructress, 9 o'clock; J. H Krenke, superintendent. Sunday school 10 o'clock; preaching service 11:30 o'clock; relief society on Tuesday, 2 o'clock, Viola D. McIntyre, president; Beehive class Tuesday at 3:30 o'clock, all young women from 14 to 21 welcome. Hyacinth Lambert is beekeeper.

Ananda Ashrama

Extension of Vedanta Centre of Boston, north end of Pennsylvania avenue, La Crescenta. Swami Paramananda of India, founder and head. Regular Sunday outdoor services at 4 o'clock; service Sunday, address by the Swami. Motors will meet Montrose and La Crescenta car, arriving at terminus at 3 o'clock.

Broadway Methodist Church South

Meets in American Legion hall 610 East Broadway. Rev. L. J. Millikan, pastor. Will J. Myers, musical director. J. N. McGillis, superintendent. Sunday school 9:45 o'clock; morning service 11 o'clock, sermon by Rev. Millikan, "How to Grow." Plans are being perfected for the opening service in the new church home at Broadway and Cedar street.

Church of the Nazarene

Church at 1002 South Glendale avenue. Rev. Henry Scheideman, pastor; Sunday school 2 o'clock, Mrs. Alice Evans, superintendent; preaching service 3 o'clock; evangelistic meeting 7:30 o'clock; prayer meetings Tuesday and Friday nights at 7:30 o'clock.

Zion Evangelical Lutheran
(Missouri Synod)

Church at corner of California avenue and Isabel street. Rev. Henry O. Kringel, pastor. Miss Mildred Fischer, organist. Sunday school 9 o'clock; morning worship 10 o'clock, sermon by Rev. Kringel, "Tares Among the Wheat"; Gospel lesson, Matthew 22, 34-46, "The Great Commandment."

Bethel Chapel

Meets at 633 East Colorado street. Arthur W. Frodsham, pastor. Sunday school 10 o'clock; morning worship 11 o'clock, sermon by Rev. Frodsham, "Present Day Meaning of Feast of Pentecost"; evening service 7:30 o'clock, sermon by Rev. Frodsham, "Vicarious Sacrifice"; preaching, prayer and praise service Wednesday night 7:45 o'clock; divine healing service Friday at 3 o'clock, prayer for the sick.

Casa Verdugo M. E.

Church at corner of Park and North Central avenues. Rev. J. C. Livingston, pastor; Sunday school 9:45 o'clock, George E. Tyrell, superintendent. Morning worship 11 o'clock, sermon by Rev. W. G. Cowan. There will be no evening services because of the annual conference in Los Angeles.

Tropico Presbyterian

Church at corner of Central avenue and Laurel street; Dr. James Winnard, pastor; Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by Dr. Winnard. Other services as usual.

Unity Services

Held at room 212 Lawson Block, 143 North Brand boulevard. Sunday school and responsive service 11 o'clock; evening service 7:30 o'clock, address by Catherine F. Taylor, "Conversion of Paul."

BURBANK

LANKERSHIM PUTS O. K. ON BUS LINE

Chamber Commerce Boosts For T. K. Brown's Plan Linking Cities

The Lankershim Chamber of Commerce has put its official letters "O" and "K" on the project of T. K. Brown to operate a bus line between Burbank and that city.

Mr. Brown already has in operation a bus service between Burbank and Hollywood. The route to Lankershim would be over Magnolia avenue (Fourth street) to Lankershim and thence to Hollywood over Lankershim boulevard.

Mr. Brown has made application to the State Railroad Commission to operate such a line. The movement is the result of failure of the Pacific Electric to respond to an appeal for more frequent service and a bus line.

Historic Jug

An exquisite china jug on display in Lawrence's jewelry store window is illustrative of Longfellow's classic, "The Courtship of Miles Standish," showing the landing of the Pilgrims. The jug, owned at present by E. W. Morgan, is a work of art, one of six made by Copeland, famous china maker of England.

Each of the several pictures thereon illustrates a verse of the poem, telling the entire story of the landing of the Pilgrims, the quaint figures being done in the most harmonious colorings, from tones of gray to pastel shades of blue, yellow and pink.

Although the work was done more than thirty years ago, the colorings are still perfect. The porcelain china is of the finest quality, without a single flaw. It is a gift to Mr. Morgan from his friend J. Burley, of Chicago, an art connoisseur, made thirty years ago, at the time the jug first came from the maker in England.

Local and Personal

The Art section of the Women's club met all day yesterday at the home of Mrs. Sherlock, the Anita apartments. Miss Diedrich gave lessons in compo and jesso.

Reginald Wildford, of the U. S. S. Oklahoma, has been the guest of his old Michigan friends, W. A. Rogers and family, 577 Tujunga avenue. Reginald was once a Sunday school pupil of Mr. Rogers, back in Michigan. He has been in the navy for the past three years.

Miss Marjorie Anderson, of 613 Verdugo avenue, has now returned to Leland Stanford university, where she is a senior. Her residence is the Alpha Omicron Pi sorrority house. She is specializing in dramatic art and English.

I. C. Whiteside has returned from a ranch above Saugus, where for several weeks he has been devoting his best interests to the moral guidance of a brood of upstanding young turkeys, trying his best to keep them in the straight and narrow path that leads to the Thanksgiving dinner table.

J. M. Offill, of Orange Grove avenue, is visiting at his old home in Montrose, Colo., where he is looking after property interests.

Mrs. I. S. Watson, of 427 Angeleno avenue, has returned to Santee, Nebr., where she will take up her work as matron at the Indian school. During her absence her home will be occupied by Mr. and Mrs. D. E. Fairfield, who formerly lived at 1610 San Fernando boulevard.

Another cause for poverty is that eager willingness to buy something that will pay 40 per cent dividends.—Joliet Herald-News.

THIS CITY LEADS IN BUSINESS PROGRESS

GLENDALE REALTY BOARD MAKES PREPARATIONS TO ATTEND STATE GATHERING

Local Organization Will Have Unique Honor at Convention; Delegation Plans to Aid City With Plenty Of Publicity

By RALPH A. LYND
Of The Evening News Staff

THE Glendale Realty Board will occupy a unique position when the annual convention of the California Real Estate Association opens at Sacramento on October 10, as being the only realty board in the state of California that is on a 100 per cent basis of membership in both the state association and in the National Real Estate Association. A few other boards are full strength members of the state organization, but Glendale holds the distinction of being the only board whose entire membership belongs to both associations.

This fact, combined with the presence of two state directors from Glendale, Charles B. Guthrie and E. P. Hayward, in the inner councils of the state association, means that Glendale's influence in the deliberatitons of the convention will be accorded a consideration to which no other board can lay claim.

South Seeks Meet

The Southland is preparing to make a strong bid for the honor of entertaining the state convention next year, and Pasadena's campaign for this distinction has been endorsed by the other boards in this region, so that the Crown City will enter the convention a top-heavy favorite with the delegates from Southern California as the site of the 1924 convention.

In recognition of Pasadena's candidacy, and the support that candidacy has received on all sides, the delegates from that city will lead the caravan that will carry the southern realtors to the convention, but Glendale will also occupy a place of distinction in the parade that will leave San Fernando on the morning of October 9 en route to Sacramento.

Glendale's committees are now working out the final details of the trip, and nothing will be left undone to show the people in the cities along the line of march that Glendale is on the map. Peacock bedecked advertisements with Glendale information on the reverse side, yellow hat bands with "Glendale" on them in letters that will even satisfy the passion of State Real Estate Commissioner Edwin T. Keiser for four-inch type, and the streamers that will float in the breeze behind the hats will crackle to the world at large that Glendale is the Fastest Growing City in America.

Plan For Noise

But these mute evidences of Glendale's greatness will be the smallest part of the means adopted to spread the city's fame. Peter Hanson, E. P. Hayward and W. L. Twining are preparing a series of Glendale yells that will push the button on the welkin un-

(Continued on page 4)

Use of Residences for Salesmen Not Permitted by Law

G. GORDON Whitnall, director of the City Planning commission has given the Eagle Rock Realty Board a written opinion that the Los Angeles zoning ordinance does not permit real estate offices or signs designating real estate business in any zone other than the business district. Mr. Whitnall stated that it was his interpretation that only physicians and surgeons could maintain offices in zone "B".

W. R. Johnston, president of the Eagle Rock realtors is quoted as saying that "to the salesman who comes to the city, locates in the proper district, and complies with the rules of the business, we say, more power to him. But to allow salesmen to operate from offices located in dwelling houses or in the residential sections, is unfair to the salesmen in the prescribed business district.

"Those who have come here and have gone to the expense of fitting out offices in the business district and are spending their money advertising, and realizing considerable overhead expense, are not being given a square deal by allowing the 'curbstone' dealer to operate from his residence, getting the benefit of the advertising and without realizing the cost of it.

"With the decision of the planning commission backing us we intend to make it the business of the realty board to see that there is full compliance with the Los Angeles city ordinances as interpreted both by the board and by the planning commission. We believe that when enforced, this ordinance will prove a benefit to all concerned."

BANKS PROVE OF GREAT HELP IN CITY'S PROGRESS BY LOANS FOR BUILDING

More Than $300,000 Put Up to Finance Many Homes and Other Structures Recently, According to Official Figures

UPWARD of $300,000 has been the participation of the banks in the building and financing of homes and the home owners of Glendale, during the mid-month of September, closing September 21, according to the record of deeds filed at the county recorder's office.

Of the total, the most salient fact is that not one of the mortgages and trust deeds recorded exceeded $35,000 and only on one transaction was that amount advanced.

The total of all the remainder loans was split up into amounts varying from $500 to $7,000, and only a few of these were for the latter amount.

There were comparatively no speculative loans recorded, the banking facilities being entirely confined to the real home builders of Glendale.

The totals day by day ran from $25,000 to $72,520 for September 20, which was the heaviest day.

Sales during the week from September 15 to September 22 in the various tracts in and around Glendale, by tract and lot number, are of particular interest to lot owners owing to the increasing prospect of a sewer connection with Los Angeles. The weekly summary, made exclusively for The Glendale Evening News, follows:

Tract 153—Lot 314.
Tract 6062—Lot 6.
Tract 4733—Lot 14.
Tract 1994—Lot 1.
Tract 5279—Lots 235, 367, 424, 368, 73, 74, 455, 385, 128, 346, 395, 338, 397, 142, 382, 299.
Tract 6042—Lots 160, 161.
Tract 5717—Lot 57.
Tract 2734.—Lot 45.
Tract 1587—Lot 240.
Tract 5468—Lots 21, 28, 13, 42.
Tract 1171—Lots 16, 12.
Tract 5451—Lot 4.
Tract 4044—Lot 13.
Tract 1578—Lot 15.
Tract 726—Lot 305.
Tract 3167—Lot 3.
Tract 4764—Lot 26.
Tract 3399—Lots 15, 10.

Solving of Sewer Question Sure to Set New Record

THE biggest problem the city of Glendale has had to meet is now tentatively solved. The City Council of Los Angeles has passed a resolution authorizing the entering into of a contract by which Glendale may dispose of its sewage by connecting with the Los Angeles outfall sewer system. Which means that Glendale must now call an election to vote bonds to install a sewer system, including the building of a trunk line to connect with the Los Angeles outfall.

The Glendale Evening News urges that the entire city unite to vote the bonds by a huge majority—make it unanimous! No other issue, no other question, no other discussion should interfere with carrying the bonds.

It appears at this time that there are not two sides to the question. It seems that there is only one thing to do—vote the bonds and get the sewage disposal system working and quickly as possible. The Glendale Evening News will not lend aid to any opposition and will keep its columns open FOR the success of the bond issue.

Great as is the building record of Glendale, it will be greater when a sewage disposal system is completed. In fact, just the announcement that the sewer problem is tentatively solved means much for the progress and prosperity of the community.

The Glendale City Council has ratified the contract. Later will come the calling of the bond election. The people of Glendale will stand united to vote the money for this first and foremost municipal necessity.

PHONE COMPANY GATHERS FACTS AND FIGURES ON SOUTHLAND PROSPERITY

Report On Month Of August Shows Glendale Holding Front Rank; Future Outlook Is Excellent In All Lines, Claim

By H. THOMPSON-RICH
Of The Evening News Staff

GLENDALE stands out pre-eminently among cities of the southern division, Pacific Telephone & Telegraph company, according to a report of business conditions received by Manager Fred Deal of the Glendale office, from the commercial department of the company.

The report covers the month of August, 1923, and shows that while expansion has been great in all sections of the southern counties, no one single spot, with the exception of Los Angeles, has enjoyed Glendale's prosperity. And even Los Angeles does not show as great a proportion of increase in building permits issued this year over August, 1922, as does Glendale.

In August, this year, Glendale's permits reached the total of $931,393. Last year in August the total of permits issued was $354,749, or nearly three times as much this year as last. Now consider Los Angeles. In August, this year, its permits reached the total of $22,249,262. Last year in August the total of permits issued was $11,523,391, or not quite twice as much this year as last.

Business Is Good

"General business conditions in Glendale are good," the report states. "Labor conditions are good and most contractors are paying their men a bonus over the standard wage. New building continues at a rapid pace. The $600,000 Glendale Union High school will be completed soon. The $600,000 Glendale Sanitarium and Hospital will be completed by January 1, 1924.

"Real estate and building have been the principal activities in the Alhambra, Glendale and San Pedro districts. It is expected that this fall and winter will be the greatest year Los Angeles and vicinity has had in real estate.

"Generally speaking, business conditions throughout the southern counties continue to be very satisfactory, with the possible exception of the Bakersfield area, where little activity can be expected at this season of the year.

Past Records Go

"In Ventura county, although the apricot harvest was unsatisfactory, all past records for production of walnuts are expected to be broken this year. Building activities in this county are on the upward trend.

"In the Ontario and Upland

Announcing the Home-Site Sensation of the Year
—The Opening of Incomparable

Exclusive Campbell Heights

Overlooking the entire city and San Fernando Valley—just north of the most exclusive section of Kenneth Road

—The superiority of the Kenneth Road District as Glendale's highest class residential section is unquestioned. Nowhere has the demand for homesites been greater—or the advance in value more consistent.

—There are just 80 lots, ranging in size from 58x160 to 100x180, each lot a wonderful site for a picturesque villa; a pretentious manor or romantic bungalow. Each lot commands a marvelous panoramic view of all Glendale and the valley; each lot advantageously situated high above beautiful Kenneth Road in the Verdugo foothills; each lot covered with healthy, bearing fruit trees. The most rigid building restrictions guarantee the high quality and desirability of all homes to be erected.

Special Opening Prices from $2500 up

All Modern Improvements—Water, Gas, Light, Streets and Curbs Now Being Completed

—For those who do not find it convenient to inspect these lots week days, salesmen will be on the property Sunday.

—How to get to Campbell Heights: Drive out Kenneth Road to Highland Avenue, turn north about three city blocks.

THE NEW PACIFIC ELECTRIC BUS LINE WILL RUN WITHIN TWO BLOCKS OF THIS PROPERTY

There Is Only One Kenneth Road District in Glendale—Soon the Opportunity Will Be Past to Buy Lots in This Desirable Section at a Moderate Price

(Continued from page 1)

districts, citrus shipments are expected to break all records this year. The canning industry is somewhat quiet. A large grape crop will be harvested within the next few weeks and it is expected that the price for grapes will continue to be good.

"Business conditions in the Imperial valley for August, 1923, were better than for any other time in the year. Recognition of the Mexican government by the United States undoubtedly improved conditions generally, in particular the trade situation in and around San Diego.

"In general, business conditions throughout the entire southern division of the Pacific Telephone & Telegraph company are looked upon as being very satisfactory at this time."

(Signed) N. R. Powley.
Division Commercial Supt.

Commenting on the above, Manager Fred Deal of the Glendale office calls attention to a number of statistics and other pertinent facts contained in unquoted portions of the bulky report, which in its entirety covers ten closely typewritten pages.

Glendale in Lead

"Glendale, with permits for August, 1923, totaling $931,393, shaded Pasadena's total of $765,479 for that month," Mr. Deal points out. "And Alhambra, with a total of $522,105 for that month, falls way behind Glendale. Yet outside of Los Angeles and Long Beach, these three cities were the heaviest builders of the month.

"And consider these facts and figures: More than $12,000,000 will be expended this year in Southern California by the Southern Pacific Railroad company, for locomotives and rolling stock, to handle the increased traffic. This does not include 5,030 new refrigerator cars, costing $18,000,000, which have been ordered by the Pacific Fruit Express company, owned jointly by the Southern Pacific and Union Pacific lines.

"Bank clearings for August, 1923, in Los Angeles, amounted to $575,764,021.95. For August, 1922, they amounted to $409,480,226.48. And postal receipts for the city, August of this year, were $554,054.76, as compared with $479,844.94 in August a year ago.

"I consider this report the most propitious news Glendale and all of Los Angeles county has had in some time," concluded Mr. Deal. "It not only helps us to conduct the business of the Pacific Telephone & Telegraph company in a more efficient manner but should enable every resident of this city to better understand developments and take fuller advantage of them.

"We are in the midst of great days. A city of importance is rising here, with the swiftness and energy that characterize the west."

Campbell Heights, In Heart Of Beautiful Residence District, Ideal Homesite

By H. THOMPSON RICH
Of The Evening News Staff

CAMPBELL Heights, located in the heart of the beautiful residential section along Cumberland road, north of Kenneth road, is now offered by the owners, Dan Campbell and Arthur Campbell, through the offices of the latter at 110-A East Broadway.

The property comprises ninety-two choice lots in a section of winding streets comparable to such Los Angeles residential sections as Los Feliz road, Hollywood and Hill avenue, Eagle Rock. No lot on the tract is smaller than 58x160 feet and many have as great a frontage as 120 feet.

The prices run from $2,500 up, on liberal terms, Arthur Campbell states, while restrictions are sufficient to ensure only the highest type of suburban homes being built at Campbell Heights.

Glendale Landmark

The Dan Campbell home, built on the tract in 1902, has for twenty years been a Glendale landmark. The property was at that time in citrus and deciduous fruits and almost every lot is still covered with fine trees. Arthur Campbell is at the present time building a beautiful nine-room, two-story home at the head of Highland avenue.

Many other homes are either under construction at Campbell Heights or soon will be, he reports. E. C. Courtney, a capitalist recently arrived from Chicago, has bought and will build there. Mr. and Mrs. A. J. Hayes of Los Angeles are having a home constructed on their fine site by Arthur L. Fryer of Glendale. E. G. McCally has bought 150 feet frontage and is about to build. Mrs. Mary Elizabeth Lilly of Hollywood has secured a lot there and will build at once. Mr. and Mrs. George Robinson of Long Beach have bought a lot and are having plans drawn. Miss Elizabeth McPeak has bought and will build. H. Blumenthal of 722 North Central avenue has bought and will build on return from his European trip.

They Buy to Build

"In short, practically everyone who visits the tract buys," says Mr. Campbell, "and the remarkable thing about it is that they buy not to hold but to build. Already, with practically no effort, we have sold a large number of lots in Campbell Heights. Rather, I should say the lots have sold themselves. We take people out—and they take one look and buy. We believe we have the best residential property in Glendale, which means the best in the Southwest, at the most attractive prices.

"We invite people to come out and look the property over. They will be doing themselves and their friends a favor, just to know what we have here, so that they may be well informed on something that is REAL real estate news. Campbell Heights will not last long. It is going too fast."

The writer visited the tract with Arthur Campbell yesterday afternoon. He found development there to be exceedingly rapid, with street work practically all in and houses of the larger type going up on all hands. The view, particularly, is fine. There is nothing to break the long, beautiful panorama that spreads from east to west, and that unfolds southward clear to the sea, a world of grandeur that it would be difficult to duplicate anywhere. Surely here one might build the house of his dreams.

Mr. Campbell invites all licensed brokers to call at his office and get a map of Campbell Heights. He invites prospective buyers and others at all interested to come and be taken to the tract, or drive out by themselves if they prefer. The tract is approached by proceeding up Central avenue to Kenneth road, east to Highland avenue and north to Cumberland road, which is the center of developments.

Coolidge is Member of Long Beach Board

President Coolidge was unanimously elected to honorary membership in the Long Beach Board of Realtors August 13, 1923. The nomination was made by Col. Henry P. Barbour, a fellow Amherst College alumnus and a friend of the president. Long Beach is probably the only real estate board in the country to carry the name of a President of the United States of America upon its membership roster. Other features of the meeting were a talk on Tulare by State Director Alexander Young of the Tulare Realty Board; a short talk on the work of the board Appraisal Committee by H. R. Bourne of the Indianapolis Realty Board; and a brief address by the State Secretary who especially complimented the work of Secretary Robert H. Poole.

The Long Beach Board under the leadership of E. J. Del Porte and John Munholland, is making preparations for a large delegation at the state convention in Sacramento. Preparations are also under way to have a strong Long Beach team enter the golf tournament.

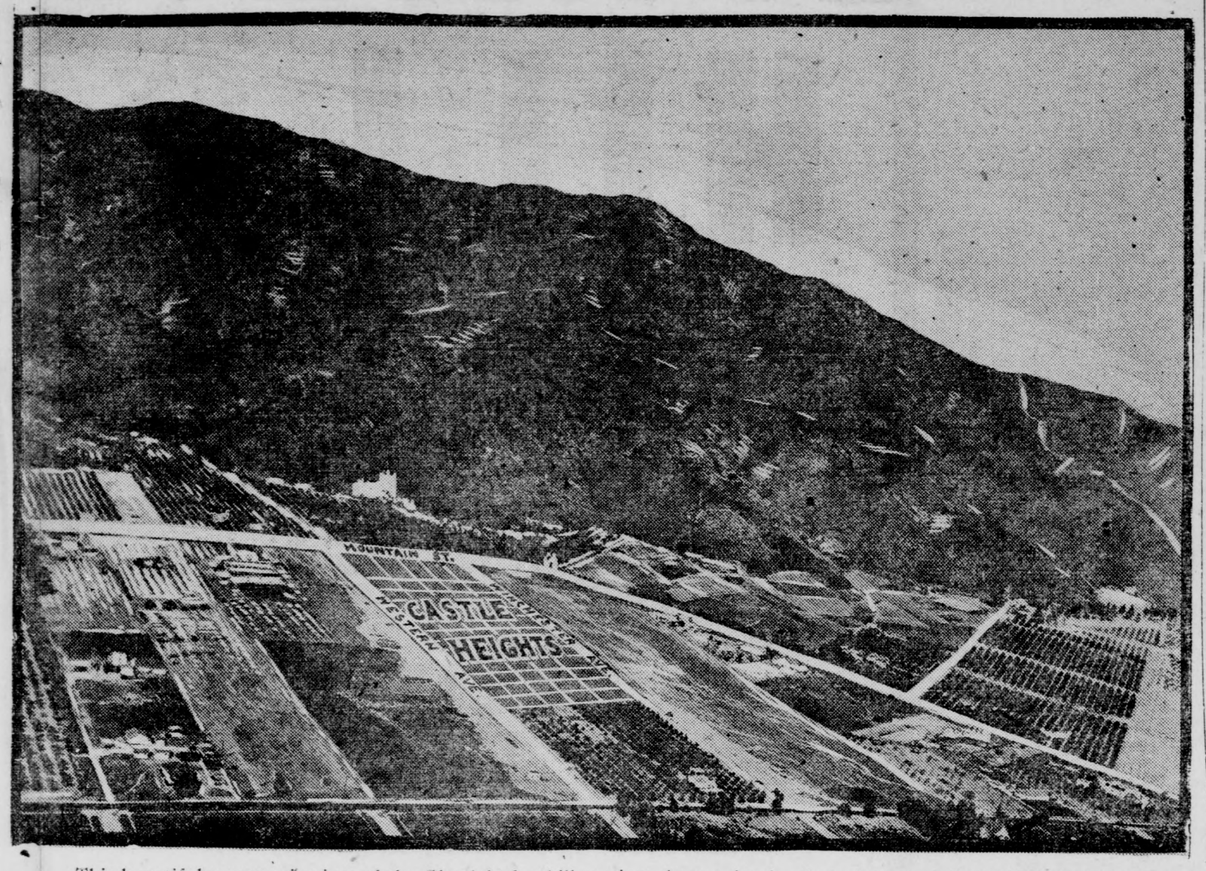
CASTLE HEIGHTS IS OFFERING SOME CHOICE LOTS TO INVESTORS

Property Adjoins L. C. Brand Estate In Very Attractive Location, It Is Pointed Out



This beautiful panoramic view of the Glendale foothill section shows clearly the relation of Castle Heights to Western avenue, Mountain street and Winchester avenue, within which confines it lies. Brand's castle is plainly visible directly above the tract, on the other side of Mountain street.

Castle Heights, the beautiful Mountain street tract adjoining "Miradero," castle estate of L. C. Brand, still offers a few choice lots to discriminating buyers at prices of from $1,750 to $4,250, on terms of $300 cash and 2 per cent per month, states E. D. Hamlin of the firm of Hamlin & Hepburn, developers of the tract, whose offices are at 203 West Broadway.

"Lots in Castle Heights will be worth from $5,000 to $10,000," says Mr. Hamlin. "There is nothing else like this tract and when it is gone there can be no more obtainable anywhere. It is so uniquely charming that a visit to the property is essential, if any real estimate of its desirability is to be made.

"The location, at Mountain street and Western avenue, one block above Tenth street, is ideal, affording a magnificent panoramic view of the San Fernando valley from Eagle Rock on the east to Lankershim on the west, with a southward sweep across Griffith park to the sea.

"Foothill property is commanding fabulous prices. People have come to realize that the hills are the most desirable section of Glendale, for residential purposes, and the rush to buy and build is registered in real estate offices throughout the city, as elsewhere. We invite you to come out and look over Castle Heights. The tract office is open every day."

GRANDE VISTA IS SATISFYING SITE

Fine Foothill Property Is Being Sold; Range in Price Is Wide

Grande Vista offers the cream of the Verdugo foothills, according to H. N. Landon, 213 West Broadway, owner and subdivider of the property.

"Located at the head of Grand View avenue, adjoining L. C. Brand's 'Miradero,' is commands as fine a view as there is in Southern California," says Mr. Landon, "and our autos are at the service of the public to prove it. One look at Grande Vista will sell it to the buyer who is in the market for high class foothill property.

"We have lots ranging from $3000 to $20,000, sizes all the way from 60x160 feet to villa sites, with a wide range of selection. As a special feature, we are developing an ornamental parkway through the property, laid out in beautiful trees and shrubs. And many winding trails lead off into the hills, making it a place to relax and really live.

"Other improvements at Grande Vista include gas, water, electricity, curbs, sidewalks, winding drives and ornamental street lights. Building restrictions range from $7500 to $15,000. The location is convenient to school, markets, street cars and every other convenience, and is only two minutes by motor from the Sunset Canyon Country club. In every way, Grande Vista excels."

Public Schools of State Show Great Population Gain

SACRAMENTO, Sept. 28.—Approximately 1,000,000 students will be enrolled in state public schools at the close of the present school year, it was predicted today by Will C. Wood, state superintendent of public instruction.

Wood's estimate is based on enrollment figures for 1922, released today, which show an enrollment of 912,578, or a gain of 73,655 over the preceding year.

The enrollment is divided as follows: Kindergarten schools, 43,674; elementary schools, 598,777; high schools, 270,127.

The ten counties showing the highest enrollment are: Los Angeles, 312,093; Alameda, 84,107; San Francisco, 76,244; Fresno, 44,341; San Diego, 31,348; Santa Clara, 28,867; Sacramento, 23,897; San Bernardino, 22,275; Orange, 22,078; San Joaquin, 21,566.

CAST IRON BORINGS

Borings of cast iron are moulded under heavy pressure by a new machine into briquets for remelting to save the loss that occurs when borings are so used in their original state.

OAKRIDGE TRACT IN FINAL UNIT

Beautiful Hill Lots Are Fast Being Sold to Many Investors

The last unit of Oakridge—that is the announcement of the Guillemin Investment Company, 812 South Brand boulevard, today in telling of the fast passing real estate opportunity in hills in Southern Glendale.

Those beautiful hills we all have admired are quickly being sold to home builders who appreciate the scenic advantages, the oaks and eucalyptus and holly which abound on the tract which spreads over the terrain bisected by Cypress avenue and Oakridge avenue. Alta Vista and Prospect drives following the contour of the hills are other streets in the Oakridge development which are most attractive.

"Our roads now are completely graded," Frank Guillemin, senior member of the firm said today in discussing the many recent improvements made there. People are very much attracted by the view, the location and the reasonable prices we have placed on this exclusive property.

Invites Motorists

"Ornamental lighting is being carried up into the hills and Oakridge will be a place of beauty at night, looking over Glendale, Los Angeles and San Fernando valley. You can see the ocean from the crest of our tract which is so close—yet like ten miles farther back in the hinterland."

Mr. Guillemin invites motorists to drive east on Cypress street and then drive around the hillside which he is selling at once, for business is good and the last unit of Oakridge will soon be gone.

MUCH ACTIVITY AT SUNSET HILLS

Improvements Are Now Under Way; Pre-opening Sale; Invite Inspection

Nestled in the foothills west of L. C. Brand's Miradero castle is a subdivision of rare beauty—Sunset Hills.

B. A. Stiles, the owner, is personally in charge of the development of this sightly tract and he has employed Messrs. F. E. Embury and B. J. Slaght, who are opening offices at 224 South Brand boulevard, Glendale, where the subdivision will be handled.

Already street work has commenced and another week will see a steam shovel busy rounding out the broad roadways for Foothill drive, Allen avenue and Thompson avenue, the latter two well known thoroughfares.

The tract faces on Mountain street, the most exclusive skyline boulevard in Glendale, it is said, and the view afforded from all lots can be described only in superlatives.

Pre-Opening Sale

Mr. Stiles is a practical man, and he believes in letting the conservative investors in the finest residential sites see for themselves what he has to offer. He is announcing a preopening sale of the fall season, and he invites inspection of Sunset Hills on Mountain street which is reached by driving out Kenneth road or San Fernando road and thence north on Grand View to Mountain.

Live Wire Brokers Take Notice

ROSCOE CENTER LOTS IN DEMAND

Residence and Business Property Is Offered At Low Prices

Roscoe Center offers the buyer lots of 50, 60 and 70 feet frontage, four miles from Burbank and only fifteen miles from Los Angeles, at prices of from $299 to $964, according as whether they are residence or business sites, states F. J. Jacobsen, sales manager of the Jacobsen-Williams Co., Inc., 5101 West Pico boulevard, Los Angeles, developers of these choice 27 acres in the center of Roscoe, on the San Fernando road.

"All improvements are included at these prices," states Mr. Jacobsen. "Road work is already under way and other utilities will follow immediately. We are putting in real rock streets and not mere oil and gravel roadways. Everything we are doing is of a permanent character. We are building for a future at Roscoe Center that is as certain as a law of nature.

Lots Going Fast

"Already we have sold over $65,000 worth of property in this tract and the lots are going fast. There are many reasons for this. Five blocks away a new tile factory is going up. In Burbank, just south of us, many manufacturing companies are springing up. We have bus lines, railroad service, schools, as well as churches, markets and all conveniences, close at hand.

"We are, moreover, a part of the city of Los Angeles, although out of the congested district. Here, among peaceful suburban surroundings, families may bring up their children healthfully and happily, where the real outdoors of Southern California is right at hand.

"Our tract is reached by driving out San Fernando road through Burbank and four miles on, to Roscoe, where Roscoe Center will be identified by our orange and black tract office on the property. It would be a nice ride for Sunday afternoon and salesmen will be at the tract."

The Jacobsen-Williams Co., Inc., have put on a number of highly successful subdivisions and are prominent in the development of large projects.

NISLE'S NEW SIGN

Ed Nisle, 135½ South Brand boulevard, has today completed the installation of an electric sign above his clothing store and will add his quota to the brightness that illuminates the boulevard during the night.

Around a well-filled granary the mice will gather; around a bulging purse the beggars will flock.

NEW TRACT WINS MANY INVESTORS

Woodbury Heights, Open to Buyers, Gains Instant Favor, Is Report

Woodbury Heights, "a jewel set in the city's crown," is now under full swing and many sales are being registered, reports T. W. Watson, of the T. W. Watson Company, 708 East Broadway, subdividers and sales agents of the property, which is owned by Mr. and Mrs. George Woodbury, Glendale pioneers, whose estate it has been for forty years.

Located near the heart of the city, on Verdugo road, just north of Lexington drive, on rising ground that commands an excellent view of the San Fernando valley and surveys the whole of Glendale, Woodbury Heights is indeed advantageously placed.

"The sites vary from sixty to ninety feet in width and are very deep," says Mr. Watson. "Prices include all street improvements, a complete ornamental lighting system being among the developments planned. Terms are 20 per cent down and four years to pay the balance, with 10 per cent for building within one year. Restrictions are from $6,000 to $7,000.

Varied Features

"A particular feature of Woodbury Heights is the fine avocado park of nearly two acres, comprising sixty trees, to remain in the possession of the Woodbury family as a permanent asset to homebuilders in the tract. Another feature is the beautiful Woodbury home, completely modern in every respect, just completed last year, which will form a nucleus for the development to come.

"With this avocado park and the Woodbury home as a nucleus for the building up of the property, a suburb of homes will be erected at Woodbury Heights within the next few months that will be a credit not only to Glendale but to the entire Southwest.

"There is a particular charm about this tract, not to be duplicated anywhere. It breathes the romantic history of the past, when it was a part of the famous Rancho San Rafael of the Verdugo family, obtained by them in the sixteenth century as a grant from the Spanish king."

MANY YEARS IN MAIL

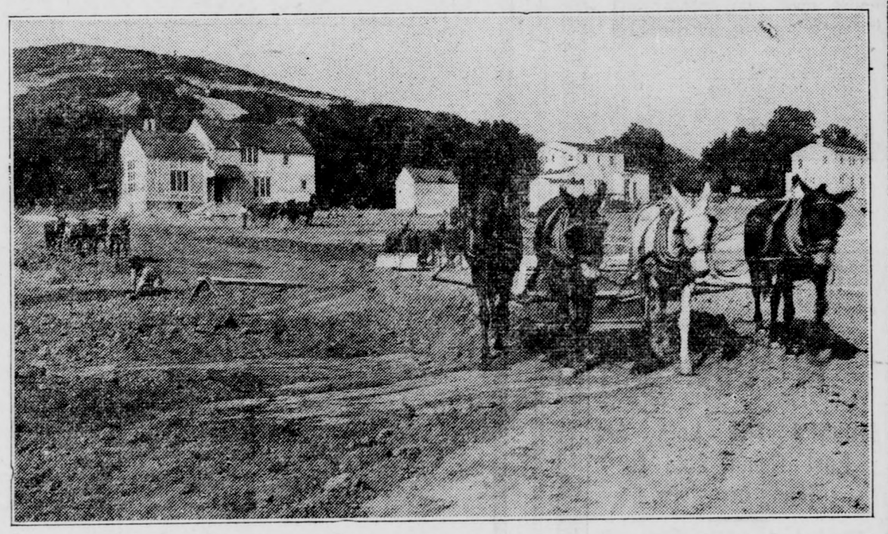
A parcel posted in 1896 was returned to the Cambridge Music hall, East London, recently. It contained contracts with Harry Champion and George Lashwood of that city, 27 years ago, for services as entertainers.

Elephant tusks are called "tusks" and frequently "teeth" by the natives, who term the real teeth "grinders."

MANY IMPROVEMENTS UNDER WAY AT BELLEHURST

Glendale Buyers Must Hurry If They Want Lots, It Is Suggested

Picture shows the city improvements being installed at Bellehurst Park by the Walter H. Leimert Company. The "clean-up" sale is now under way. First choice has been given Glendale people; now the big advertisements of the company are appearing in Los Angeles papers. Some choice lots still remain, it is annnounced.



Another view of the improvement work being done at Bellehurst park. The Walter H. Leimert Company declares that every effort is being made to have all the first-class improvements rushed to completion.

The Walter H. Leimert company report a big response to their last week's preliminary announcement to Glendale of the Bellehurst Park clean-up sale. A tremendous advertising campaign starts this week in all the Los Angeles papers, as well as in Glendale, and a swarm of outside buyers are expected on the tract tomorrow.

Many choice lots are still left—some of them in the heart of the grounds, where the old Bellehurst ranch house stood. In this favored spot the late Cameron Thom spared no effort or expense—for over fifty years he planted and cared for beautiful trees and rare shrubs—today it stands, several acres of magnificent oaks, stately palms, huge ornamental trees and innumerable shrubs, an inviting setting for the best efforts of our clever modern architects.

But Glendale people know, pointed out Leimert, that it is not only the incomparable beauty of Bellehurst Park which has created the overwhelming demand for this property, but its location in the center of Glendale—splendid transportation facilities, proximity to schools, theatres and shops, and the exceptional building restrictions which assure a residential section of the highest class.

The tremendous growth of Glendale population is centering around this favored tract—all city improvements are rapidly being rushed to completion—houses are springing up in every part of the property—Bellehurst Park has become one with the city of Glendale.

According to Lawrence Block, director of sales for the Leimert company, values in this vicinity are going higher and higher with every passing month, making Bellehurst lots, still at opening prices, a wonderful investment opportunity. He advises all Glendale people who have not yet secured their lots to do so at once before the rush of outside buyers erases the small remaining portion of the second unit from the Leimert company's maps.

MODERN METHODS RAISE STANDARDS

New Laws Advance Status Of Realty Profession, Official Claims

California real estate men, who are to meet in Sacramento October 10 to 13 for the nineteenth annual state convention of the California Real Estate Association, will hold a jubilee during the session of the convention over the successful application of modern real estate methods, which were enacted as amendments to the state real estate law at the last legislature.

With the laws now in effect results which indicate a raising of the plane of the real estate profession in California are already being observed, according to E. J. Morrissey, president of the Sacramento Realtors' Association. These results are being carefully watched by the state association and will be reported on at the convention.

Elevate Profession

"California real estate men," declared Morrissey, "have every reason to be jubilant over the real estate laws now in effect in California, for at their own suggestion the profession has been raised to a higher level in the amendments put into the state real estate law. The day of the crook and the sharper in real estate has been ended for all time by the enactment of these laws, and the buying and selling public has an absolute assurance that he will find fair dealing at the hands of every licensed real estate broker."

Fully 1,000 real estate men and their wives are expected for the coming convention, and the Sacramento Realtors' Association is preparing an elaborate program of entertainment for the visitors, most of whom will come to Sacramento in auto caravans from other parts of the state.

Realtors Advertise Membership in Board

Members of the Berkeley Realty Board have taken advantage of the prestige of being affiliated with a strong local board by carrying advertising copy containing names of all the members at the head of all want ad columns in which members' real estate want ads appear. Past State President C. C. Juster says that this kind of advertising is educating the real estate buyers of Berkeley to buy from members of the board and thus be assured of a square deal.

Cubans prefer American fountain pens to those offered by Germany at much lower prices.

Multiple Listing Is Success in Whittier

Whittier District Board of Realtors, one of the most active in the state, is making a great success with multiple listing, according to President Grover T. Russell. The multiple plan of listing has been operating for over three months.

Signs have been an unknown means of advertising in the Friendly City for many years. It has long been an unwritten agreement that signs were not to be used in that city. When the realty board was organized, the no-sign rule was made limiting signs to subdivisions of over five lots.

This board's arbitration committee has been active in handling disagreements between both brokers, and brokers and their clients. The board has recently been the means of having one broker's license revoked for unethical conduct and is co-operating with the commissioner in enforcing the new real estate amendments

COUNTY'S ZONING POWERS LIMITED

Attorney Rules Nuisance Is Only Possible Cause For Intervention

Difficulties connected with the zoning problem in unincorporated communities have been increased through the opinion rendered a few days ago by Deputy County Counsel Sterry. Mr. Sterry holds that the county has no power to establish residence, industrial, business or other zones for purely aesthetic reasons. Only in cases of buildings to be used for businesses which are or might become a nuisance or a menace to public health has the county the power to intervene, the opinion says in effect.

The opinion was given by Mr. Sterry to clear up the complications arising under the county zoning law. A similar opinion was given several weeks ago, but the County Regional Planning Commission requested a final ruling to determine definitely the county's exact powers in the matter of zoning. Mr. Sterry's opinion of this week goes into details, explaining just how far the county can go.

Regulate Business

The only zoning ordinance which could be adopted by the county would be one regulating businesses or industries which are or might become nuisances, Mr. Sterry says. In determining the validity of such an ordinance, Mr. Sterry says further, it would be necessary to apply the ordinance with reference to the facts in each case.

Establishment of zones by the county at the express request of property owners would also be invalid, the opinion continues. The great majority of cases where zone ordinances have been established in a certain district at the request of the majority of those living in the district, the opinion points out, have been followed by court suits. The courts have uniformly held that such ordinances are invalid because they are an unwarranted delegation of power by the legislative bodies. The fact that a majority of residents in the district desire such an ordinance does not affect its legality.

Adoption of a zoning ordinance is an exercise of a police power which must be justified in the attainment of some benefit to the public "health, safety, comfort and welfare," the opinion says, and such an ordinance therefore cannot be adopted for purely aesthetic reasons alone.

Gist of Opinion

The opinion is summed up as follows:

"First, the county has no power to establish residence, industrial, business or other zones for purely aesthetic reasons.

"Second, the county may prohibit in a district the erection of a building which is to be used for a business which is or might become a nuisance, or where the building itself might affect the public health, safety, comfort or welfare, and that the determination of this question is always one of fact to be decided on the circumstances in each case.

"Third, the Regional Planning Commission, acting in an advisory capacity, may make such investigations as it may deem necessary to ascertain the facts surrounding the establishment of prescribed areas either with or without the petition of property owners in any district affected."

Farmer Associations Exempt From Tax

Every fruit grower, farmer and dairyman in Southern California is affected by a ruling received from Washington yesterday by Collector of Internal Revenue Rex Goodcell, which exempts from income taxes bona fide co-operative associations which act as sales agents for farmers and provides that they shall not be required to file income tax returns.

The ruling, which amends the existing regulations, states that:

Co-operative associations, acting as sales agents for farmers fruit growers, live stock growers, dairymen, or engaged in the marketing of farm products, and turning back to the producers the proceeds of the sales of their products, less the necessary operating expenses, on the basis of the produce furnished by them, are exempt from income tax and shall not be required to file returns.

In order to be exempt, an association must establish that it has no net income for its own account, other than that reflected in a reserve, sinking fund or surplus as specifically authorized. An association acting both as a sales and a purchasing agent is exempt if as to each of its functions it meets the requirements of the statute.

Realty Board Makes Plans for Convention

(Continued from page 1)

til its tintinabulations reverberate from the Mexican line to Oregon, and from the shores of the Pacific 'way back to the mining camps of the Nevada borderland. Besides this, they have enlisted the services of a song writer and a composer, who are now beating out a combination of poesy and harmony that will sing the praises of Glendale every foot of the way north to Sacramento.

Every one who is planning to accompany the caravan is looking forward with keen anticipation to the reception that awaits them at Fresno, the first night's stop on the way. The dance that will form a part of Fresno's welcome will be excellent preparation for the grand ball that is to be given by President Frazier O. Reed at Sacramento on October 10, when all the delegates and their wives have arrived, and the Glendale realtors and their wives will form a unit of beauty and chivalry that will attract attention in any social gathering, so that the realtors from other cities will know, before the ball has been in progress very long, that Glendale is in their midst and ready to hold its end up in any kind of a frolic.

Dr. Russell Honored

The morning of Friday, October 12, will be devoted to a breakfast at which the presidents of the various boards will assemble to talk over their problems, and C. D. Thom, president of the Glendale Realty Board, has been urged to make a special effort to attend the breakfast.

Another Glendalian to be honored is Dr. Jessie A. Russell, who has been appointed by President Reed to preside at the luncheon that will be tendered to the women realtors who are in attendance at the convention.

Pressure is being brought to bear on Mayor Spencer Robinson to leave his official post at the city hall long enough to attend the convention, and if he yields Glendale can be assured of still more advertising, especially if Mayor Robinson, "Cam" Thom and "Bill" Twining are permitted to stage some of their impromptu exchanges such as enliven the meetings of the realty board when members meet around the luncheon table.

Sales Tax Payments Are Due September 30

Collector of Internal Revenue Rex Goodcell issued warning yesterday to thousands of sales tax payers in Southern California that their returns and payments of tax for August must be in his office or in the hands of his deputies in branch offices on or before September 30, to avoid penalties of 25 per cent and 5 per cent, and a specific penalty of $1,000. This class of taxpayers includes manufacturers of automobiles and parts and accessories, candy, and all other persons manufacturing taxable articles; theaters, country clubs, jewelers, manufcturers of syrups, soft drinks and carbonic acid gas, ticket brokers and telephone and telegraph companies.

Stamp Sales Reveal Business Activity

Stamp tax sales in the Southern California Internal Revenue district for the present calendar year, up to September 1, were $1,363,254.27, compared with $997,362.18 for the corresponding period of 1922, a gain of $365,992.09 or 36.7 per cent, according to a special report sent to Washington yesterday by Collector Rex Goodcell.

These stamps are used on conveyances, notes, capital stock transfers and many other kinds of business transactions, and the gain of 36.7 per cent indicates a proportionate increase in business activity.

SUNSET HILLS

"The Aristocrat of Subdivisions"

Located on the highest point of Mountain Ave., 2 blocks west of Brand's Castle.

Now Open

This tract is rightly called the Aristocrat of all Subdivisions, because it is not equalled by any other subdivision in SOUTHERN CALIFORNIA.

Why?

850 feet above sea level

which guarantees Unsurpassed Panoramic View; above the Fog and Dust; delightfully cool.

Fine paved streets

80 ft. and 60 ft. wide with 15 ft. parkings
ORNAMENTAL STREET LIGHTS

IMPORTANT TO LOT BUYERS

The street work IS NOT an indefinite promise, but will be started and completed from first payments on lots.

a fine Tract for fine Homes

BUILDING RESTRICTIONS $6000 to $10,000

High Restrictions Guarantee a High Class Neighborhood

Prices are low

Notwithstanding the unusually attractive features obtained here, the prices placed on these lots, at the start, average no higher than those asked for lots in less attractive locations.

Lots 50x180 ft. only $1600—Lots 60x180 ft. only $2200
Make Your Reservation Without Delay

SUNSET HILLS OFFICES

224 So. Brand Blvd. Glendale, Calif.

1135 Marsh-Strong Bldg. Los Angeles, Calif.

GRANDE VISTA

The Superiority of the Verdugo Foothills as Glendale's Highest Class Residential Section Is Unquestioned

Nowhere has the demand for homesites been greater, or the advance in value more consistent—and of all the offerings in this district none can surpass GRANDE VISTA, just west of Brand's Estate. Each lot commands a marvelous panoramic view of all Glendale and the Valley; each lot is advantageously situated high in the foothills. The most rigid building restrictions guarantee the high quality and desirability of all homes to be erected.

ONLY TWO MINUTES DRIVE TO SUNSET CANYON COUNTRY CLUB AND GOLF COURSE

This property is being subdivided in a de luxe manner, and any one wishing a Home Site that is the best in every way, can feel assured that by deciding on Grande Vista they will have selected a place where there will be no dissatisfaction as to surroundings.

Grande Vista is over half sold, but you still have the opportunity to secure a wonderful homesite, which is the best investment you can make—as soon as all improvements are completed your selection in this wonderful subdivision will be WORTH CONSIDERABLY MORE THAN YOU NOW PAY.

Prices—$3,000 to $20,000

Terms—20 per cent Down and 2 per cent per Month
Liberal Discount for Cash and Immediate Building

THE STREETS ARE NOW IN

Water, gas, electricity and telephones are to be installed underground, ornamental street lights to be on each side of Vista Drive, which will run to the top of the hill, where a $50,000 home is to be built. Water pressure will be maintained even at the highest point. A community tennis court and a practice golf course is being installed in the canyon—also a fountain playground for the children.

Restrictions—$7,500 to $20,000

Absolutely Insure the Quality and Desirability of All Homes

Heart and Home — Health and Happiness

Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health, with Key to the Calories"

SPIRITUALITY VS MATERIALITY

FORM LETTERS

My dear Followers:

The following rules of the column will have to be followed in asking for discussions and for material which we offer. Otherwise your letters cannot be given attention.

First: When you ask for material which we have offered, you must enclose a self-addressed and stamped envelope (s. a. s. e.) The address must include your full name, city or town, state and street number. The pamphlet on reducing and gaining is the only one for which you must also include four cents in loose stamps. Do not send money—it is too easily lost in the mails.

Second: Write legibly with pen or typewriter and not more than 200 words. If your handwriting is not clear get someone to write for you.

Third: When you ask for material to be sent, have your s. a. s. e. at least a full sized envelope. It is very difficult to stuff a whole pamphlet into a baby envelope.

Fourth: Address your letters to me in care of your paper. They will be forwarded to me at my office in New York City.

Fifth: Please sign your name as evidence of good faith. We promise that we shall not use it in any way.

Sixth: Do not ask for material to be sent you unless it is something we have offered to send inquirers. You may, however, ask me to write on any subject of general interest which I have not covered, and I will be glad to do so as soon as possible.

Seventh: Do not ask for diagnoses or for individual treatment. I could not safely give you these even if I had the time. This is the province of your personal physician.

Eighth: Allow at least three weeks to elapse before thinking your request for material has gone astray or is ignored. And allow very much longer than that for an answer to appear in the column, if it can appear there.

Ninth: Watch my answers to correspondents and articles each day for something similar to the question you want discussed, and consider yourself answered when you see that, whether your initials are appended or not. Many people ask the same question and I must answer them altogether to save time and space.

Unless all of the first seven rules are complied with your letter cannot receive any attention. I dislike to have to put all of these restrictions on you, but unless you do follow them it is going to be impossible for us to handle our mail.

If you will remember that my "Diet and Health" is a syndicated feature, appearing all over the United States and Canada and in every section of the country creating great interest, you will realize the extent of my mail. I want to be able to read all of your letters. They are an inspiration and a help to me, but I shall not be able to do it unless you follow these rules because of the tremendous number of them.

You may never see your answer under your own initials for in the column I can answer very few and I try to choose those letters by the answering of which I can help the largest number. Probably 90 per cent of our letters have to do with the question of reducing so, naturally, that subject being of the greatest interest—and, incidentally, of the greatest general importance—there will be a great deal on that subject always.

You will find I have to repeat my advice very often. But it is by repetitions that we learn, so that is desirable. I shall prepare many of my articles so that you can get them again by sending the s. a. s. e. and following the other directions. But unless I have written on a subject and have offered to send it to you, it will not be available for distribution.

Please remember that I cannot take the place of your family physician, I cannot make diagnoses for you, nor treat you personally, nor write individual diets. I appreciate very much the wonderful confidence you are showing in me, but if you think for a moment you can realize that diagnoses and personal treatment would be impossible. I can only take up in the column questions that will be of general interest to all my readers.

I feel like adding a tenth rule. It is this: Save some of your 200 words to continue telling me how much you enjoy the column and how much help you are getting from it. For that is an inspiration to me and, of course, makes my work happier.

I shall probably have to run this article just as it is once a month at least to keep the newcomers in column order and probably to remind you, too, though I hope you will help me and hasten my reply to you by remembering to observe our rules.

Tomorrow—Answers to Correspondents

My Dear Followers: When sending for material which we offer you, please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose 4 cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 250 words, and type or write them legibly with ink. Please sign your name as evidence of good faith —we will not use it in any way. Remember, it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget the s. a. s. e. if you expect me to send you the information I have offered.

Daily Fashion Hint

Prepared Especially for The Glendale Evening News

NEW IDEAS FOR SIMPLE FROCKS

Almost any member of the crepe family would obligingly serve in the development of the first frock in one of the new shades of gray. The long-waisted blouse is tucked at the shoulders, the front being embroidered with a motif in a monotone of gray. The girdle is of ribbon, tied in sash effect at the back. Medium size requires 3½ yards 40-inch material.

One simply must not attempt to go through the season without a figured silk, and here a compromise is made between a block effect and a definite pattern, since both evidently were determined to be featured. The front is bound and slashed with plain silk to correspond with the girdle and the narrow panel which shows where the skirt is parted at the front. Medium size requires 1 yard 36-inch plain and 3¼ yards 36-inch figured silk.

First Model—Pictorial Review Dress No. 1700. Sizes, 34 to 50 inches bust. Price, 45 cents. Motif No. 12820. Transfer, blue or yellow, 25 cents.

Second Model—Dress No. 1711. Sizes, 16 to 20 years, and 34 to 42 inches bust. Price, 45 cents.

Heart and Home Problems

Dear Mrs. Thompson: I am a young woman twenty-four years old, considered pretty and beloved by all for my sweet disposition. I am a church member, but don't go very much. I have two brothers. The younger one is kind to me, but the older one doesn't seem to feel any relationship. My one sister is married.

My mother is very cruel to me. She doesn't allow me to go with any boys. I only go with my older brother, and that is because he is mean to me. Every place I go I have to ask mother, and many times I am denied after asking. Sometimes I wonder if she is my real mother.

If you knew all, I am sure you would tell me to leave, but my aged father is the reason that I am at home. He is the best father in the world. I hate to leave him. I remember when I was quite small mother used to keep him away from the house so long that when he came in we children wouldn't know our own father. Now mother sends my younger brother off. I get abused because I favor father. He never says a word. He is a Christian man.

We have a neighbor living about a hundred yards away. I don't go there often because I am not allowed to. I have little education because I stopped school in the eighth grade. Mother even plans things for me to wear. I do all the washing, ironing, cooking, house cleaning and clothes mending. We have a car, but it is only used by my older brother.

My father is in ill health now. He always made a fair living for us. Now because he is sick mother wishes he were dead. I stay by and wait on him all I can. I was certainly raised without a mother's love and I just have to cry my troubles away. I don't have company, girls or boys.

Please tell me what to do, as I feel the need of your advice. Sometimes it is three months before I put my feet out of the yard. People tell me to marry out of this horris life, but I am not ready. I might make conditions worse. I am not crazy about men, but they all like me. Please tell me what is best for me to do.

UNBELOVED GIRL.

It is time for the "worm to turn." You are old enough to make your own decisions and are making a great mistake in letting your mother rule you so completely. When you want to go somewhere or do something, do it without talking the matter over with your mother. She will be very angry at first, but when she sees you are no longer her slave she will treat you with more respect. Her selfishness is inexcusable and therefore it is only just that you should look out for yourself. Since you are such a help about the house you may be sure your mother will be glad to have you stay in the home. When you want advice go to your father.

I should think that if your younger brother is old enough to work you and he could make a home for your father. Since you are so useful you could find work elsewhere and with the money you earn help your father to get away from the conditions which make him so miserable. It may be, however, that he has put up with your mother so long that he would not leave her now that the end is near.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use your full name, street number, and the name of your city and state.—The Editor.

FIVE RECIPES FOR TRANSPARENT PIE

TOMORROW'S MENU

Breakfast
Melons
Cereal
Wholewheat Griddlecakes
Coffee Sirup

Dinner
Chicken en Casserole
Mashed Potatoes
Brussels Sprouts
Lettuce, French Dressing
Coffee Transparent Pie

Supper
Stuffed Peppers
Jam Sandwiches
Cocoa Cup Cakes

Not long ago a reader of this column asked for a transparent pie recipe. Five other readers have generously responded to this request by sending me the following, all of which are different and equally delicious : .

"To Make Two Transparent Pies—Line two pie pans with pastry, then fill them with the following: Beat the yolks of four eggs and the whites of two. Cream together one cup of butter and two cups of sugar, then add this mixture to the eggs. Also add four tablespoons of thick sweet cream and flavor with one teaspoon of vanilla. Bake for forty minutes in a medium hot oven, then cover with the following meringue: Beat the remaining two egg whites stiff and add to them two tablespoons of sugar. Brown for a few moments in a moderate oven.—Mrs. C. A. D."

"Transparent Pie—Beat three eggs thoroughly, then add to them two cups of granulated sugar and one heaping cut of butter melted; beat all together in a bowl, then stand the bowl in a pan of hot water for a few moments and beat again, to blend well. Pour this filling into a deep pan lined with uncooked pastry, and bake till brown in a rather slow oven about forty-five minutes.—A Constant Reader."

"Transparent Pie Made With Molasses—Beat together the yolks of four eggs and one cup of sugar; add two-thirds of a cup of molasses and stir well. Then add one tablespoon of cornstarch mixed with one teaspoon each of ground cinnamon, cloves and allspice. Turn this mixture into a pie pan lined with uncooked pastry and bake for forty minutes in a moderate oven. Cover with meringue made of four egg whites stiffly whipped and sweetened, and return to the oven to brown. —Mrs. A. H."

"My Transparent Pie—Mix together two cups of granulated sugar and two tablespoons of either cornstarch or flour. Beat into this one-half cup of softened butter, then add the yolks of five eggs and whites of two; beat again and add three tablespoons of sweet milk and one teaspoon of vanilla. Turn the mixture into a pastry-lined crust and bake for forty minutes in a medium oven. Whip three egg whites stiff and sweeten, for meringue for top. Return to oven to brown.—Mrs. H. F."

"To Make Four Transparent Pies—Cream together one teacup of butter and one pint of sugar. Add the beaten yolks of eight eggs and one glass of apple jelly. Turn this into four pans lined with uncooked pastry and bake forty minutes in a moderate oven, using the eight egg whites for the meringue. Divide this recipe for two pies.—Mrs. C. Y."

Beauty Chats

By Edna Kent Forbes

PIMPLES

Pimples are ugly little marks that can leave permanent scars on the face if not properly handled, that require drastic internal treatment and a certain amount of external treatment as well.

The occasional pimple is nothing but a warning that something is wrong with the digesion. You should diet for two or three days, take a laxative and if this is not effective, an enema. In the very beginning of an attack of indigestion, when you know the stomach is full of undigested food, the good old fashioned method of putting a finger down the throat will not be despised. Follow this by a drink of hot water with a half teaspoonful of bicarbonate of soda, and you will avoid days of ill feeling and a crop of pimples.

Pimples are full of germs, and if they are always coming, they begin to re-infect the skin again, and they go on and on and it seems hopeless to stop them. However, diet and laxatives, and the real basis of a well, right working system, which is exercise in the open air, will do wonders. Besides this, touch every spot at night with a saturate solution of alcohol and acetanilid, which the druggist will mix for you—nothing but a small bottle of alcohol and as much acetanilid as the alcohol will take up. This dries up the spots quickly.

If there are not many pimples, touch them first with peroxide, an excellent antiseptic, prick the yellow head with a needle dipped in the peroxide, squeeze out the pimple into a wee wad of cotton, and touch again with peroxide. This is easiest to do after the face has been steamed for one or two minutes. Follow this treatment by a cold rinse. Covering the skin with zinc ointment or sulphur ointment for half an hour a day is also healing.

Anxious:—If your ankles are not as slim as you wish, do not wear high heeled shoes, nor shoes with heels that slant so they come well under the foot without giving a firm support to the heel. Such shoes make you throw the weight forward, straining the ankles so they become enlarged.

Choose a shoe that has a round toe, with a heel that is high enough to support the arch of the foot comfortably, and as broad at the base as at the top. Shoes cut like this are becoming to any foot, as they come so near to the natural lines of the feet.

Such styles are particularly attractive in pumps this year, as they have the straps over the instep, insuring more comfort and a snug fit over the heel, therefore making the ankle look much better.

Katherine:—There are better treatments for dandruff than the one you mention in which castor oil is used. Hot crude oil massaged into scalp the night before the usual shampoo makes the best oil treatment that I know of. You are mistaken about giving an oil treatment after a shampoo. The oil would go through the hair leaving it in a condition to catch all the soil in the air. A dry scalp will sometimes need a little oil, but that does not mean the hair.

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however owing to the great number received So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

With the Women of Today

Dr. Louise Stanley is the new chief of the Bureau of Home Economicss of the Department of Agriculture, Washington. She has recently arrived in Washington to take up her duties. She will have fifty employes on her staff and will be paid a salary of approximately $5,000 a year.

Dr. Stanley was formerly dean of home economics at the University of Missouri, Columbia, Missouri.

WOMAN ON STOCK EXCHANGE

For the first time in history a woman has appeared on the floor of the Amsterdam Stock Exchange. She represents an Amsterdam firm of brokers.

HEADS CONGRESS OF WORKING WOMEN

Mrs. Raymond Robins, social economist of Chicago, international president of the Women's Trade Union league and prominently identified with that organization for a number of years, went abroad recently to attend the International Congress of Working Women in Vienna. The congress was held in Schoenbrun, the former castle of the Austrian emperor.

WOMEN TO TAKE TO MECHANICS

The popular conception that the feminine mind takes no interest in things mechanical has been blasted at the Remy Electric Company of Anderson, Ind., as the result of the last "suggestion" campaign. These campaigns are for the purpose of making improvements in machinery and products, to manufacture the product more economically, to better safeguard employes from injury and to produce a better commodity.

Dr. Louise Stanley

Of the 3000 employes at the plant, 25 per cent are women. Thirty per cent of the suggestions that have been sent in and have won prizes are from women.

BEQUEATHS FORTUNE TO WOMAN'S PARTY

Mrs. E. M. Levy of Ridgewood. N. J., became interested in the National Woman's Party last year. It became known recently that she had made a new will in which she bequeathed $50,000 to the party, of which Mrs. O. H. P. Belmont is chairman and Miss Alice Paul vice-chairman.

SUFFERED FIVE YEARS FROM KIDNEYS

"I suffered with kidney trouble for five years or more. I could not sleep at night and I was always tired after coming home from work, and my back ached," writes John R. Gordon, Danville, Ill. "I secured some FOLEY KIDNEY PILLS and after a few treatments I felt better and could work with more ease, became stronger and could sleep better." For quick relief from Backache, Rheumatic pains, and Kidney and Bladder trouble use FOLEY KIDNEY PILLS.

Enter Laundry Man!
Exit Hard Work, Worry and Drudgery

There is no time like the present to show these three the door. When our man calls, hard work, worry and drudgery, the handmaids of wash day, must go. It is a happy change.

Perhaps you'll be surprised to find the fine work our modern laundry does—often better than the old hand washing. Try us.

Beautiful Bellehurst Park

80 Marvelous Lots on Sale Today

Glendale, you'll have to hurry! This is the last chance to buy Bellehurst Park lots ahead of the tremendous crowd of outside buyers coming here tomorrow.

Only by quick work TODAY or early tomorrow morning will it be possible for you to get first choice of the remaining fine, elevated, tree-clad homesites in this magnificent tract.

For yesterday the great Bellehurst Park advertising campaign began in all the big Los Angeles papers, reaching half a million people with the news of this great sale.

Today and tomorrow, full page ads like this will carry the message far and wide of the last great opportunity to get lots here in the EXACT GEOGRAPHICAL CENTER of this marvelous city at OPENING PRICES.

Don't let outsiders grab the cream, GET SOME YOURSELF. You know this great tract—you know the miraculous growth of Glendale—you know the tremendous money-making sweep of rising values that is here now and that is SURE TO CONTINUE for a long time to come.

No matter how many times you have visited this property—no matter what your previous opinion may have been, COME OUT TODAY and make a complete investigation of the tremendous opportunities OFFERED FOR THE LAST TIME NOW.

Many people have naturally thought that Bellehurst Park was all gone. That is a mistake. There are 80 marvelous lots left to choose from as this ad is written. Some of these will be gone before you get there, but there will still be a choice one for you IF YOU HURRY.

Brief Facts About Bellehurst

City Improvements—Are all rapidly nearing completion.

Restrictions — Guarantee its future as a high class residence section.

Prices—Way below surrounding values.

Terms—Within the reach of all.

BELLEHURST PARK
in the center of Glendale

BY AUTOMOBILE DRIVE OUT LOS FELIZ

Glendale Boulevard, San Fernnado Road or Colorado Boulevard until you reach Glendale's principal street, Brand Boulevard. Then turn north (toward the mountains) on BRAND BOULEVARD and continue through Glendale's business district to Mountain Street, then three short blocks to the right to Bellehurst Park.

BY PACIFIC ELECTRIC—Take FRANT CAR of GLENDALE LINE TRAINS, anywhere on 6th Street between Main and Figueroa. Get off at Mountain Street in Glendale and walk three short blocks East.
